

INTRODUCTION

Montana's Community Development Block Grant (CDBG) Program is a federally funded statewide competitive grant program designed to help communities with populations of less than 50,000 with their greatest community development needs. The program was established with the Federal Housing and Community Development Act of 1974. All projects assisted with CDBG funds must principally benefit low and moderate-income (LMI) persons. The basic categories for local community development projects are:

- Economic Development
- Housing
- Public Facilities

The Montana Department of Commerce (MDOC) administers the program in coordination with the U.S. Department of Housing and Urban Development (HUD). The Community Development Block Grant - Economic Development (CDBG-ED) Program is administered by the MDOC, Business Resources Division. The housing and public facilities categories are administered by the MDOC, Community Development Division. Potential applicants are encouraged to contact the MDOC to discuss their proposed project with CDBG-ED Staff or an MDOC Regional Development Officer (RDO). CDBG-ED staff can direct you to the RDO for your area. An RDO must be consulted during the preparation of an application.

I. 2008 CDBG ECONOMIC DEVELOPMENT PROGRAM

The Community Development Block Grant–Economic Development (CDBG-ED) Program receives about one-third of the approximately \$6.9 million in federally allocated funds given annually to the State of Montana from the US Department of Housing and Urban Development. Eligible applicants are local governments that lend these funds to for-profit businesses agreeing to create jobs for low and moderate-income persons. Applications are accepted on a continuous basis as long as funding is available for each program year. The **maximum funding amount is \$400,000 per local government in a program year.** Communities can reapply for funding throughout the program year until they have reached the maximum. Businesses must prepare a business plan and meet required thresholds, including providing a 1:1 dollar match. Project applications are reviewed by MDOC staff and a loan review committee that make recommendations to the Director, who delivers a final funding decision.

All local governments must show a coordinated effort with the Certified Regional Development Corporation (CRDC) in their area. A copy of a resolution passed by a CRDC's Board of Directors showing support for the proposed project and application must be included in each application for CDBG-ED assistance. If a local government is not able to provide this, it must include an explanation why one is not included.

→ Potential applicants are encouraged to contact the MDOC to discuss their proposed project with CDBG-ED Staff or an MDOC Regional Development Officer (RDO). CDBG-ED staff can direct you to the RDO for your area. An RDO must be consulted during the preparation of an application.

EDA/CDBG RLF - The State also administers a revolving loan fund (RLF) from the federal Economic Development Administration (EDA). Please contact CDBG-ED staff for availability of EDA/CDBG RLF funding and application requirements. MDOC staff will work with potential applicants for EDA/CDBG RLF funding and determine which sections of the CDBG-ED application guidelines are applicable to their proposals.

Funding Amounts

The following table summarizes the estimated amount of state funding and proposed distribution of CDBG funds for 2008.

Total FFY 2008 State CDBG Allocation	\$6,743,772
Less CDBG Funds For State Program Administration	\$ 302,313
<u>Amount Available For Award to Local Governments</u>	\$6,441,459
2/3 Allocation for Housing and Public Facilities Projects	\$4,294,306
<i>1/3 Allocation for Economic Development Projects</i>	\$2,147,153

Application Deadlines

Applications will be accepted on an open-cycle basis, after the Department receives HUD's notification of funding-usually in April, until all available funds set aside for the FY 2008 CDBG-ED category are committed to approved projects.

Purpose

The CDBG-ED Program is designed to stimulate economic development activity by assisting the private sector to create or retain jobs for low and moderate-income persons primarily through loans to businesses. CDBG-ED funding is also available to companies for employee training.

The program is designed to assist businesses by making fixed-rate financing available to them at reasonable interest rates, given the risk of the project, and to provide public improvements in support of economic development activities. An appropriate interest rate would include competitive market rates or a risk-based interest rate.

It is the intention that CDBG-ED funds be used when a funding gap exists, and alternative sources of public and private financing are not adequate. CDBG-ED provides flexibility in interest rates and loan terms to complement conventional business financing and other federal business financing programs. CDBG-ED funding can provide payment deferments, lower payments in the first year, and interest-only payments. The program is also designed to complement the MDOC financing programs administered by the Business Resources Division and the Montana Board of Investments.

A. ELIGIBLE ACTIVITIES

NOTE: Communication with CDBG-ED staff and RDO's during the onset of project planning helps ensure a complete application for an eligible activity that meets program requirements. Please contact CDBG-ED staff and RDO's for guidance and clarification on program requirements.

→ **When reviewing applications and determining funding awards, the Department will place high priority for proposals with job creation, expansions, and training programs**

1. Loans to Businesses

Typical eligible activities for assistance to businesses include: land acquisition; public facilities and other improvements in support of economic development, such as water and sewer lines, and access roads; and also loans for acquisition, construction, rehabilitation, or installation of commercial and industrial buildings, facilities, equipment, or working capital. (Grants to for-profit businesses are not eligible with the exception of customized employee training – see A.4. below)

The Montana CDBG-ED program has limited financial resources. Therefore, the program places highest priority on projects that will have the greatest potential for creating permanent and year-round employment opportunities for low and moderate-income Montanans and that provide other long-term economic benefits to Montana's communities.

In addition, an important consideration for local governments contemplating a CDBG-ED application is to examine whether they would be helping a business that would directly or indirectly compete with other local businesses. The decision to submit an application in this situation is principally a local one. The Department will consider local comments from public hearings; particularly concerns expressed by local business interests.

The CDBG-ED funds cannot be used as a direct financial incentive to relocate a business from one Montana community to another. The purpose of the CDBG-ED program is to create jobs, but not if assistance will result in other jobs being lost in a community or region. Under federal anti-pirating statutes, CDBG-ED funding cannot be used to assist directly in the relocation of any industrial or commercial plant, facility, or operation, from one area to another, if the relocation is likely to result in a significant loss of employment in the labor market area from which the relocation occurs. "Significant" is defined in the federal proposed "anti-pirating" rules.

The Department will consider situations on a case-by-case basis where businesses have made prior commitments to move their facility or operations to a specific new site three months prior to submittal of the CDBG-ED application. All relevant factors, such as written agreements, will be reviewed to determine if any extenuating circumstances exist to support the need for new operations at a different location.

Repayments from CDBG-ED Loans

The Legislature instituted a Certified Regional Development Corporation (CRDC) Program in order to look at economic development from a regional perspective. Over the last two years, the Montana Department of Commerce has been strongly advising applicants to designate their respective CRDC as revolving loan fund manager. The CRDC should be responsible for management of repayments of CDBG-ED loans through the CRDC's revolving loan fund. This way relending activities would be available to the entire region

covered by the CRDC, would be available to all eligible businesses in the region, and would more likely be used in priority economic development projects. The Department continues to strongly encourage this partnership to manage CDBG-ED and other economic development revolving loan funds.

There may be circumstances where it is appropriate to allow a local government to manage its revolving loan fund, or contract with another entity for management. The Department will evaluate this on a case-by-case basis, and may provide an exception to CRDC revolving loan fund management, providing there is adequate and compelling rationale to grant an exception.

For more information on CRDC's, please view the following website:
http://businessresources.mt.gov/BRD_CRDC.asp

2. Technical Assistance Grants

The Department has set-aside approximately **\$210,000** for economic development planning, capacity building, and technical assistance grants. The Department intends to use the set-aside for activities similar to those funded in recent years, but will establish specific application policies by May 2008. The policies will specify funding priorities, application procedures, and amounts available at that time for each sub-category. Establishing policies in May will provide flexibility to address specific needs identified at the time federal funding becomes available for the CDBG-ED program. Funds not utilized for this category may be used for regular CDBG-ED projects.

3. Business Infrastructure Projects

CDBG-ED funds may be used to build or improve infrastructure such as structures, water, sewer, streets or sidewalks in support of businesses. Applications that propose public improvements as assistance to businesses will be accepted by the Department and reviewed with similar procedures as for loans to for-profit businesses. The application must include a complete business plan and financial package for each business assisted. A "financing gap" must be identified and documented in the financial package submitted with the application. The application must demonstrate that other funds, including private funds from the business, are insufficient to complete the project without CDBG-ED participation. Business infrastructure applications must meet the same threshold requirements, demonstrate viability, include a hiring and training plan for each business assisted, and meet all other requirements contained in these guidelines.

GRANT ASSISTANCE AGREEMENTS - All CDBG-ED awards will require either a loan document, and/or a grant assistance agreement between the assisted business and local government. Infrastructure grants will require a grant assistance agreement with a security clause and payback provisions. Please see Appendix U for suggested format.

- **Infrastructure projects** - applications for infrastructure must have completed a preliminary engineering report (PER) to determine scope of project and estimate of

construction costs. See *Appendix V* for a PER outline to ensure engineering reports meet the minimum requirements.

- **Building construction** - applications for construction involving buildings must have completed a preliminary architectural report (PAR) to determine scope of project, suitability of location chosen, and estimate of construction costs. See *Appendix W* for a PAR outline to ensure architectural reports meet the minimum requirements.

→ **Contact the Department for information on applying for a CDBG-ED planning grant to help fund preliminary engineering or architectural reports and reporting requirements.**

All jobs created or retained by all businesses that locate or expand as a result of the public improvement must be aggregated and tracked for one (1) year from the physical completion of the public facility and/or improvement. When the CDBG-ED cost per FTE job is \$10,000 or more, all jobs created or retained as a result of the project's impact on businesses in the service area must be aggregated to meet the national objective of benefiting low and moderate-income persons.

At least 51% of non-administrative funds received by a local government must demonstrate benefit to qualified low and moderate-income persons. All jobs created from all businesses assisted must be counted toward the 51% benefit to low and moderate-income threshold. Before submitting the application, the local government must assess current and prospective businesses that will benefit from the project.

4. Customized Training for Employees

Employee training is an eligible, stand-alone project activity allowing up to a maximum of \$400,000 in grant funding per local government in a program year for new and expanding businesses that are creating additional jobs. The intent of this funding activity is to assist businesses in providing needed skills and better-paying jobs for their workers. The goal is to facilitate the growth of companies in Montana, increase wages for trained workers, increase employee productivity, and assist in the skill development of employees. Preference will be given to training that focuses on developing transferable skills in emerging industries such as information and advanced technology, health services, value-added agriculture and communications. Funding may also be distributed to a qualified educational or nonprofit training entity that provides job training targeted to developing specific employee skills needed by an aggregate of companies.

Local governments are encouraged to apply for job training grants from the Worker's Training Grant Program (WTG) or Workforce Innovation in Regional Economic Development (WIRED) for new employee training needs unless there are circumstances that would warrant only an application for CDBG-ED funding. CDBG-ED funds can be applied for to address training expenses for existing (incumbent) employees. For more information on the WTG or WIRED programs, contact Nancy Guccione at 841-2744 or by email at nguccione@mt.gov.

Training grants will require a grant assistance agreement with security clause and payback provisions. Please see Appendix U for suggested format.

Conditions:

- Grant funding for employee training may be applied for in addition to a CDBG-ED loan for new and expanding businesses under one project, up to a maximum of **\$400,000** per business.
- The maximum grant amount to a for-profit business or non-profit organization for each employee trained is **\$5,000**.
- The maximum grant amount to a for-profit business or non-profit organization that hires and trains a disabled employee is **\$7,500**.
- At the end of the training period, employees must be paid a compensation package in salary and benefits that meets at least the lower of either the county's average hourly wage, or the State's average hourly wage. Average wage rates are determined by the Montana Department of Labor. Contact CDBG-ED staff for the most currently used wage table.
- The maximum funding amount would still be **\$400,000** per local government applicant in a program year when combining a CDBG-ED loan with grant-funded employee training to one business.
- A **1:1 match** is still required even if the application is only for employee training.
- **Compensation for related training expenses will not be allowed until employees have completed their training and probationary periods and are being paid the minimum wage requirement. Local governments must document matching funds as per the budget attached to the contract between the MDOC and local government.**

The MDOC Loan Review Committee will evaluate each proposal on a case-by-case basis. The funding decision will be based on the level of benefit and impact to low and moderate-income individuals that includes: the type and quality of jobs created; the kind of training offered; opportunities for advancement, and job benefits. The applicant must submit to MDOC a detailed hiring and training plan following the requirements listed in Chapter III, Parts B. and C., Hiring and Training Plan and Hiring and Training Plans for Customized Training. Applicants must demonstrate a compelling case for funding to the loan review committee by addressing the specific elements in their hiring and training plans.

5. Section 108 Loan Guarantee Program

HUD Section 108 Loan Guarantees are available under exceptional circumstances. These loans will be available subject to the analysis and discretion of the MDOC Loan Review Committee.

NOTE: *The Department reserves the right to utilize uncommitted CDBG-ED funds for any eligible program activity as described in these guidelines.*

B. INELIGIBLE ACTIVITIES

The following activities would not provide sufficient public benefit and would not be approved for assistance with CDBG-ED funds. Activities may not consist of or include any of the following:

1. Assisting a business to create or retain jobs that would cost more than \$25,000 in CDBG-ED funds per job. The total amount of non-administrative CDBG-ED funds requested must not exceed \$25,000 for each job created or retained by the business or economic development loan; or no more than \$35,000 for each job created for a project that qualifies as area-wide benefit (applicants must contact CDBG-ED staff to determine whether or not their proposal meets the definition of an area-wide benefit project). This is determined by dividing the total number of permanent full-time or full-time equivalent jobs to be directly created or retained by the assisted business into the total amount of the non-administrative CDBG-ED funds requested.

The maximum amount of non-administrative CDBG-ED funds per job for a customized employee training grant is \$5,000;

- 2. General promotion of the community as a whole;**
- 3. Assistance to professional sports teams;**
- 4. Assistance to privately owned recreational facilities that serve predominantly a higher-income clientele, where the recreational benefit to users or members clearly outweighs employment or other benefits to LMI persons;**
- 5. Acquisition of land for which the specific proposed use has not yet been identified;**
- 6. Assistance to businesses such as hotels, motels and retail operations will generally be considered an ineligible activity, except under mitigating circumstances, because of the lower quality of jobs and the high likelihood of competition with existing local businesses. Projects may be eligible where certain mitigating circumstances exist and support by other competing local businesses can be documented; i.e., a grocery store in a small town in a sparsely populated area where there is no other competition;**

→ **Contact the CDBG-ED program staff for questions regarding the eligibility of a proposed activity before submitting an application to the Department.**

C. ELIGIBLE APPLICANTS

Eligible applicants are limited to general-purpose local governments: counties, incorporated cities and towns, and consolidated city-county governments. Among municipalities, Billings, Great Falls and Missoula (“entitlement communities”), are ineligible to apply to the State CDBG Program because they receive CDBG funds from a separate HUD allocation for communities with populations over 50,000.

- **Counties that contain an entitlement community may not apply for funding for a county project that would primarily benefit residents within their entitlement communities.**

Montana's Indian tribal governments also receive CDBG funds from a separate HUD CDBG program (Indian CDBG) and are not eligible to apply to the State program.

Businesses and special purpose agencies such as local development corporations are not eligible to apply directly to the Department however, they may be involved in implementing and administering a program by sub-recipient agreement, if the eligible applicant agrees to such an arrangement. (See **Appendix L** for *Sample Sub-Recipient Agreement*, and also **Appendix K** for the MDOC’s procurement of professional services policy.)

→ **Local governments or subrecipients that are currently administering one or more CDBG-ED projects will not be eligible to reapply unless:**

- **The MDOC determines that current or previously funded CDBG-ED projects are being administered in an acceptable manner, and there are no outstanding findings from audit reports; and**
- **Current or previously funded CDBG-ED projects are consistent with project implementation schedules contained in corresponding CDBG–ED contracts with the Department.**

Consolidated city-county governments will be considered as two separate jurisdictions, one, the city jurisdiction and two, the unincorporated jurisdiction of the county. For application purposes, the city and county boundaries as delineated on the date of consolidation will define the jurisdiction of each.

1. County Applications

For proposed projects that are located within the unincorporated jurisdiction of a county, the county governing body is the eligible applicant. A county may apply for a project that will include activities within the jurisdiction of an incorporated city or town if the proposed

activity is intended to serve all county residents, including those in the unincorporated jurisdiction of the county. Federal requirements prevent the State CDBG Program from granting funds to Yellowstone, Cascade and Missoula Counties for projects located within Billings, Great Falls and Missoula city boundaries, or for projects in those counties that would primarily benefit residents of entitlement cities.

To improve cost-effectiveness for project administration, a county may apply for a grant for a project that would address the same economic development need in two or more separate unincorporated communities as long as the grant request is under the established ceiling. If considering such a project, the county applying would want to be sure that the involved communities have an equally high level of need and that the proposed response is equally appropriate and would achieve comparable impact on the needs of each community.

2. Municipal Applications

For proposed economic development projects that will serve residents within the jurisdiction of an incorporated city or town, the city or town governing body is the eligible applicant. A municipality may apply for a project that would include an activity to be located outside its city limits if the proposed activity will principally benefit residents within the city's jurisdiction.

A municipality may also apply for a project activity that is located outside the jurisdiction of the county in which that city or town is located if the proposed activity will benefit the residents of the city or town and further the applicant's community development objectives. Contact the CDBG-ED program staff for guidance before submitting an application.

3. Joint Applications

In situations where two or more eligible local governments face a common community development problem, a joint application may be submitted under the following conditions:

- a.** The problem to be addressed lies in an area of contiguous jurisdictions;
- b.** The solution to the common problem clearly requires cooperative action and is the most efficient strategy; and
- c.** The local governments involved have contacted the MDOC and received prior approval of such an arrangement before submission of an application. Requests for approval must be submitted at least 30 days prior to the submittal date for the application.

The eligible local governments involved must each meet the requirements for all applicants. One local government must be designated as the lead applicant and accept full responsibility for application submission, grant administration and financial management, should the full application be awarded funds.

In addition to the Resolution to Authorize Application signed by **each applicant**, multi-jurisdictional applications must contain a resolution (**Appendix H**) from each participating

local government authorizing its participation. Once the application is approved, each participating local government must sign a final interlocal agreement (Appendix R), in accordance with the Montana Interlocal Cooperation Act (Sections 7-11-101 through 108, MCA), before a release of CDBG-ED funds can be granted. The agreement must identify the responsibilities and obligations of the cooperating local governments, including long-term operation and maintenance, if applicable. Contact CDBG-ED staff for assistance in preparing an inter-local agreement.

D. MAXIMUM GRANT AMOUNT

The ceiling for each business assistance economic development grant request is \$400,000. Although there is no minimum grant request, the Department does not encourage applications requesting less than \$100,000 in CDBG-ED funds, including administrative costs. Administrative costs for grantees and the state are generally not proportionate to the total grant amount requested and, therefore, can be excessive for projects of less than \$100,000. All administrative functions must be performed for all grants, regardless of size. Grants of less than \$100,000 may require that the applicant pay for most of the administration costs with local funds.

Applicants should consult the Department when considering administration costs. The level of difficulty in managing CDBG-ED projects varies considerably depending on the type of project and requirements triggered for each. **Administrative costs are limited to 8% of the total CDBG grant award.**

For example, a total grant award of \$400,000 could request up to a maximum of \$32,000(8%) in grant funds for project administration, and \$368,000 (92%) for activities (such as a business loan).

Another example, a total grant award of \$250,000 could request up to a maximum of \$20,000 (8%) in grant funds for administration, and \$230,000 (92%) for activities.

►NOTE: Local governments may apply more than once in a program year for economic development funds, and may be eligible to receive up to a maximum of \$400,000 in a program year for economic development projects. A program year is the period of April 1 through March 31 the following year (for example, April 1, 2007 – March 31, 2008).

In addition, all eligible applicants may also apply for public facility and housing projects in the spring and fall CDBG Public Facilities and Housing competitions, even if they have already received the \$400,000 limit for economic development projects. Please check with the CDBG Public Facilities and Housing program for its application requirements.

II. GENERAL APPLICATION REQUIREMENTS

NOTE: Requirements for CDBG-ED applications are described in Chapters II (*General Application Requirements*), and III (*Business Application Requirements*). *This section is intended to be a checklist for all stages of application preparation, and may or may not include every item necessary to compile a complete funding application.*

A. PRELIMINARY STEPS

<u>IN PROCESS</u>	<u>COMPLETED</u>	<u>N/A</u>	<u>ACTION</u>
			1. Business approaches the local government, local development corporation, or some other entity, with a proposal.
			2. Local Government and/or local development corporation and business consult with its Regional Development Officer (RDO) to see if the proposal is a good fit for the CDBG-ED program. Does the project meet CDBG-ED business thresholds? <i>See Introduction for list of RDO's. See Chapter I for general requirements.</i>
			3. Minimum 1:1 match. <i>See Chapter II, Matching Funds.</i>
			4. Cost per job created or retained: <i>See Chapters I and II.</i>
			a. No more than \$25,000 of activity funds per job created or retained for loans,
			b. No more than \$35,000 of activity funds per job created or retained in an area that has a population of at least 51% low and moderate income persons,
			c. No more than \$5,000 per employee trained under Customized Training for Employees.
			d. No more than \$7,500 per disabled employee trained under Customized Training for Employees.
			5. Business can show minimum 51% benefit to LMI (<i>See Chapter II, Benefit to Low and Moderate-Income Persons.</i>
			6. Business drafts a Hiring and Training Plan for RDO's review <i>See Guidelines, Chapter III, Hiring and Training Plan</i>

<u>IN PROCESS</u>	<u>COMPLETED</u>	<u>N/A</u>	<u>ACTION</u>
			7. RDO and business owner make preliminary review of financials. <i>See Chapter III, Business Plan</i>
			8. The assisted business secures matching funds with commitments. <i>See Chapter I, Matching Funds.</i>
			9. RDO and business owner discuss expected timeline for business owner's need for money.
			10. If business does not have a D-U-N-S number, it registers for one. <i>See Chapter III, D-U-N-S Numbers.</i>
			11. Business reviews US Census Bureau's NAICS codes for proper business classification. <i>See Chapter III, NAICS Codes.</i>
			12. For infrastructure projects: a. Preliminary architecture or engineering report has been completed and costs are estimated. <i>See Chapter I, Business Infrastructure Projects, Appendix V and Appendix W.</i>
			b. If the local government desires to hire an architect or engineer, it has to demonstrate that services were procured in accordance with state law and MDOC procurement policy. <i>See Appendix K.</i>
			12. Local government and assisted business contact the area's Certified Regional Development Corporation (CRDC) and discuss intentions to apply for CDBG-ED funds. All applications must have either 1) a copy of a resolution passed by the CRDC's Board of Directors showing support for the CDBG-ED application, or 2) an explanation as to why the resolution is not submitted.

- **If the proposal is determined to be a good fit for the CDBG-ED program, then the Local Government initiates the CDBG-ED application process.**

B. APPLICATION PROCESS

<u>IN PROCESS</u>	<u>COMPLETED</u>	<u>N/A</u>	<u>ACTION</u>
			<p>1. An RDO must be consulted during the preparation of the application. Applications will be reviewed and analyzed by staff on a "first come, first served" basis, as determined by the date the full application is found to be complete by the Department. CDBG-ED staff and RDO's will work closely with applicants during the review process to negotiate any changes and resolve issues identified during the review. Staff may consult with the contact persons from the business and the applicant community during initial review.</p> <p>The application is considered complete when all requirements have been met, the initial financial review indicates that the project has the potential to be financially feasible, and the project is properly structured. At that point the RDO will prepare a report for the MDOC Loan Review Committee to be submitted along with the application.</p>
			<p>2. Local Government conducts a needs assessment in accordance with CDBG-ED guidelines, or provides detailed information on a recently completed assessment that addresses housing, infrastructure, and economic development. Contact CDBG-ED staff for a copy of <i>"The Community Needs Assessment Process."</i> See <i>Guidelines, Chapter II, Citizen Participation, and Appendix I.</i></p>
			<p>3. Local Government holds <u>first</u> public hearing – may occur before business comes forward: See <i>Guidelines, Chapter II. Also see Appendix I.</i></p> <p>a. Held not more than <u>12 months before</u> submitting application.</p>
			<p>b. Provides general description of CDBG and other funding programs – purpose, uses, funds available, application deadlines, status of commitment, etc.</p>
			<p>c. Elicits public comment on community's needs assessment.</p>
			<p>d. Solicits for businesses that may be interested in applying for a CDBG-ED loan.</p>
			<p>4. Local Government holds <u>second</u> public hearing: See <i>Guidelines, Chapter II, Citizen Participation. Also see Appendix I.</i></p> <p>a. Held not more than <u>2 months before</u> the date of the application.</p>
			<p>b. Gives citizens and potential beneficiaries adequate opportunity to review and comment on the proposed application before it is submitted.</p>

<u>IN PROCESS</u>	<u>COMPLETED</u>	<u>N/A</u>	<u>ACTION</u>
			5. The assisted business finalizes matching funds and commitments.
			6. The assisted business secures buy/sell agreement, if applicable. <i>See Chapter II, Acquisition.</i>
			7. The assisted business conducts income surveys and racial category forms for retained positions. <i>See Chapter II, Benefit to Low and Moderate-Income Persons, and Appendix S.</i>
			8. Each local government's CDBG-ED application needs to review and/or complete the following, required appendices; and document that required application areas as described in Chapters II and III are addressed. Having these appendices appear in the order in which they are listed will expedite the review process: a. Complete Appendix A , <i>Montana Department of Commerce Economic Development Project Application Form</i>
			b. Appendix B – Complete the <i>Local Government and Business Application Certification</i> form
			c. Appendix C – Review and sign the Acceptance of CDBG Program Requirements (<i>Certifications for Application</i>)
			d. Appendix D – Identify <u>and provide a description</u> on how the proposal addresses at least one of the <i>State Objectives for the Montana Department of Commerce, Community Development Block Grant Program</i>
			e. Appendix E – Complete the <i>Full Environmental Checklist for CDBG-ED Applications</i> , AND provide sources used for information.
			f. Appendix F – Review the <i>Percent Low to Moderate Income (LMI) for Montana Counties, Cities, and Places (1990 Census)</i> – for area-wide projects. Contact program staff for eligibility.
			g. Appendix G – Review the <i>CDBG Technical Assistance Publications</i> , and contact the MDOC for copies of any publications needed.
			h. Appendix H – Pass a <i>Resolution to Authorize Application</i> . One for each local government making the application.
			i. Appendix I – Review <i>Public Hearing Procedure</i> and <i>Sample Formats for Public Hearing Announcements</i> .
			j. Appendix J – Review <i>Revolving Loan Fund Plan Sample</i> , and draft a plan for submittal.

<u>IN PROCESS</u>	<u>COMPLETED</u>	<u>N/A</u>	<u>ACTION</u>
			k. Appendix K – Review the Department's <i>Procurement Policy</i> .
			l. Appendix L - Draft <i>Sub-Recipient Agreement</i> (or equivalent) if utilizing a local development organization.
			m. Appendix M – Draft a <i>Management Plan</i> .
			n. Appendix N – Complete a <i>Sources/Uses Form and Pro-Forma Balance Sheet</i> (or equivalent) – AND provide narrative on each funding source: status of commitment, availability, etc.
			o. Appendix O – Draft a <i>Hiring and Training Plan</i> – (or equivalent).
			p. Appendix P – Complete an <i>Implementation Schedule</i> .
			q. Appendix Q – Complete a <i>Confidentiality Agreement and Affidavit</i> .

C. DECISION AND FUNDING AWARD

Applications that are received and accepted as complete, and have received staff analyses and recommendations, will be submitted to the MDOC Loan Review Committee at the earliest available time after the financial analysis is finished. Applications will be reviewed by the MDOC Loan Review Committee in the order in which they are submitted as complete applications to the Department. However, when more than one application is submitted to the Department in the same loan review cycle, they will be considered submitted simultaneously and will be reviewed and/or funded in the order of the dates on which the applications were determined to be complete.

The Committee will make a recommendation to the Director, who will make the final decision on project awards. A letter of tentative award will be sent to the applicant stating the funding amount, interest rate and term, and any conditions that apply. The date of the funding decision by the MDOC Loan Review Committee will be the date entered on the CDBG-ED contract as the date of funding award. Projects must be completed within two (2) years from date of award in accordance with the project implementation schedule, Exhibit P. If the Director revises the recommendation by the MDOC Loan Review Committee, the Director will prepare a written finding, consistent with the criteria established in these application guidelines, describing the rationale upon which the alternative decision was made.

➤ Applicants should also be aware that in most cases, it may take two (2) months or more before any funds will actually be disbursed to the business after the decision to award a grant has been made. This delay occurs because several activities must take place before funds can be released (start-up conditions). For example, the contract between the grantee and Department must be prepared, the grantee must conduct a review of environmental factors, and all the details for assuring proper management of the project and expenditure of federal funds must be finalized. Each award recipient will be given a list of start-up activities that need to be completed in order to receive a release of CDBG-ED funding.

➤ **It is absolutely essential that the applicant and the assisted business not incur costs or obligate funds, which are intended to be reimbursed with CDBG-ED funds prior to the date that all contract start-up conditions, including signing the loan agreement, are satisfied by the grantee and approved in writing by the MDOC. Administration costs may be incurred as of the date of the tentative funding award.**

It should be clear that expenses incurred by the grant recipient or the assisted business, are incurred at their own risk. Until a formal release of funds is awarded by the MDOC, no activity costs will be considered reimbursable until the MDOC has given the grant recipient this release, and costs are within the period of time designated by the MDOC for eligible activities.

→ Preference for funding will be given to applications submitted from CRDC areas that include a resolution from the CRDC's Board of Directors showing support for the CDBG-ED application.

D. AREAS TO BE ADDRESSED WITH NARRATIVE IN EACH APPLICATION

1. Community Development Needs Assessment

The Housing and Community Development Act requires that each CDBG-ED recipient "identify its community development and housing needs, including the needs of low and moderate-income persons, and the activities to be undertaken to meet such needs."

Each applicant must include a brief description of its needs that, at minimum, summarizes:

a. The process used to identify community development needs and establish priorities and objectives, including efforts to encourage meaningful participation of local citizens, particularly those of low and moderate-income.

b. The applicant's short-term and long-term community development needs in:

- economic development,
- housing and neighborhood revitalization, and
- public facilities,

including the needs of low and moderate-income persons, and its priorities for responding to the needs.

c. The planned activities to be undertaken to meet the identified needs.

d. The alternative projects considered for CDBG-ED funding and the rationale for selecting the proposed project(s).

The needs assessment process does not have to be conducted annually for applicants reapplying for CDBG-ED funds if a previously prepared needs assessment still accurately reflects existing conditions and community development objectives and meets the requirements set out above. If an existing needs assessment will be used as the basis for reapplication, the applicant should solicit public comments on the previously identified community needs and priorities at one or more of the two public hearings required.

For further information on alternative methods of preparing needs assessments, applicants can request a copy of the Department's publication, *The Community Needs Assessment Process*.

2. Citizen Participation

The Housing and Community Development Act requires the MDOC to adopt “a detailed Citizen Participation Plan.” In order to receive CDBG-ED funds, both the Department and applicants for grants must certify that they are carrying out citizen participation in a manner that complies with this plan.

Applicants must provide citizens, especially LMI residents, adequate notice and opportunity for meaningful involvement in the planning and development of CDBG-ED applications.

At a minimum, the applicant must hold two public hearings prior to passage of a resolution by the governing body authorizing the submission of the full application. The public hearings may be conducted either as part of a regularly scheduled meeting of the governing body or as a hearing convened especially for CDBG-ED purposes.

For each public hearing the applicant must submit a copy of the public hearing notice, affidavit of publication, minutes from the hearing, and attendance list. (See **Appendix I** for public hearing procedure example, and sample formats for announcements for public hearings.)

First Public Hearing

The purpose of the first public hearing is two fold:

- To inform citizens about the CDBG-ED program, the amount of funds available, how the funds may be used, the range of activities eligible for funding and other general program requirements, and
- To solicit public comment, particularly from low and moderate-income people, on the community needs assessment results, which include, community needs and priorities for economic development, housing and public facilities, including the needs of low and moderate-income persons. In considering the needs of LMI persons, the governing body is encouraged to consider the needs of households that may have special needs, such as those with lower incomes, female heads of households, minorities, elderly or persons with disabilities.

The first public hearing must be held not more than twelve months prior to the date of the submittal of the application.

For economic development projects, the local government should solicit publicly for prospective businesses that may be interested in applying for a CDBG-ED loan from the State through the local government. The local government should then select the most reasonable and viable proposal(s) for consideration for an application to the Department.

Second Public Hearing

The purpose of the second public hearing is to:

- Give citizens and potential beneficiaries of the proposed project adequate opportunity to review and comment on the community's CDBG-ED application, before it is submitted. The issues that should be considered include the proposed project location, activities, budget (including the estimated amount and sources of funds proposed to be used for activities that will benefit low and moderate income families), any costs to be imposed on residents as a result of the project (particularly those of low and moderate-income), and, if appropriate, the plans of the grantee for avoiding any displacement of persons as a result of activities assisted with CDBG-ED funds.

The second public hearing must be held not more than two months prior to the date of application.

A record of the required hearings must be submitted with the full application for CDBG-ED funds, along with copies of the public notices for the hearings or affidavits of publication for the notices. A verbatim record is not necessary; the names of persons who attended and a summary of comments by local officials and citizens are sufficient.

► Local governments may not hold both public hearings on the same day. The individual public hearings serve different purposes. Holding the hearings at the same time would not give the public adequate time to participate in discussions, or offer responses to topics proposed. If a local government submits an application demonstrating that both public hearings were held on the same day, or held less than two weeks (fourteen days) apart, the Department may require that they hold an additional public hearing.

Frequently, an important consideration for local governments considering a CDBG-ED application for economic development is whether they would be assisting a business that would directly or indirectly compete or be in competition with other local businesses. Projects demonstrating strong local opposition from other businesses should not be considered for CDBG-ED funding.

Formal public notice must be provided before public hearings are held. Notice of each public hearing should be published at least once in a newspaper of general circulation in the community at least seven days prior to the hearing. When possible, notice should also be directed to persons of low and moderate-income, those persons who will benefit from or be affected by CDBG-ED activities and/or representatives of low and moderate-income persons. Hearings must be held at times and locations convenient to potential and actual beneficiaries and with accommodation for individuals with disabilities. For public hearings where a significant number of non-English speaking residents can be reasonably expected to participate, arrangements must be made to have an interpreter present.

Notice of each public hearing should be published according to state law for local governments. In addition to the published notices, the applicant should make reasonable

efforts to inform citizens of the hearings who may be affected by a CDBG-ED project but who might not be reached through formal newspaper notices. Examples of actions applicants may take to ensure citizen participation include meeting with community groups and leaders before public hearings, holding informational meetings, distributing notices of public meetings to residents, or posting of notices in ways customary to the community. These efforts should be especially concentrated in any neighborhood that a proposed CDBG-ED project may affect. The hearing should be scheduled at times and locations that will encourage broad citizen participation. (Communities without a newspaper may substitute alternatives for notifying the public such as radio announcements, mailed notices, and posters.)

3. Benefit to Low and Moderate-Income Persons

To be eligible for CDBG-ED assistance, the applicant must demonstrate that a minimum of 51% of the jobs to be directly created or retained by an economic development project are held by or will be filled by qualified low and moderate-income (LMI) persons or will be filled by LMI persons after special training planned as part of the project. To claim job retention, the applicant must provide documentation that, in the absence of CDBG-ED assistance, the jobs would be lost.

All CDBG-ED projects are required to meet the Congressional National Objective of benefiting LMI families. LMI families are defined as those families whose income does not exceed 80% of the county median income for the previous year or 80% of the median income of the entire non-metropolitan area of the State of Montana, whichever is higher. **Exhibit F** contains the current LMI tables for cities, towns and counties; or check the program's website for the most current income limits at: http://commerce.mt.gov/BRD_CDBG.asp.

For economic development activities to meet this National Objective the applicant must demonstrate a benefit to LMI in one or more of the areas listed below. The activity must:

- Be carried out in a neighborhood or community where 51% or greater number of LMI persons reside (contact your CDBG-ED program liaison for activity eligibility);
- Employ people - a majority of who qualify as LMI persons;
- Make training available to LMI persons to help them qualify for higher skilled employment; or
- Engage in advertising and recruitment efforts targeted to LMI persons.

To document the benefit to LMI persons, the grantee must determine the best method by which to substantiate LMI benefit, and how to provide appropriate documentation. Possible methods include:

- Identifying the specific neighborhood or community boundary and conducting an income survey of the project's proposed beneficiaries;

- Obtaining income certifications from individuals hired;
- Documenting the type of training to be provided;
- Documenting efforts to advertise for and recruit LMI persons.

Verification per LMI Job Created or Retained

For job retention projects: Use the income certification forms (**Appendix S**) to survey all existing employees and to verify the number of positions currently held by LMI persons for an existing business. Include the completed surveys in the CDBG-ED application. If a business is only proposing to retain existing employees and not create new positions, then at a minimum, 51% of existing employees must be qualified LMI.

For job creation projects: Project the full-time equivalent (FTE) LMI jobs to be created based on the company's hiring plan. For purposes of documentation, "full time equivalent" means 40 hours per week. Fifty-one percent (51%) of the positions to be created or retained must be filled by or made available to LMI persons. Income surveys will be given to each new hire during the course of the project.

Aside from using the HUD income tables, a person may be presumed to be LMI under certain conditions. Contact a CDBG-ED staff person for this information.

The income survey form has been modified to reflect new HUD requirements. Applicants are now required to specify the income level for retained or new employees. Income levels are defined as "extremely low", "low", "moderate-income", or "not low or moderate income". The annual HUD income limits chart reflects this change. Be sure to contact CDBG-ED staff for the most current income limits chart before income surveys are given.

Racial/Ethnicity Surveys: **Appendix S** also contains suggested format for a racial/ethnicity category form that must be used to collect racial/ethnicity information from all employees. The MDOC is required to report this information to HUD on all assisted projects.

Area-wide Benefit (City or County-wide Benefit)

Applicants must contact the Department for a determination whether a project qualifies as an area-wide benefit activity. The majority of the CDBG-ED projects would not qualify as area-wide benefit. Please contact program staff for HUD's specific criteria for area wide benefit projects.

Limited Clientele

Benefits could be provided exclusively to a clearly specific clientele. If a population is targeted to be the beneficiary of a project, the project scope must demonstrate that the benefits to be provided to that population are **not** available to all residents, and that the targeted population meets one of the criteria listed below.

a. Benefit is specifically targeted to a group presumed to be 51% or more LMI, *unless there is evidence to the contrary*. The "limited clientele" definition can be applied only to those presumed LMI groups listed under HUD regulations, which includes:

- Abused Children
- Homeless Persons
- Battered Spouses
- Illiterate Adults
- Elderly Persons
- Migrant Farm Workers
- Adults meeting the Bureau of Census' definition of severely disabled adults
- Persons living with the disease AIDS

b. Information on family size and income shows that at least 51% of the clientele is LMI (e.g., programs where LMI income certification is routinely requested to allow participation in the program);

c. Benefits are limited to LMI (e.g., nursing homes whose occupancy is limited to LMI);

d. Nature of activity and location supports conclusion that clientele is 51% or more LMI (e.g., a day care operated in an inner city neighborhood);

e. Removal of architectural barriers to improve mobility of elderly and handicapped.

The proposed project must be designed specifically to benefit LMI persons included in the groups identified above.

Micro-business Enterprises

Projects that meet HUD's definition of a micro-business enterprise are automatically assumed to provide a 51% benefit to LMI persons. Micro-business enterprises do not have to meet the cost per LMI job requirement. A micro-business as defined by HUD is a commercial enterprise that has five or fewer employees, one or more of whom owns the enterprise. A micro-business enterprise under HUD's definition automatically meets the 51% LMI national objective if the income status of the assisted micro-business' owner is of low to moderate-income. That person is presumed to continue to qualify as LMI for up to a 3-year period after the CDBG-ED assistance is provided. This allows business owners to continue receiving CDBG-ED assistance even when they no longer qualify as an LMI household.

NOTE: The Department has a reference guide entitled "*Documenting Benefit to Low and Moderate Income Persons*" that is available upon request. Contact a CDBG-ED staff person for the latest copy of this publication.

4. State Community Development Objectives

HUD regulations (24 CFR Part 91) require the State to identify its community development objectives, which must be developed in accordance with the statutory objectives. According to HUD, "the primary objective of the CDBG program is to develop viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities, principally for low-income and moderate-income persons." The State's objectives for Montana's CDBG-ED program are described in **Appendix D**. The applicant must provide a written discussion of how one or more of the objectives will be met by the project.

5. Certifications for Application

Each local government applying for CDBG-ED funds and the business to be assisted with CDBG-ED funds, must agree to comply with the federal and State requirements set out in **Appendix C** (the *Certifications for Application, Acceptance of CDBG Program Requirements*) in implementing their proposed CDBG-ED project. Businesses should be made aware of the regulations that will apply to them at the beginning of negotiations. A copy of the *Certifications for Application*, signed by the chief elected official or executive officer of the applicant and dated within six months of the date of application, must accompany the full application for CDBG-ED funds. Local governments and businesses should carefully review these requirements and consider their potential impact when designing their CDBG-ED project.

The federal requirements address issues such as financial management, labor practices, environmental impacts, civil rights, fair housing, and acquisition of real property and relocation of homeowners. Other State laws and regulations will also apply to the agreement between the local government, the Department, and any business or agency that will receive CDBG-ED assistance through a loan or grant.

The *Montana CDBG Grant Administration Manual* provides additional guidance on the applicability of federal regulations to applicants and to the business to be assisted with CDBG-ED funds. Copies are available upon request from the MDOC, Business Resources Division. Laws can affect the costs and complexity of the project and the schedule for completion.

6. Environmental Impact

All CDBG-ED projects are subject to the National Environmental Policy Act and the Montana Environmental Policy Act. Both laws seek to avoid adverse impacts on the environment by mandating careful consideration of the potential impacts on any development assisted with federal funds or approved by a state agency. In addition, CDBG-ED projects are subject to many other state and federal environmental laws. Applicants are encouraged to be sensitive to potential environmental impacts while their CDBG-ED projects are first being considered and planned to avoid problems that could delay or even prevent a project from being implemented.

The Full Environmental Checklist, included in **Appendix E**, must be submitted with the application. Applicants must complete the checklist and provide sources of information used for each section. Contact the Business Resources Division for guidance regarding the level of environmental review necessary, the procedures required, and the potential time constraints associated with the process. **For infrastructure and construction projects, the Full Environmental Checklist and site-specific environmental checklist(s) must be completed by a licensed professional engineer.**

Appendix E contains a site-specific environmental checklist that is to be completed, at the time of application, in addition to the full environmental checklist, when a proposal includes the renovation of an existing building(s) or a multi-phased project. The site-specific checklist must be completed for each structure (i.e. houses, commercial, etc.) for renovation projects. On large area projects with multiple phases, the site-specific checklist can be completed throughout the process however the full environmental checklist must be completed and submitted with the application. Contact CDBG-ED program staff for requirements.

7. Matching Funds

In preparing its project budget, the local government is required to identify the sources and uses of funds and the amounts to be contributed by each financial source. To be eligible for consideration, an applicant must assure the participation of:

- At least one non-CDBG-ED dollar for each dollar of non-administrative CDBG-ED funds requested (a 1:1 leverage ratio).

The non-CDBG-ED funds may come from a variety of sources, such as new investments, bank loans, loans to be repaid to a state or federal loan program, or grants. Applicants should ensure that documentation committing the non-CDBG-ED dollars states that the commitment is contingent on the receipt of CDBG-ED funds.

100% of the required matching funds must be met by new cash in the form of new cash equity, new loans, or new grants. Matching funds should be committed at the time of application and approval. The Department reserves the right to reduce the match requirement in exceptional circumstances, such as high impact projects in areas demonstrating significant levels of need.

Projects that are primarily for job retention and meet the 51% benefit test may include refinancing as match at the discretion of the Department when the source of refinance for match is not used only for lowering the lender's risk.

➤ It is absolutely essential that the applicant and the business not incur costs or obligate funds, which are intended to be reimbursed with CDBG-ED funds, prior to the date that all contract start-up conditions, including signing the loan agreement, are satisfied by the grantee and approved in writing by the Montana Department of Commerce. Administration costs may be incurred as of the date of the funding decision.

It should be clear that expenses incurred by the grant recipient or the assisted business, are incurred at their own risk. Until a formal release of funds is awarded by the MDOC, no activity costs will be considered reimbursable until the MDOC has given the grant recipient this release, and costs are within the period of time designated by the MDOC for eligible activities.

The following will not be considered as match:

- a. Existing assets;
- b. In-kind services;
- c. Other costs incurred prior to the application date;
- d. The refinancing of existing debt;
- e. Projected operating cash flow;
- f. Existing equity;
- g. Existing bank line of credit amounts (Note: Increases in lines of credit contingent upon the receipt of CDBG-ED funds may be accepted.)

8. Need for CDBG-ED Assistance

The U.S. Department of Housing and Urban Development (HUD) requires the MDOC to consider whether CDBG-ED assistance to any nonprofit or for-profit business is the most effective use of CDBG-ED funds, including the extent of the need for assistance and the amount of assistance to be provided in relation to the public benefit that would result [24 CFR, 579.482(2)]. Applicants must show that all reasonable resources have been considered and are available or sufficient to complete the project financing. Applicants must provide narrative explaining what funding sources have been applied for and the status of those funds.

a. Evaluate All Project Costs

The applicant must verify all project costs and document how they were determined and by whom (land appraisal, engineer or architect prepared estimates, equipment lists and cost schedules, etc.). The applicant must determine the reasonableness and completeness of the cost estimates (such as the inclusion of Davis-Bacon prevailing wage rates, if applicable).

b. Verify and Maximize Private and Public Funding Sources

It is the responsibility of the applicant to verify that all other reasonably available sources of private financing have been maximized for the project proposed. Other private sources

such as banks, venture capital companies, or additional private equity should be sought and verified before finalizing the project budget and applying for CDBG-ED funds.

Verification should consist of the following:

- The source of funds is committed;
- The terms and conditions of the committed funds are known;
- The source has the capacity to deliver; and
- All private sources are maximized for the given project. (No CDBG-ED funds should substitute for available private funds.)

c. Make a Determination of Need for CDBG-ED Assistance

The applicant must include the pro-forma balance sheet worksheet contained in **Appendix N** or other equivalent financial statements and cash flow analysis.

The applicant must demonstrate that the business to be assisted needs CDBG-ED funding. There are several methods of determining the need for CDBG-ED assistance:

- i. Are the annual earnings of the proposed project sufficient without CDBG-ED assistance to meet the annual debt service requirement of a loan at market rate?
- ii. Is there sufficient equity and collateral to meet the lending requirements of private lending institutions? Can the assisted business contribute sufficient equity to the project to meet the debt/net worth requirements of traditional lenders? Does the business have sufficient collateral available to qualify for other financing?

The application should include letters from the private lending institutions contacted by the business for loans. The letters should document one or more of the following situations:

- The lender will not make any loan to the business;
- The lender can only lend a portion of the total project cost; or
- The lender will only participate if CDBG-ED funds are involved in the project and states that its participation is contingent on CDBG-ED funds.

The MDOC Facility Finance Authority should be contacted for potential funding of health care facilities before pursuing CDBG-ED funding. For health care facility projects - the applicant should provide documentation that it has contacted the Facility Finance Authority.

d. Determining the CDBG-ED Funding Amount

The applicant local government should determine the minimum amount of CDBG-ED financial assistance necessary to stimulate private investment.

9. Documenting Jobs

For projects proposing business loans, or infrastructure grants, all jobs must be converted into full-time equivalent positions. A full-time equivalent employee is an individual who is employed for 40 hours a week on the average or a combination of individuals with combined hours of employment equal to 40 hours per week.

Permanent year-round jobs are the priority of the program. Only permanent jobs may be counted. Only jobs that the assisted business directly creates within a 24-month period following grant award will usually be counted toward this requirement. The Department cannot consider jobs created indirectly by an assisted activity.

If part-time or seasonal employment is proposed, the application must include an estimate of the number of hours to be worked each year for each proposed position. Temporary construction jobs, other temporary jobs, and some seasonal jobs may not be counted. Projects involving primarily seasonal jobs are not generally acceptable under federal CDBG requirements. In order to be counted, a seasonal job must be the primary occupation and the principal source of income to the LMI person for the year. This situation is very difficult to document and is not encouraged for CDBG-ED projects.

⇒ The base level of employment with a list of all current employees and job titles must be provided with the application in order to determine the actual number of new FTE's created. For existing firms, applicants must provide employment levels for the past year. The date for determining the base level of employees will be the date the Department determines that the local government's application is complete.

Minimum job requirements should not exceed the equivalent of a high school education, in order to be counted as a job opening available to be filled by LMI persons. If job qualification requirements exceed the equivalent of a high school education training can be provided to enable otherwise unqualified persons to qualify for the position. The jobs that are to be created must be physically accessible to the LMI population within a reasonable geographic area. *(See Customized Job Training, Chapter III)*

The family income is considered at the time the jobs are filled or retained, not after the LMI person is hired. For new hires, income is determined for the year prior to the date the person is hired.

For projects involving the retention of jobs, the income levels should be documented using the prior year's income of the family. The verification forms should be completed no more than 30 days prior to submittal of the application. The application must provide clear and objective evidence that, without the CDBG-ED assistance, the jobs would be lost. The business must commit to filling as many new job openings from turnover and job creation

as is reasonably possible with LMI persons. The full application must include a complete listing of all existing jobs by title, race, ethnicity, gender and disability status. The application must indicate which positions LMI persons currently hold. (Forms and information are available upon request from the MDOC to assist the applicant and business in providing this information.) The business should provide an estimate of its expected job turnover rate during the next two years, especially if job turnover will be counted toward the LMI benefit percentage. Businesses claiming retention of jobs must submit with the full application documentation verifying that the existing employees are eligible to be considered LMI by using the income verification form provided upon request by the Department. Income survey forms and racial category forms must be completed for each retained FTE.

Assistance for developing a hiring and training plan may be obtained from the local Job Service or the Human Resources Development Councils. HUD will accept persons eligible as LMI persons under other job training programs, except for those eligible under the Dislocated Workers Program.

Grantees must ensure that the assisting agency, the assisted business and the grantee maintain complete hiring records. Federal regulations and reporting requirements require that racial, ethnic and gender characteristics information be maintained for all job applicants and new hires (see Appendix S).

Applicants should take into consideration equal opportunity and nondiscrimination laws to ensure that women and minorities are not excluded from participation, denied the benefit of, or subjected to discrimination under any program or activity funded in whole or in part with CDBG-ED funds.

10. Management Plan

The MDOC strongly encourages CDBG-ED applicants to contract with experienced regional revolving loan fund managers.

As part of its application, each applicant must submit a management plan that at a minimum:

- a.** Addresses the local government's plans for assuring proper management of the CDBG-ED project, including financial management of grant funds, compliance with State and federal requirements, effective and timely start-up and completion of project activities; and
- b.** Identifies the person or persons who will be responsible for day-to-day grant management (or position descriptions developed for these persons) and any contracted services to be used in carrying out the project.
- c.** References a sub-recipient agreement, if applicable, which must be included in the application.

The sub-recipient agreement and management plan must be submitted with the application. **Appendix L** contains a sample sub-recipient agreement, and **Appendix M** contains sample management plans. Each applicant must modify the sub-recipient agreement and management plan to fit its unique situation. (Note: The MDOC will review the sub-recipient agreement, if applicable, and management plan for consistency with CDBG-ED program rules and guidance. The grantee may be required to amend or make modifications to the sub-recipient agreement and/or management plan.) Please also review **Appendix K** for the MDOC's procurement of professional services policy.

⇒ **If the applicant is a previous or current grantee under the State CDBG-ED Program, the applicant's performance of project management responsibilities must be acceptable in order for the applicant to apply for additional CDBG-ED funding. Local governments that are currently administering CDBG projects will be eligible for reapplication if:**

- **The MDOC determines that current or previously funded CDBG-ED projects are being administered in an acceptable manner, and there are no outstanding findings from audit reports;**
- **Current or previously funded CDBG-ED projects are consistent with implementation schedules contained in corresponding CDBG-ED contracts with the Department.**

To be awarded a grant under the CDBG-ED Program, a local government must have the management capacity to undertake and satisfactorily complete the project it is proposing. An applicant is assumed to have the capacity to undertake the proposed project unless available information raises a question concerning an applicant's capacity. If any question arises during the evaluation of the application, the MDOC may request additional information.

If an applicant does not believe that it currently has the capacity to manage a CDBG-ED grant, it may propose to hire administrative staff or arrange for project administration by another local government through an inter-local agreement or by contracting for administrative services with a consultant or nonprofit agency, after grant award. In all cases, the applying local government assumes direct responsibility for proper financial management of the CDBG-ED funds awarded to it.

11. Program Income/Revolving Loan Fund

"Program income" is any income earned from CDBG-ED supported activities such as repayments of principal and interest from loans for economic development projects paid back to a local government. Under the Federal Housing and Community Development Act, a state may require a local government to return program income to the State to fund additional CDBG-ED activities, except where the local government uses the program income to continue the activity from which such income was derived. The Department's decision to permit retention of program income will be determined based on the adequacy

of the proposed plan for the use and administration of program income submitted with the application or developed before loan repayment begins.

The local government must be willing to commit the necessary resources, including financial support, to the proper management of the program income received from CDBG-ED financed loans and other CDBG-ED program income. The Department must approve a program income plan or revolving loan fund plan prior to submitting their first request for funding as a part of the start-up activities. (see Appendix J for a revolving loan fund plan example). If the MDOC determines that the plan and proposed level of support and resources committed to it by the applicant community are inadequate, the Department will recover the program income. Please refer to the MDOC's most recent *Program Income/Revolving Loan Fund Manual* for guidance on management of program income.

For local governments managing program income, the following provisions apply:

a. After Project Closeout -- For the years of 1992 and prior:

- The MDOC encourages the use of program income for CDBG eligible activities that assist a minimum of 51% low and moderate-income persons.
- Program income should be expended on activities as specified in the local government's program income plan and/or closeout agreement.

b. After Project Closeout -- For the years of 1993 and Later:

MDOC has developed the following policy for expenditure of program income after closeout which will meet the federal national objective of benefiting low and moderate income persons (LMI) and allow local governments some flexibility with their program income:

For revolving loan funds managed by local governments:

- For CDBG economic development activities: a maximum of 18% would be allocated to an administration fund and a minimum of 82% allocated to an activity fund for each state fiscal year.
- After subtracting administrative costs, the remaining CDBG activity funds must be used on CDBG eligible activities that principally benefit low and moderate-income persons (at least 51%). In addition, all program income received by a grantee after closeout must continue to be used in accordance with the provisions of Title I (Davis Bacon wage rates, environmental review, etc). As such, all regulations and requirements that applied during the term of the project will apply to the program income received after closeout.

The first annual period for which it may be applied begins with fiscal year 1994, beginning July 1, 1993. All program income received by a grantee after closeout must continue to be used in accordance with the provisions of Title I (Davis Bacon wage rates, environmental review, etc.). As such, all regulations and requirements that applied during the term of the project will apply to the program income received after closeout.

If a community has a CDBG-ED grant that is not closed out and receives a new CDBG-ED grant, the community may be required to expend un-obligated program income from the earlier CDBG-ED project on activities under the new CDBG-ED project before the community can request funds from its new grant. This would not apply if the funds have been set-aside in a separate revolving loan fund account and have been allocated for specific projects. However, local revolving loan funds must be substantially disbursed before additional funds are requested from the MDOC.

According to federal regulations, when repayments from a CDBG funded project are paid back to a local government revolving loan fund, the program income never loses its federal identity. When loans are repaid, all HUD Title I requirements, such as environmental review and Davis-Bacon wage rates must be met in subsequent relending activity. There is only one exception to this regulation:

- **When loan repayments are made to a qualified nonprofit community development organization. That is, when repayments are managed by a non-profit, those funds are not considered program income.** Prior to project closeout, the local government is the recipient of the CDBG-ED funds and Title I applies to all activities. After project closeout, if program income is managed by a non-profit, Title I does not apply to the non-profit's activities. The Department encourages nonprofit community development organizations to continue to relend repayments to businesses that intend to hire at least 51% low and moderate income persons.

For CDBG economic development payments made to a qualified non-profit:

Payments made to a community development organization that uses the funds for continued economic development activities do not have to meet any Federal requirements. However, the local government can still establish requirements for re-use of the funds, and require some CDBG-ED requirements to be followed, through the agreement between the local government and the community development organization. A revolving loan fund plan must be executed that is agreeable to the local government. To contract the management of a revolving loan fund, the local government must execute a sub-recipient agreement (**Appendix L**) with the community development organization for management of the revolving loan fund.

PLEASE NOTE: The Legislature instituted a Certified Regional Development Corporation (CRDC) Program in order to look at economic development from a regional perspective. Over the last two years, the Montana Department of Commerce has been strongly advising applicants to designate their respective CRDC as revolving loan fund manager. The CRDC should be responsible for management of repayments of CDBG-ED loans through the CRDC's revolving loan fund. This way relending activities would be available to the entire region covered by the CRDC, would be available to all eligible businesses in the region, and would more likely be used in priority economic development projects. The Department continues to strongly encourage this partnership to manage CDBG-ED and other economic development revolving loan funds.

There may be circumstances where it is appropriate to allow a local government to manage its revolving loan fund, or contract with another entity for management. The Department will evaluate this on a case-by-case basis, and may provide an exception to a CRDC revolving loan fund management, providing there is adequate and compelling rationale to grant an exception.

For more information on CRDC's, please view the following website:
http://businessresources.mt.gov/BRD_CRDC.asp

The Department encourages community development organizations to continue to use loan proceeds for CDBG eligible activities that benefit 51% low and moderate-income persons, and to follow activities specified in the revolving loan fund plan.

⇒ A detailed source of information regarding program income and property management and disposition requirements is provided by the Department in Chapter 4 of the *CDBG Administration Manual*, and the most recent *Program Income, Revolving Loan Fund Manual*.

12. Property Management and Disposition

Federal property management requirements apply to real property within the grantee's control acquired or improved in whole or in part using more than \$25,000 of CDBG-ED funds. These requirements apply from the date CDBG-ED funds are first spent for the property until five years after closeout of the grant from which the assistance to the property was provided.

13. Acquisition

Federal requirements specify that local governments proposing the public acquisition of real estate or easements as part of a CDBG-funded project must formally notify the effected property owner(s), prepare an appraisal to determine fair market value, have the appraisal reviewed, and make a written offer to purchase based upon an amount determined to be "just compensation." Local governments or businesses considering acquisition of real property as part of a CDBG-ED project should contact the Department for guidance.

14. Federal Labor Standards

Federal labor requirements should be given careful consideration when planning CDBG-ED funded economic development projects. The Federal Contract Work Hours and Safety Standards Act, Copeland "Anti-Kickback" Act, and the Davis-Bacon Act will probably apply to most economic development projects involving the use of CDBG-ED funds for contracted labor for construction, remodeling, site development, extensive equipment installation or other similar activity for contracts more than \$2,000. The Davis-Bacon Act requires the payment of prevailing wage rates (usually comparable to union scale) on construction paid for in whole or in part with CDBG-ED funds.

Determining the applicability of Davis-Bacon wage rates to an economic development project can be complex. Contact the MDOC, Business Resources Division during the planning stages for a proposed project for guidance and copies of the applicable wage rates and requirements.

The higher labor costs associated with Davis-Bacon wage rates, if applicable to a project, must be considered when calculating project costs and when obtaining estimates from potential contractors.

15. Project Budget

Applicants should apply only for the level of funding necessary to carry out the project. Grant requests must be sufficient either by themselves or in combination with other proposed funding sources to complete the proposed activities within the contract period. Each applicant must propose a budget that is sufficient to assure effective administration and timely project completion. A budget form is included in Appendix N, Sources and Uses Form and Pro-Forma Balance Sheet Format.

The total budget of any proposed CDBG-ED project should be divided between "activity costs" (such as a loan to a for-profit business for equipment, working capital, etc.) and "administrative costs." The administrative budget covers the costs of carrying out a local project, including costs involved in preparing the required environmental review; the cost of the local government audit; and other contractual costs for professional services that may be associated with administration of the program.

A narrative justification for the specific proposed CDBG-ED project activities and related administrative costs must accompany the budget, including a breakdown of total project costs that identifies sources and amounts of all non-CDBG-ED funds to be used. The cost estimates for each item in the proposed budget must be explained in the narrative. For other sources of funds needed to complete the project, the status of these funds and how they will be used in conjunction with CDBG-ED funds should also be described and documented (land and equipment appraisals, architects' cost estimates, etc.).

Costs incurred by the grantee or the business prior to award of the grant and release of funds by the Department such as fees for preparing the application; a community survey or needs assessment; preparation of the environmental review record if conducted prior to award; or expenses incurred by the business to be assisted are not eligible for reimbursement with CDBG-ED funds in the event of a grant award.

⇒ The Department recommends that applicants budget up to \$2,000 for project audits. Grantees, depending on the usual audit frequency of the local government, may be audited more than once during the term of the project. However, grantees need to be aware that the Single Audit Act of 1996 (the "Single Audit Act Amendments") does not allow the cost of audits to be charged to federal awards (i.e., CDBG) if the total federal expenditures of the local government are less than \$500,000 per fiscal year.

Applicants should be especially careful to ensure that all potential costs for carrying out the project are identified before submitting the application.

Note: For local governments retaining and subsequently re-loaning program income, the program income is considered federal funding and must be counted as part of the total federal expenditures.

16. Resolution to Authorize Application

Each application for CDBG-ED funds must be accompanied by a copy of a resolution duly adopted or passed as an official act by the applicant's governing body within six months of the date of application which:

1. Authorizes the submission of the application (**Appendix H**) ;
2. States the applicant's willingness to abide by the federal requirements described in the *Acceptance of CDBG Program Requirements, Certifications for Application* (**Appendix C**);
3. Authorizes the applicant's chief elected official to act on its behalf regarding the application and to provide such additional information as may be required.

The MDOC will assume that the applicant has determined its legal authority under Montana law to apply for the grant and to conduct the activities proposed in the application. The Department may request additional information from the applicant if it is aware of any evidence to the contrary.

17. Resolution of Support From A Certified Regional Development Corporation

All local governments must show a coordinated effort with the Certified Regional Development Corporation (CRDC) in their area. A copy of a resolution passed by a CRDC's Board of Directors showing support for the proposed project and application must be included in each application for CDBG-ED assistance. If a local government is not able to provide this, it must include an explanation why one is not included.

For a list of CRDC's in Montana, please view the following website:

http://businessresources.mt.gov/BRD_CRDC.asp

18. Maps

Each application must include two (2) clearly legible maps:

- a. One that documents the applicant's political jurisdiction and the proposed project area. Assisted business or project area must be indicated with a highlighter or clearly marked with a pen, and
- b. Applicants must also submit a Federal Emergency Management Agency (FEMA) map designating whether or not the project area is within or outside a designated flood

plain. Assisted business or project area must be indicated with a highlighter or clearly marked with a pen.

19. Implementation Schedule

Each application must include an implementation schedule (**Appendix P**) that outlines project milestones and targets for hiring and training goals.

E. FUNDING CRITERIA

The review of the application will be expedited and the application's likelihood of being funded will increase if the local government applying and the business that will be assisted have adequately demonstrated that:

- a.** All requirements are met or exceeded.
- b.** The level of CDBG-ED assistance is appropriate in relation to the public benefit expected to result from the project.
- c.** The proposed management is experienced in the type of business activities proposed and has demonstrated the capacity to successfully manage the entity to be assisted.
- d.** The application is complete as submitted and contains accurate information.
- e.** The earnings projections submitted with the application are realistic and attainable, are supported by historical trends and industry norms, and indicate that the projected cash flow is sufficient to support the proposed increased debt.
- f.** The CDBG-ED funds would be adequately secured with all reasonably available assets and/or personal guarantees.
- g.** The application documents a sound, well-reasoned proposal with a perceived strong chance for success if CDBG-ED funds are received.
- h.** The private or public sector lenders involved in the project have provided firm commitment of funds.
- i.** The project is ready to proceed upon the notification of the tentative CDBG-ED award and implementation will begin immediately.
- j.** The application conclusively demonstrates that the project will support itself over time and will not impose a burden on any local government or nonprofit entity participating in the project.
- k.** The applicant has considered the quality of the job and the wage it pays. The Loan Review Committee will place greater weight on job quality and wages paid when evaluating CDBG-ED projects for funding.

I. Applications where viability may be questionable, or where the overall business plan or need for CDBG-ED assistance is not adequately documented, may be restructured, renegotiated or not funded, depending on the severity and nature of the problems identified.

F. REALLOCATION OF UNCOMMITTED FUNDS

The Federal Housing and Community Development Act requires states to distribute CDBG funds to local governments "in a timely manner." HUD encourages the State to have all of its annual allocation, excluding the State's administrative funds, to be obligated and announced to units of general local governments within 15 months of the State signing its grant agreement with HUD. Therefore, if after 12 months from the date of signing the grant agreement, the MDOC does not have at least 95% of its fiscal year allocation obligated and announced to local governments, to achieve these goals the Department Director may award funds from any funding category to remaining, eligible, yet unfunded applications.

III. BUSINESS APPLICATION REQUIREMENTS

A. D-U-N-S NUMBERS AND NAICS CODES

1. Dun and Bradstreet - D-U-N-S Numbers

What is a D-U-N-S Number?

The D&B D-U-N-S Number is a unique nine-digit identification sequence, which provides unique identifiers of single business entities, while linking corporate family structures together. D&B links the D&B D-U-N-S Numbers of parents, subsidiaries, headquarters and branches on more than 70 million corporate family members around the world. Used by the world's most influential standards-setting organizations, it is recognized, recommended and/or required by more than 50 global, industry and trade associations, including the United Nations, the U.S. Federal Government, the Australian Government and the European Commission. In today's global economy, the D&B D-U-N-S Number has become the standard for keeping track of the world's businesses.

For a CDBG-ED application, businesses must have a D-U-N-S registration number.

This number will be entered on *Appendix A, Montana Department of Commerce Economic Development Project Application Form and Table of Contents*, and other CDBG-ED reporting forms. Registration for a D-U-N-S number is free of charge. To register please refer to the following website:

http://smallbusiness.dnb.com/manage-business-credit/get-duns-details.asp?cmeid=IOS200200&cm_re=default%2Easp*BOTTOM%5FRIGHT_0*GetDUNSbanner

2. NAICS Codes

Businesses must determine its appropriate industry code. This code will be reported on *Appendix A, Montana Department of Commerce Economic Development Project Application Form and Table of Contents*, and other CDBG-ED reporting forms. NAICS codes are used by the US Census Bureau for industry classification. Please refer to the following website for a listing of current codes, or contact CDBG-ED staff for assistance:

<http://www.census.gov/epcd/naics02/naico602.htm>

B. BUSINESS PLAN

The business plan components contained in this section are required for CDBG-ED applications involving loans, grants, or public improvements directly assisting for-profit or nonprofit entities.

Each applicant must submit a business plan for each business or entity to receive direct assistance, whether for-profit or nonprofit. Each business plan must contain sufficient information for the Department to obtain an adequate understanding of the business to be assisted, including products or services, estimated market potential, management experience of principals, current financial position, and details of the proposed venture. The Montana CDBG-ED Program has developed a brief Business Plan Outline, which may be helpful in developing a business plan for the application (**Appendix T**).

All business plan information and financial exhibits will be considered confidential, for evaluation purposes only, and will not, except as required by law, be provided to any third person, firm, corporation, or public entity without the express written consent of the business. **The Department encourages businesses to execute a confidentiality agreement with the Department (Appendix Q) and submit a subsequent affidavit outlining parts of the CDBG-ED application it prefers to be held confidential. Assisted businesses are encouraged to work with the program when executing this agreement.**

The business plan must include the following elements and must provide sufficient detail for adequate analysis:

1. Business Description

Include a description of the company or enterprise and an explanation of the products or services offered.

2. Management

Provide the names, titles, and resumes of each principal to be responsible for the management of the business.

3. Market

Discuss the present or proposed market area and share, with future projections, and provide an explanation of how the information was developed (for example, market surveys). Document any identified potential markets (for example, contracts, letters, or other evidence of interest in the product(s) by potential buyers or distributors), especially if sales projections show annual increases exceeding 25%.

4. Sources and Uses of All Funding

This section of the application should discuss the source, use, and terms of all funds to be included in the project. Use the form in **Appendix N** pages N-4 and N-5, to list the sources and uses of all funding for the project. A description of all aspects of the proposed assistance (i.e., loan terms, security, etc.), and the rationale for each must be included with the application. A narrative explanation/justification for the administrative portion of the budget must be attached.

5. Financial Exhibits

The business must be able to show that projected cash flow will be sufficient to cover projected debt service and that a positive net worth can be attained. The projections must include a narrative explanation of how the figures and assumptions were derived with special emphasis on any changes in major assumptions from existing conditions (i.e., changes in cost of goods sold and general administrative expenses as a percentage of sales, or if sales increases exceed 25% annually). Special care should be taken to include increased labor costs related to achieving the hiring goals contained in the hiring and training plan. **NOTE: Financial information is required for all projects, including projects that are only for employee training.**

The business plan must include the following financial exhibits:

a. Financial Statements

For an existing business, provide financial statements for the 3 most recent years of operation to include the following:

- Balance Sheets
- Profit and Loss Statements
- Cash Flow Statements

Current financial statements compiled or reviewed by an independent certified public accountant, with full disclosure notes, are required for businesses that have been in operation for more than one complete business fiscal year. In addition to the CPA-prepared year-end financial statements, internally prepared interim financial statements will also be accepted. A responsible officer of the business must sign all financial information. Financial statements must also include a current Aging of Accounts Receivable and Payable. There should not be significant gaps (not more than 90 days) between the historical statements and the projected statements. The projections should use the same fiscal year periods as the historical financial statements. Applications that contain appropriate, updated, accurate financial information can be processed much more quickly than incomplete applications that require Department requests for additional information.

b. Projections

Provide the following projections for three years (two years in some cases):

- Pro-forma Balance sheet (**Appendix N-6 and N-7**)
- Balance Sheets
- Profit and Loss Statements
- Cash Flow Statements

Earnings projections must include a projected monthly cash flow analysis for at least one year and until the break-even point is projected to be reached by the business. For a business that experiences regular or occasional cyclical variations in cash flow, provide a narrative explanation of the reason(s) for the occurrence of the cycles. Also, explain the effect, if any, on the business's ability to meet its debt obligations identified in the existing and projected debt schedules.

c. Debt Schedule

Provide descriptions of all existing and projected debts and lenders, annual debt service amounts, and any related loan requirements. Financial statements should include current maturities of long-term debt and adjusted principal balances. All debt sources must be identified independently and not combined into one long-term debt number on the balance sheet. Principal and interest payments for at least three years should be included for all sources.

d. Working Capital Needs

Provide information on working capital needs and verify through cash flow projections, explaining changes in inventory and receivables.

e. Requirements for Business Owners with a 20% or Greater Ownership

Personal Financial Statements and tax returns are generally required for all owners with 20% or more ownership in the business to be assisted. The Department also requires personal or corporate income tax returns for all affiliated businesses. Personal guarantees will be required by owners with a 20% or more ownership at the discretion of the loan review committee.

f. Personal Credit Check Release

The principal owners of the business, as defined above, must provide a release allowing for a personal credit history check by the Department as part of the application review.

Applicants should include any other information that may be helpful in documenting the economic viability of the project.

6. Private Sector Commitments

Applicants must provide firm commitment letters from any private sector lenders or investors involved in the project. Such commitments should be binding, contingent only upon receipt of CDBG-ED funds. All terms and conditions that apply to each funding source must be submitted as part of the application. Applications that include a loan guarantee from the Small Business Administration or USDA Rural Development, must include the letter of authorization from the appropriate agency that contains the terms and conditions that apply to the loan. Terms and conditions for proposed debentures must be included. Letters of commitment from investors, owners and/or others providing assistance must be submitted with the application and must:

- Be on a letterhead of the firm and signed by an official of the firm authorized to commit the organization;
- Provide a clear statement of the firm's concept of the project (i.e., location, scope and cost);
- Specify the nature of the commitment (e.g., the amount of private commitment, amount of borrower's commitment, type and size of the project, number of jobs to be created, and commitment to hire low and moderate-income individuals);
- State a willingness of the firm to sign a legally binding commitment upon grant award and that the firm has reviewed the grant application and has approved its content. Letters of commitment from private financing institutions must specify the amount and type (for example, interim construction financing) of the loan being provided for the specific activity to be undertaken. The commitment should be binding, contingent only upon receipt of CDBG-ED funds.

7. **Public Sector Commitments**

If resources from the public sector or nonprofit entities are to be involved in the proposed economic development project, applicants must provide written evidence of firm commitment of public funds and/or other resources. Such commitments should be binding, contingent only upon receipt of CDBG-ED funds to the project. Evidence should include resolutions passed by the local governing body and/or a letter of commitment from other sources. Projects that include matching funds from the Economic Development Administration (EDA) for public facilities in support of economic development may be reviewed and approved contingent on EDA approval if necessary to meet EDA requirements.

Applications should be submitted only for those projects that are ready to proceed, pending receipt of CDBG-ED funds. **All project funding must be fully committed and available and the project must be ready to proceed within six months of award.**

C. HIRING AND TRAINING PLAN

The primary goal of any CDBG-ED funded economic development activity is to increase year-round and permanent job opportunities for local residents, particularly persons of low and moderate-income (LMI).

A "low and moderate-income person" is defined as a member of a low and moderate-income family or individual in a household. The total income and size of the family, not the individual's income, determine whether an individual is considered to be LMI. "Family" is considered to be husband, wife and dependents, such as the IRS determination for income tax purposes.

Applicants must provide a Hiring and Training Plan (see **Appendix O**) to ensure preferential recruitment, hiring, and training of local workers, particularly those of low and

moderate-income. In the event of grant award, the applicant's commitment to the Hiring and Training Plan will be considered binding. A final hiring plan will be incorporated in the grant agreement and the assistance agreement between the local government and the MDOC.

At a minimum the Hiring and Training Plan must include the following:

1. A breakdown of jobs to be created or retained, including the number and type of jobs that are full-time, part-time, skilled, semiskilled, or unskilled positions.
2. A discussion of the actions to be taken to ensure that the positions created will be filled by LMI persons.
3. A breakdown of jobs to be created, including the job titles and descriptions and the rates of compensation. For applications proposing positions involving less than full-time employment, an estimate of the number of hours to be worked each week or the number of months to be worked each year for each position must be included.
4. A timetable for creating the jobs, the total number of persons, and number of LMI persons to be hired.
5. An assurance that the business will comply with the equal opportunity and nondiscrimination laws.
6. Procedures for outreach, recruitment, screening, selection, training and placement of workers that will ensure maximum access for local residents, particularly persons of low and moderate-income.
7. A description of the training curriculum and resources, if applicable.
8. Written commitments from any agencies or organizations participating in the implementation of the hiring plan (e.g., Job Service, HRDC, etc.).
9. A written commitment from the assisted business to comply with the hiring plan.

The assistance agreement and/or loan agreement between the community and the assisted business will contain conditions regarding the hiring of LMI persons. **The assisted business must show substantial compliance with the hiring and training plan and a "good faith" effort toward accomplishing the hiring goals set out in the assistance agreement before the project can be closed out. If the business does not meet it's LMI hiring goals, it will be asked to document its hiring and training methods and provide rationale for not hiring the agreed upon number of LMI persons. Businesses that do not provide adequate rationale for not hiring the agreed upon number of LMI persons may face payback of all CDBG-ED awarded funds.**

Hiring goals should be reasonable and justified by the financial statements and projections. Claims for the number of jobs to be created or retained should be realistic and not inflated or too optimistic.

D. HIRING AND TRAINING PLANS FOR CUSTOMIZED TRAINING OF EMPLOYEES

Applicants must include the information under Part F., Hiring and Training Plan, (above) in addition to responding to the evaluation criteria listed below:

1. Describe the kind of training that will be provided to the employees. Training should be provided to newly hired persons identified for an upgrade in skills. *(These persons do not have to be on the payroll at the time of application to the MDOC; but must be on the payroll prior to training.)* **Types of training and individuals to receive training must be clearly outlined in the customized training plan. Changes to the plan must be approved by the Department in the event overall training needs change.**
 2. Estimate the number of positions and the date the job openings will be available. Job openings must equal the number of persons to be trained. MDOC will not provide funds for training more people than there are jobs available. Only employees working full time, at least 40 hours per week, at the end of the training period are eligible for reimbursement of training costs.
 3. Explain how many employees are expected to receive training out of those listed on the hiring and training plan. The proportion of CDBG-ED funds used for the training project must be in proportion to the total number of individuals assisted who are from LMI households. At least 51% of those trained using MDOC funds must meet the HUD low to moderate-income (LMI) criteria. For guidance, refer to Section IX.B, Documenting Benefit to Low and Moderate-Income Persons. Incomes for all persons hired by the company must be verified at the time of hire through the local Job Service or a local contractor.
 4. Describe the method of training or explain how the training will be accomplished and by whom. Will the training be provided on-site by the company or a contractor, provided out-of-state, or provided by an educational institution?
 5. For training funded with this grant, describe what will be the duration of the training period. When is the training period expected to begin and end? NOTE: The training period for which CDBG-ED funds are used cannot extend beyond the period of one year.
 6. Explain what the company expects to accomplish at the end of the training period.
- ➔ Explain and provide a budget, which includes the overall costs of the training, including the portion to be paid by CDBG-ED grant funding. **At the end of the training period, employees must be paid a compensation package in salary and benefits that meets at least the lower of either the county's average hourly wage, or the State's average hourly wage. Average wage rates are determined by the Montana Department of Labor. Contact CDBG-ED staff for the most currently used wage table.** The definition of what constitutes adequate benefits is subject to evaluation by

MDOC. Local governments may set a higher minimum. The Department may consider projects that involve lower compensation packages only in situations where there is a significant positive impact overall on the local economy and strong community support is documented. The training period shall not exceed 12 months per individual.

- a. List the starting wage and the wage to be paid after training for each position.
- b. List the job benefits to be paid and explain when benefits will begin.
- c. List any payments to instructors and/or contractors, if any.
- d. List and justify travel and per diem costs, if any.
- e. If CDBG-ED funds will be used for childcare or transportation costs, provide a description.
- f. Describe the company's contribution and commitment to the training program. For example, is the company contributing cash, or in-kind facilities or equipment? If outside funds or resources are being provided as a contribution, please submit a written commitment from these sources.

➔ **At the time of application, the company may be required to:**

- g. Provide a signed certification that in the event the company ceases operation within the MDOC contract period, which is usually 24 months, the company will reimburse the local government the full amount of the MDOC labor training grant; and
- h. Provide a signed assurance that if the employees to be trained with MDOC funds are not paid at least **a compensation package in salary and benefits that meets at least the lower of either, the county's average hourly wage, or the State's average hourly wage**, MDOC training funds will be recaptured by the local government; and
- i. Provide quarterly reports to the local government and the MDOC that document the higher wages paid after training during the contract period.

<p><u>PLEASE NOTE: Businesses may not be reimbursed for training expenses until a trainee has completed his/her required training and is making the minimum compensation package. Funds will not be advanced for training purposes.</u></p>
--

The assurances must be signed by the person in the company who has been assigned the duties and responsibilities for training, and who will be responsible for the overall success of the program. See **Appendix U** for a template of a grant assistance agreement.

E. GENERAL POLICIES ON LOAN REQUESTS

All loans made to nonprofit organizations and for-profit businesses are subject to the following guidelines:

1. Loan Terms

The terms of the loan should be consistent with the projected use of funds and individual project needs. For example, terms for financing machinery and equipment should generally be between 5 and 10 years. For buildings and real estate, terms should generally range between 15 and 20 years. Working capital loans should be limited to 7 years. If the applicant requests a deferral of repayments and the Department accepts it, the term of the loan will include the deferred period. For example, a loan with a 10-year term with a 1-year deferral period has a total term of 10 years, not 11.

2. Deferral of Repayments

Repayments of principal, interest or both may be partially deferred up to 2 years. The projected cash flow of the business and the defined financial gap must support the need for a deferral. The Department will require that at least nominal payments be made in each year from the time the loan agreement is executed.

3. Loan Security

All loans must be secured with fixed assets (i.e., land, buildings, and capital equipment), personal guarantees, or any other reasonable source of available collateral. CDBG-ED funds may be placed in a subordinated security position to other lenders involved in the project. Applicants must include documentation for the value of collateral offered for security and a description of all security positions held by lenders and any liens that may apply to the collateral (tax liens, mechanics liens, or other liens). The Department will negotiate with the business for the most secure position that is reasonably available, regardless of the proposed use of the CDBG-ED funds (for example, fixed assets may be used to secure working capital loans).

4. Interest Rates

Interest rates for CDBG-ED funded loans to for-profit businesses will generally be **5.0 %**. Low or higher interest rates may be negotiated based on proposed job creation and the Loan Review Committee's perception of risk and return.

APPENDIX C

MONTANA DEPARTMENT OF COMMERCE BUSINESS RESOURCES DIVISION COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

ACCEPTANCE OF CDBG PROGRAM REQUIREMENTS CERTIFICATIONS FOR APPLICATION

Each applicant must agree to comply with all applicable State and federal laws and regulations in implementing their proposed CDBG project, if selected for funding. A copy of the Certifications for Application signed by the chief elected official or executive officer of the applicant and dated within six months of the date of application, must accompany the application for CDBG funds.

Applicants should carefully review these requirements and consider their potential impact when designing their CDBG project. Listed in the following Certifications for Application are the most important federal regulations that apply to projects using CDBG funds. They cover a wide range of issues including environmental impacts, labor standards, employment practices, financial procedures, and civil rights, many of which can have an affect on the costs or complexity of project implementation. Each federal law or regulation is annotated to give the applicant a general understanding of the requirements that must be met. Since this is a brief summary and not intended to be a comprehensive description of each law, local officials who have any questions or concerns regarding the applicability of these requirements should contact the Department of Commerce for guidance.

The local government will comply with all applicable parts of Title I of the Housing and Community Development Act of 1974, as amended, which have not been cited herein as well as with other applicable federal laws and regulations.

The local government will comply with all requirements established by the Department of Commerce and applicable State laws, regulations, and administrative procedures.

The local government accepts the terms, conditions, selection criteria, and procedures established by the Montana Community Development Block Grant (CDBG) Program and expressly waives any statutory or common law right it may have to challenge the legitimacy and propriety of these terms, conditions, criteria, and procedures in the event that it is not selected for an award of CDBG funds.

ACQUISITION, DISPLACEMENT AND RELOCATION

The local government will minimize displacement as a result of activities assisted with CDBG funds and assist persons actually displaced.

The local government will comply with:

- The Uniform Relocation Assistance and Real Property acquisition Policies Act of 1970 (The Uniform Act) as amended, and implementing regulations 49 CFR Part 24 and the requirements of Section 570.496a. These laws and accompanying regulations require the grantee to provide relocation payments and offer relocation assistance to all persons displaced as a result of acquisition of real property for an activity assisted under the CDBG program. Such payments and assistance must be provided in a fair and consistent and equitable manner that ensures that the relocation process does not result in a different or separate treatment of such persons on account of race, color, religion, national origin, sex, source of income, age, handicap, or familial status (families with children). The grantee must assure that, within a reasonable period of time prior to displacement, decent, safe and sanitary replacement dwellings will be available to all displaced families and individuals and that the range of choices available to such persons will not vary on account of their race, color, religion, national origin, sex, source of income, age, handicap, or familial status (families with children); and
- The grantee must also inform affected persons of their rights and of the acquisition policies and procedures set forth in the regulations of 49 CFR, Part 24, Subpart B.
- The Antidisplacement and Relocation Assistance Plan adopted by the Montana Department of Commerce for the Montana CDBG program.

ASSESSMENTS FOR PUBLIC IMPROVEMENTS

The local government will not attempt to recover any capital costs of public improvements assisted in whole or part with CDBG funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements, unless:

- a. CDBG funds are used to pay the proportion of such fee or assessment that relates to the capital costs of such public improvements that are financed from revenue sources other than CDBG funds; or,
- b. for purposes of assessing any amount against properties owned and occupied by persons of low and moderate income who are not persons of very low income, the applicant certifies that it lacks sufficient CDBG funds to comply with the requirements of clause a, above.

BUILDING STANDARDS

The local government will require every building or facility (other than a privately owned residential structure) designed, constructed, or altered with funds provided under the Montana CDBG Program to comply with the "American Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by, the Physically Handicapped,"

Number A-117.1R 1971, subject to the exceptions contained in CFR 101-19.604. It will also comply with the Architectural Barriers Act of 1968 and HUD regulations 24 CFR Part 8, "Nondiscrimination Based on Handicap in Federally Assisted Activities of HUD". The applicant will be responsible for conducting inspections to insure compliance with these specifications by the contractor; and will comply with HUD Cost-Effective Energy Standards, 24 CFR Part 39.

CITIZEN PARTICIPATION

The local government will comply with the detailed Citizen Participation Plan adopted by the Montana Department of Commerce for the Montana CDBG program.

CIVIL RIGHTS, EQUAL OPPORTUNITY, AND FAIR HOUSING REQUIREMENTS

Civil Rights

The local government will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), and the regulations issued pursuant thereto (24 CFR Part 1), which provides that no person in the United States shall on the grounds of race, color, or national origin, be excluded from participation in, be denied in the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant received Federal financial assistance and will immediately take any measures necessary to effectuate this assurance. If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits.

Equal Opportunity

The local government will comply with:

- Section 109 of the Housing and Community Development Act of 1974 as amended, and the regulations issued pursuant thereto (24 CFR 570.601), which provides that no person in the United States shall, on the grounds of race, color, national origin, or sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole or in part with funds provided under the Act;
- The Age Discrimination Act of 1975, as amended (42 U.S.C. 6101 et seq.). The act provides that no person shall be excluded from participation, denied program benefits or subjected to discrimination on the basis of age under any program or activity receiving federal funding assistance;

- Section 504 of the Rehabilitation Act of 1973, amended (29 U.S.C. 794). The act provides that no otherwise qualified individual shall, solely, by reason of his or her handicap, be excluded from participation (including employment), denied program benefits or subjected to discrimination under any program or activity receiving federal assistance funds;
- Section 3 of the Housing and Community Development Act of 1968 (12 U.S.C. 170/u) (24 CFR Part 135). Section 3 of the Housing and Urban Development Act of 1968 requires, in connection with the planning and carrying out of any project assisted under the Act, to the greatest extent feasible, opportunities for training and employment be given to lower-income persons residing within the unit of local government or the non-metropolitan county in which the project is located, and contracts for work in connection with the project be awarded to eligible business concerns which are located in, or owned in substantial part, by persons residing in the project area. The grantee must assure good faith efforts toward compliance with the statutory directive of Section 3; and
- Executive Order 11246, as amended by Executive Orders 11375 and 12086, and the regulations issued pursuant thereto (24 CFR Part 130 and 41 CFR Chapter 60) prohibit a CDBG recipient and subcontractors, if any, from discriminating against any employee or applicant for employment because of race, color, religion, sex or national origin. The grantee and subcontractors, if any, must take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action must include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rate of pay or other forms of compensation; and selection for training, including apprenticeship. The grantee and subcontractors must post in conspicuous places, available to employees and applicants for employment, notices to be provided setting for the provisions of this nondiscrimination clause. For contracts over \$10,000 the grantee or subcontractors will send to each applicable labor union a notice of the above requirements, the grantee and subcontractors will comply with relevant rules, regulations and orders of the U.S. Secretary of Labor. The grantee or subcontractors must make their books and records available to State and federal officials for purposes of investigation to ascertain compliance.

Fair Housing

The local government will affirmatively further fair housing and will comply with:

- Title VIII of the Civil Rights Act of 1968 (also known as The Fair Housing Act) (42 U.S.C. 3601 et seq.), as amended by the Fair Housing Amendments Act of 1988 and the regulations issued pursuant thereto. The law states that it is the policy of the United States prohibiting any person from discriminating in the sale or rental of housing, the financing of housing, or the provision of brokerage services, including in any way making unavailable or denying a dwelling to any person, because of race, color, religion, sex, national origin, handicap, or familial status. CDBG

grantees must also administer programs and activities relating to housing and community development in a manner that affirmatively promotes fair housing and furthers the purposes of Title VIII; and

- Executive Order 11063, as amended by Executive Order 12259, requires CDBG recipients to take all actions necessary and appropriate to prevent discrimination because of race, color, religion, creed, sex or national origin; in the sale, leasing, rental and other disposition of residential property and related facilities (including land to be developed for residential use); or in the use or occupancy thereof if such property and related facilities are, among other things, provided in whole or in part with the aid of loans, advances, grants or contributions from the federal government.

Prohibition of Discrimination on Basis of Religion

The local government will comply with section 109(a) of the Housing and Community Development Act which prohibits discrimination on the basis of religion or religious affiliation. No person will be excluded from participation in, denied the benefit of, or be subjected to discrimination under any program or activity funded in whole or in part with CDBG funds on the basis of his or her religion or religious affiliation.

Prohibition of Excessive Force

The local government will, if awarded CDBG funds, adopt and enforce a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in nonviolent civil rights demonstrations in accordance with Section 104(1) of the Housing and Community Development Act, as amended.

CONFLICT OF INTEREST

The local government will comply with the provisions of 24 CFR 570.611 and with sections 2-2-125, 2-2-201, 7-3-4367, 7-5-2106, and 7-5-4109, MCA, (as applicable) regarding the avoidance of conflict of interest.

ENVIRONMENTAL REQUIREMENTS

Air Quality

The local government will comply with the Clean Air Act (42 U.S.C. 7401, et seq.) which prohibits engaging in, supporting in any way or providing financial assistance for, licensing or permitting, or approving any activity which does not conform to the State implementation plan for national primary and secondary ambient air quality standards.

Environmental Impact

The local government will comply with:

- Section 104(f) of the Housing and Community Development Act of 1974, as amended through 1981. This section expresses the intent that "the policies of the National Environmental Policy Act of 1969 and other provisions of law which further the purposes of such Act be most effectively implemented in connection with the expenditure of funds under" the Act. Such other provisions of law which further the purpose of the National Environmental Policy Act of 1969 are specified in regulations issued pursuant to Section 104(f) of the Act and contained in 24 CFR Part 58; and
- The National Environmental Policy Act of 1969 (42 U.S.C. Section 4321, et seq. and 24 CFR Part 58). The purpose of this Act is to attain the widest use of the environment without degradation, risk to health or safety or other undesirable and unintended consequences. Environmental review procedures are a necessary part of this process. Pursuant to these provisions, the grantee must also submit environmental certifications to the Department of Commerce when requesting that funds be released for the project. The grantee must certify that the proposed project will not significantly impact the environmental regulations and fulfilled its obligations to give public notice of the funding request, environmental findings and compliance performance.

The local government's chief executive officer or other officer of the applicant approved by the State:

1. consents to assume the status of responsible federal official under the National Environmental Policy Act of 1969 (NEPA) and other provisions of federal law, as specified in 24 CFR Part 58, which further the purposes of NEPA, insofar as the provisions of such federal law apply to the Montana Community Development Block Grant Program; and
2. is authorized and consents on behalf of the applicant and himself to accept the jurisdiction of the Federal courts for the purpose of enforcement of his responsibilities as such an official.

EPA List of Violating Facilities

The local government will ensure that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the program are not listed on the U.S. Environmental Protection Agency's (EPA) List of Violating Facilities and that it will notify the Department of Commerce of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by EPA.

Farmlands Protection

The local government will comply with the Farmlands Protection Policy Act of 1981 (7 U.S.C. 4202, et seq.) and any applicable regulations (7 CFR Part 658) which established

compliance procedures for any federally assisted project which will convert farmlands designated as prime, unique or statewide or locally important, to non-agricultural uses.

Floodplain Management and Wetlands Protection

The local government will comply with:

- the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, approved December 31, 1973. Section 102(a) required, on and after March 2, 1974, the purchase of flood insurance in communities where such insurance is available as a condition for the receipt of any federal financial assistance for construction or acquisition purposes for use in any area that has been identified by the Secretary of the Department of Housing and Urban Development as an area having special flood hazards. The phrase "Federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance;
- Executive Order 11988, May 24, 1978: Floodplain Management (42 F.R. 26951, et seq.). The intent of this Executive Order is to (1) avoid, to the extent possible, adverse impacts associated with the occupancy and modification of floodplains and (2) avoid direct or indirect support of floodplain development wherever there is a practical alternative. If a grantee proposes to conduct, support or allow an action to be located in the floodplain, the grantee must consider alternatives to avoid adverse effects and incompatible involvement in the floodplains. If siting in a floodplain is the only practical alternative, the grantee must, prior to taking any action: (1) design or modify its actions in order to minimize a potential harm to the floodplain; and (2) prepare and circulate a notice containing an explanation of why the action is proposed to be located in a floodplain; and
- Executive Order 11990, May 24, 1977: Protection of Wetlands (42 F.R. 26961, et seq.). The intent of this Executive Order is to avoid adverse impacts associated with the destruction or modification of wetlands and direct or indirect support of new construction in wetlands, wherever there is a practical alternative. The grantee must avoid undertaking or providing assistance for new construction located in wetlands unless there is no practical alternative to such construction and the proposed action includes all practical measures to minimize harm to wetlands which may result from such use.

Historic Preservation

The local government will comply with:

- Section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. 470, as amended) through completion of the procedures outlined in 36 CFR 800 and 36 CFR 63. Compliance with these procedures should include:

1. consulting with the State Historic Preservation Office (SHPO) to identify properties listed in or eligible for inclusion in the National Register of Historic Places that exist with a proposed CDBG project's area of potential environmental impact, and/or to determine the need for professional archaeological, historical, or architectural inventory of potentially affected properties to determine whether they would qualify for register listing; and
2. consulting, as needed with the SHPO, Keeper of the National Register of Historic Places, and the Advisory Council on Historic Preservation to evaluate the significance of historic or prehistoric properties which could be affected by CDBG work and to determine how to avoid or mitigate adverse effects to significant properties from project work.

Lead-Based Paint

The local government will comply with Title IV of the Lead-based Paint Poisoning Prevention Act (42 U.S.C. 4831), which prohibits the use of lead-based paint in residential structures constructed or rehabilitated with federal assistance of any kind.

Noise, Facility Siting

The local government will comply with HUD Environmental Standards (24 CFR, Part 51, Environmental Criteria and Standards and 44 F.R. 40860-40866, July 12, 1979) which prohibit HUD support for most new construction of noise-sensitive uses is prohibited in general for projects with unacceptable noise exposures is discouraged for projects with normally unacceptable noise exposure. Additionally projects may not be located near facilities handling materials of an explosive or hazardous nature, or in airport clear zones.

Solid Waste

The local government will comply with the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976 (42 U.S.C. Section 6901, et seq.). The purpose of this Act is to promote the protection of health and the environment and to conserve valuable material and energy resources.

Water Quality

The local government will comply with:

- the Safe Drinking Water Act of 1974 (42 U.S.C. Section 201, 300(f) et seq. and U.S.C. Section 349), as amended, particularly Section 1424(e) (42 U.S.C. Section 300H-303(e)) which is intended to protect underground sources of water. No commitment for federal financial assistance can be entered into for any project which the U.S. Environmental Protection Agency determines may contaminate an aquifer which is the sole or principal drinking water source for an area; and
- the Federal Water Pollution Control Act of 1972, as amended, including the Clear Water Act of 1977, Public Law 92-212 (33 U.S.C. Section 1251, et seq.) which

provides for the restoration and maintenance of the chemical, physical and biological integrity of the nation's water.

Wildlife

The local government will comply with:

- the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.). The intent of this Act is to ensure that all federally assisted projects seek to preserve endangered or threatened species. Federally authorized and funded projects must not jeopardize the continued existence of endangered and threatened species or result in the destruction or modification of habitat of such species which is determined by the U.S. Department of the Interior, after consultation with the state, to be critical; and
- the Fish and Wildlife Coordination Act of 1958, as amended, (U.S.C. 661 et seq.) which requires that wildlife conservation receives equal consideration and is coordinated with other features of water resource development programs.

Wild and Scenic Rivers

The local government will comply with the Wild and Scenic Rivers Act of 1968, as amended (16 U.S.C. 1271, et seq.). The purpose of this Act is to preserve selected rivers or sections of rivers in their free-flowing condition, to protect the water quality of such rivers and to fulfill other vital national conservation goals. Federal assistance by loan, grant, license or other mechanism can not be provided to water resources construction projects that would have a direct and adverse effect on any river included or designated for study or inclusion in the National Wild and Scenic River System.

Executive Order 12898, Environmental Justice: This project is in compliance with 24 CFR Part 1 B, C and D and is not located in a special flood hazard area. It has been determined that this project will not have a disproportionately high and adverse human health or environmental effect on minority and or low-income populations. This project will not exclude participation in or deny benefits to people because of their race, color or national origin.

FINANCIAL MANAGEMENT

The local government will comply with the applicable requirements of:

- OMB Circular A-87, "Cost Principles for State and Local Governments," as specified by the Department of Commerce;
- HUD "Administrative Requirements for Grant and Operative Agreements to State, Local, and Federally-Recognized Indian Tribal Governments," (24 CFR, Part 85), or any equivalent procedures and requirements that the Montana Department of Commerce may prescribe. The HUD Administrative Requirements are the basis for

a number of specific requirements on the financial management and record keeping of CDBG funds. The requirements apply to cash depositories, bonding and insurance, record keeping, program income, property management, procurement, closeout, audit, and other requirements; and

- The Single Audit Act of 1984, as amended by the Single Audit Act of 1996 (the ASingle Audit Act Amendments”), which establishes criteria for determining the scope and content of the audits and OMB Circular A-133, AAudits of States, Local Governments, and Non-Profit Organizations,” revised June 24, 1997. (OMB Circular A-133 supersedes OMB Circular A-128, AAudits of State and Local Governments,” which has been rescinded.)

The local government will promptly refund to the Montana Department of Commerce any CDBG funds determined by an audit to have been spent in an unauthorized or improper manner or for ineligible activities.

The local government will give the Montana Department of Commerce, the Montana Legislative Auditor, HUD, and the Comptroller General, through any authorized representatives, access to and the right to examine all records, books, papers, or documents related to the grant.

LABOR STANDARDS

The local government will comply with:

- Section 110 of the Housing and Community Development Act of 1975, as amended, 24 CFR 570.605, and State regulations regarding the administration and enforcement of labor standards. Section 110 requires that all laborers and mechanics employed by contractors or subcontractors on construction work assisted under the Act shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276-1- 276a-5). By reason of the foregoing requirement the Contract Work Hours and Safety Standards Act (40 U.S.C. 327 et seq.) also applies. However, these requirements apply to rehabilitation of residential property only if such property is designed for residential use for eight or more families;
- Davis-Bacon Act, as amended (40 U.S.C. et seq.), Section 2; June 13, 1934, as amended (48 Stat. 948.40 U.S.C. 276(c)), popularly known as the Copeland Anti-Kickback Act. The Act mandates that all laborers and mechanics be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account except "permissible" salary deductions, the full amounts due at the time of payments, computed at wage rates not less than those contained in the wage determination issued by the U.S. Department of Labor. Weekly compliance statements and payrolls are required to be submitted to the federally-funded recipient by the contractor;

- Contract Work Hours and Safety Standards Act (40 U.S.C. 327 et seq.). According to the Act, no contract work may involve or require laborers or mechanics to work in excess of eight hours in a calendar day, or in excess of 40 hours in a work week, unless compensation of not less than one and one-half times the basic rate is paid for the overtime hours. If this Act is violated, the contractor or subcontractor is liable to any affected employee for unpaid damages as well as to the United States for liquidated damages; and
- Federal Fair Labor Standards Act, (29 U.S.C.S. 201 et seq.). The act requires that covered employees be paid at least the minimum prescribed wage, and also that they be paid one and one-half times their basic wage rate for all hours worked in excess of the prescribed workweek.

LEGAL AUTHORITY

The local government possesses legal authority to apply for the grant and to execute the proposed project under Montana law and, if selected to receive a Community Development Block Grant, will make all efforts necessary to assure timely and effective implementation of the project activities described in the attached application.

LOBBYING

The local government certifies that:

- No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influencing an officer or employee or any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

- This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

POLITICAL ACTIVITY

The local government will comply with the Hatch Act (5 U.S.C. 1501, et seq.; 5 CFR Part 151) which restricts the political activity of individuals principally employed by a state or local agency in connection with a program financed in whole or in part by federal loans or grants. An affected employee may not be a candidate for public office in a partisan election.

AUTHORIZATION TO SUBMIT APPLICATION

The local government governing body has duly adopted or passed as an official act a resolution, motion or similar action authorizing the submission of the application, including all understandings and assurances contained herein, and directing and authorizing the signatory to act in connection with the application and to provide such additional information as may be required.

APPENDIX D

STATE OBJECTIVES FOR THE MONTANA DEPARTMENT OF COMMERCE BUSINESS RESOURCES DIVISION COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

The State of Montana will focus on the following objectives:

- Invest in the workforce
- Encourage and support entrepreneurship and business innovation
- Build and maintain local infrastructure and capacity; and
- Strengthen the state's fiscal capability to assist in these areas

The CDBG economic development program is one of several MDOC finance and technical assistance programs that are participating in meeting these needs based on the Program's following four economic development objectives. Please choose one or more of the following objectives that apply to your project:

Economic Development

- ___ 1. Encourage viable economic development projects that promote investment of private capital, expansion of local tax bases, and creation of permanent year-round jobs principally for low and moderate income Montanans.
- ___ 2. Encourage economic activity, which adds value to a product through manufacturing, refining, processing, or packaging, especially those activities that involve Montana's natural resources.
- ___ 3. Encourage economic activity which creates new wealth in Montana by selling the majority of its products outside of Montana, by effectively substituting goods previously produced outside of Montana with goods produced in Montana, or by distributing Montana-made goods.
- ___ 4. Encourage service companies such as consulting, engineering, or other companies that sell their services predominantly (greater than 50%) outside of Montana.

REQUIRED NARRATIVE:

Please provide a description of how the proposed project will meet the selected goals (use additional sheets of paper if necessary):

APPENDIX E

FULL ENVIRONMENTAL CHECKLIST FOR CDBG ECONOMIC DEVELOPMENT APPLICATIONS

All CDBG projects are subject to the National Environmental Policy Act and the Montana Environmental Policy Act. Both laws seek to avoid adverse impacts on the environment by mandating careful consideration of the potential impacts on any development assisted with federal funds or approved by a state agency. In addition, CDBG projects are subject to numerous other state and federal environmental laws. Applicants are encouraged to be sensitive to potential environmental impacts while their CDBG projects are first being planned in order to avoid problems, which could create delays, add to construction costs, or even prevent a project from being implemented. The following environmental checklist has been created for applicants to help them avoid or mitigate potential environmental impacts.

Instructions for Completing the Environmental Checklist For Montana Economic Development Projects

The CDBG Certifications for Application form contains a listing of the major federal environmental statutes and regulations, which will apply to all CDBG funded projects. Local officials who have any concerns or questions regarding the potential environmental impacts of their proposed CDBG project or the environmental requirements should contact MDOC for guidance in advance of submitting their application for CDBG funds.

The Environmental Checklist form includes a listing of subject areas relating to potential impacts on the physical or human environment. Applicants must evaluate the potential impact of their project as it relates to each subject area. This may involve an analysis of the impact on a subject area from the proposed project, or conversely, the potential impact on the project from a subject area. For example, a proposed building renovation project may have an effect on certain historic structures, or the existence of a floodplain could have an effect on the location of a proposed, new production facility.

Five potential impacts are listed on the form:

1. **N** - No Impact Anticipated/Not Applicable to This Project;
2. **B** - Potentially Beneficial Impact;
3. **A** - Potentially Adverse Impact;
4. **P** - Agency Approval or Permits Required; and
5. **M** - Mitigation Actions Required.

A space is provided next to each subject area that is to be filled in using at least one of the letters found in the key at the top of each page. The key represents the five alternatives

listed above. In some cases, it may be appropriate for the applicant to indicate more than a single alternative. For example, if a potentially adverse impact has been identified, an agency approval or permit may also be required. If impacts on a subject area are anticipated, the applicant must describe the situation in the “comments” section of this form. Applicants must identify the sources which were consulted to assess the potential impact on or from the project for each subject area. Sources can include studies, plans, documents or the persons, organizations, or agencies contacted. This documentation must be included in the applicant’s files. MDOC staff will review the applicant’s environmental file during a site visit.

Where a potentially adverse impact is projected, the applicant must provide:

1. a description and analysis of any reasonable alternatives and a justification for the selected alternative; and
2. a listing and evaluation of appropriate short and long-term measures to mitigate the potentially adverse impact.

In most cases, applicants will be able to simply provide a brief response to the categories listed. Environmental information and assistance in preparing the environmental checklist can be obtained from a wide variety of sources. Possible sources of information include local comprehensive plans, preliminary engineering studies, state or federal reports or environmental analyses, knowledgeable individuals in the community, local agencies such as the planning or environmental health office, historical society, conservation district, state agencies (such as the Montana Departments of Fish, Wildlife and Parks or Department of Environmental Quality), and federal agencies such as local offices of the U.S.D.A. Natural Resource & Conservation Service. Should the applicant have questions regarding what agency to contact for additional information pertaining to a particular subject area, they may call the Montana Environmental Quality Council for assistance at (406) 444-3742.

→ Additional information can be obtained through HUD’s “Environmental Review Procedures and Regulations for Entities assuming HUD Environmental Responsibilities” training. For more information on environmental training, please contact CDBG staff.

For infrastructure or construction projects, a professional licensed engineer must complete the full environmental checklist.

If any of the items below are checked "yes", further environmental investigation is necessary. If many of 1 through 8 are checked "yes", please contact the CDBG-ED Program or the Regional Development Officer for your area. This may not be an appropriate project for CDBG-ED funding.

	YES	NO
1. Structure is over 50 years old.	_____	_____
2. Site is within ¼ mile of a property on or eligible for the National Register of Historic Places.	_____	_____
3. Site is within, or partially within, 100-year flood plain (Panel No. _____ dated _____).	_____	_____
4. Noise determination – Site is within:		
a. 1000 feet of a 4-lane roadway	_____	_____
b. 3000 feet of a railroad	_____	_____
c. 65 Ldn for a commercial service airport	_____	_____
d. 65 Ldn for a military airfield	_____	_____
5. Are above ground storage of hazardous materials, such as liquid propane or gasoline storage tanks, visible from the site?	_____	_____
6. Is the project site located on or within 3,000 feet of a listed hazardous/toxic site? Contact EPA for this information.	_____	_____
7. Is site near the end of a runway at a civil airport or military field?	_____	_____
8. Air Quality – Will project involve ground disturbance of 25 acres or last more than 6 months?	_____	_____

	YES	NO
Will construction or demolition dust be produced?	_____	_____
Will project result in producing odor?	_____	_____
Does site involve asbestos?	_____	_____
9. Endangered Species/Wildlife Impact – Does location show signs of or potential benefit to wildlife or close to wildlife habitat (water, shelter and food?)	_____	_____
10. Farmlands Protection – Does project involve work on designated farmlands?	_____	_____
11. Will the proposed project have a disproportionately high and adverse human health or environmental impact on minority and low-income populations? If so, the Environmental Justice Clause EO 128980 is triggered.	_____	_____

PUBLIC HEARING PROCEDURE EXAMPLE AND SAMPLE FORMATS FOR PUBLIC HEARINGS

These can be adapted for counties, cities or towns.

Public Hearing Procedure Example

(This is a general example of a public hearing procedure and may or may not include all events that occur during a public hearing)

Scheduling the public hearing:

1. Secretary –
 - schedules public hearing,
 - announces date of public hearing through newspaper or other publication,
 - ensures that the public has adequate notice of hearing, such as publishing notice two weeks prior to date of actual hearing,
 - obtains affidavit of publication from publisher

Date of public hearing:

2. Chairman –
 - announces opening of hearing,
 - explains purpose of hearing,
 - announces that the hearing will be taped/recorded and that each respondent should clearly state his/her name
 - asks all attendants to sign attendance sheet
2. Secretary –
 - reads notice of hearing as published in local newspaper
 - takes minutes during hearing
3. Chairman –
 - orders notice placed in record
4. Secretary –
 - reads technical reports or comments pertaining to the subject or purpose of the hearing
5. Secretary –
 - reads any letters received regarding the subject
6. Chairman –
 - gives floor to those persons in attendance who wish to comment or ask questions – first to proponents of the issue, then to opponents of the issue.

7. Chairman –
 - moderates discussion arising from comments or questions from those in attendance – both proponents and opponents
8. Chairman –
 - announces when next scheduled meeting will be held
9. Chairman –
 - closes the hearing.

After the public hearing:

1. Secretary –
 - reviews tape of hearing and finalizes minutes
 - files copy of public hearing notice, affidavit of publication, attendance sheet, written minutes, and recorded tape

APPENDIX J

NAME OF LOCAL GOVERNMENT OR NON-PROFIT ENTITY

(List revolving loan fund manager)

SAMPLE REVOLVING LOAN FUND PLAN

The **Local Government** received a **Fiscal Year xxxx** Community Development Block Grant – Economic Development (CDBG-ED) Program grant from the Montana Department of Commerce (MDOC). The **Local Government** has entered into a sub-recipient agreement with **Non-Profit Entity** to manage loan repayments from this grant award.

The non-administrative portion of that grant was made available to a private business, **Name of Business**, in the form of a loan. The loan proceeds were used for **acquisition, finance, and working capital**. The terms of the loan agreement are specified in a duly recorded loan document on record at **Local Government**, Montana. That document is hereby incorporated by reference into this Revolving Loan Fund Plan. The repayments on that loan will be paid into an interest-bearing Revolving Loan fund account, to be used for further relending activity.

ORGANIZATIONAL MISSION

The **Local Government or Non-Profit Entity** Revolving Loan Fund (RLF) is designed to stimulate economic development activity by assisting the private sector, in order to create or retain jobs for low and moderate-income persons. These funds will be used in situations where a funding gap exists and alternative sources of public and private financing are not adequate. These funds are intended to complement conventional business financing techniques by leveraging funding from other federal and state financing programs and private lending institutions.

The RLF is designed to assist businesses by making appropriate long-term, fixed rate financing available to them at reasonable interest rates, and by providing public improvements in support of economic development activities.

PROGRAM OBJECTIVE

The objective of the Revolving Loan Fund (RLF) will be to continue the activities from which the program income is being derived, specifically:

1. Create and retain employment opportunities, to benefit no less than 51% Low and Moderate Income (LMI) persons within the **City, Town, County** which is the designated RLF Assistance area; and
2. Assist in preventing or eliminating blight, beautification, or upgrading within the commercial/business district of the community; and

3. Contribute partial funding as match for community development projects funded with state and federal funds.

ELIGIBLE APPLICANTS

Eligible applicants requesting loan assistance will be restricted to **define, i.e. for-profit businesses within the designated RLF Assistance Area. The RLF Assistance Area is defined as being within the (City, Town, County) or (Certified Regional Development Corporation Area).**

MAXIMUM LOAN AMOUNT

Maximum loan amounts depend on the type of financing requested, as listed below.

ELIGIBLE ACTIVITIES

Typical eligible activities include: land acquisition, public facilities and other improvements in support of economic development, such as water and sewer lines, and access roads; for acquisition, construction, rehabilitation, or installation of commercial and industrial buildings, facilities, equipment, or working capital; employee training; and grants to nonprofit entities.

Use of program income must be consistent with eligible activities as determined by the U.S. Department of Housing and Urban Development (24 CFR Part 570.201 or Section 105(a) of Title I of the Housing and Community Development Act) and the Montana DOC Community Development Block Grant Program.

1. CDBG-ED Project Development

The **Local Government or Non-Profit Entity** may use program income to defray project development costs incurred during the development of public facility projects, housing projects or economic development projects.

Activities may include but will not be limited to:

- legal advertisements specific to project development
- preparation of market studies/architectural or engineering studies
- feasibility studies
- computerization/operational assistance
- accounting/legal reviews
- grant preparation

2. CDBG Project Participation

The City may use program income to participate in partial funding of public facilities projects, housing projects, or economic development projects within the **City, Town, County.**

Activities may include but will not be limited to contributing matching funds to augment state and federal funding for City, Town, County projects

TYPES OF FINANCING AVAILABLE

a. *Business Support Loans*

Eligible applicants may apply for loan assistance to finance activities that will strengthen their business and increase the likelihood of retaining or expanding the business within the designated Business/Commercial District or Designated Location.

Activities may include but will not be limited to:

- preparation of business plans
- market studies
- project feasibility studies
- computerization/operational assistance

Amounts of loan requests for Business Support Loans will not exceed \$xxx or XX% of total activity cost. Loans will be amortized over a X-year term at no less than X% interest and no greater than X% interest.

b. *Business Direct Loans*

Eligible applicants may apply for assistance to finance predetermined and documented business retention and/or expansion of activities. Loan proceeds may be used for the following activities:

- building/site acquisition
- site development/new construction
- building renovation
- equipment acquisition
- working capital

Amounts of loan requests for Business Direct Loans will not exceed \$xxx or xx% of total activity cost. Terms of the loans will not exceed seven (7) years for working capital loans or ten (10) years for all other building related or equipment loans. Interest rates will be no less than X% or greater than X%.

c. *Interest or Principal Buy-downs*

Eligible applicants may apply for financial assistance in the form of an interest or principal buy-down of a commercial loan. The proceeds of the commercial loan must be used for program eligible activities as described herein for Business Support or Business Direct loans.

- d. Eligible applicants who own or intend to purchase a building within the Business/Commercial District may make a one-time application for loan assistance to finance exterior renovation, signage, facade renovation or construction. Loan amounts will not exceed \$XXX, amortized at X% over a X-year term.

APPLICATION PROCEDURES

The Revolving Loan Fund Committee will accept loan applications on an open-cycle basis. The application deadline will be 5:00 p.m. the last working day of any week. Completed loan applications may be mailed or delivered to Location on or before the application deadline. (See application form - Attachment A)

Applicants should use the application summary and attach all required information. In addition, the for-profit business or nonprofit entity should complete the Business Application Requirements section of the guidelines.

Applications that propose public improvements as assistance to businesses will be accepted by Name of Entity and reviewed with similar procedures as loans to for-profit businesses. The application must include a complete business plan and financial package for each business assisted.

Applications will be reviewed and analyzed by the committee and Other Entity.(if applicable) on a “first come, first served” basis, as determined by the date of the full application is found to be complete by Name of Entity.

Applicants should also be aware that in most cases it may take two to four weeks before any funds will actually be received after the decision to award a grant has been made.

LOAN REVIEW PROCESS

Loan applications received on or before the application deadline will receive a preliminary review by the Loan Review Committee to determine completeness of each application. Only complete applications will be advanced to the formal review process.

The loan review committee is comprised of Name of Entity members who at present consist of two banking representatives, two business representatives, and two rural representatives. This makeup allows for replacement by appointment from (Name of Entity).

The Committee will review each application for compliance with program objectives.

Each application will be evaluated separately on a first-come first-served basis. Should requests for funds exceed funds available, applications that are deemed to represent a likelihood of broadest impact will receive the most favorable review.

Ranking of Applications

Each Revolving Loan Fund application for assistance will be ranked in five categories, a best ranking will equal 5 points, an average ranking will equal 3 points, and a poor ranking will equal 1 point. Any application receiving less than a poor score in a category is ineligible for the benefits of this program and will be rejected.

1. Business proposal is appropriate for the city and this program.

Best = 5 points

Average = 3 points

Poor = 1 point

2. Number of jobs created or retained.

Greater than 10 jobs = 5 points

Between and including 5 and 10 jobs = 3 points

Less than 5 jobs = 1 point

3. Cost per job.

Less than or equal to \$5,000/job = 5 points

\$5001 - 10,000 job = 3 points

\$10,000/job - \$20,000/job = 1 point

4. Business proposal is financially feasible.

5. Percent benefit to Low and Moderate Income Persons

80% - 100% = 5 points

60% - 79% = 3 points

51% - 59% = 1 point

Note: Compute by dividing the number of jobs created for and/or retained by LMI persons by the total number of jobs created and/or retained.

6. Area economic impact: Project which has the broadest potential for impact on other area businesses, or real estate values, or school enrollments, or agriculture, etc., will be given a "Best" (5 points). Other applications will be ranked against the best application, with the next best receiving an "Average" (3 points).

Within 60 calendar days from the application deadline, the Committee will provide the City Council with a written evaluation of each loan application, accompanied with a recommendation for loan approval or rejection by the Council.

PRIORITIZING APPLICATIONS

In addition to ranking individual applications, Revolving Loan Fund expenditures will be prioritized as follows:

1. Business expansions to enhance job retention or creation;

2. New business, locating within the RLF Assistance Area, which creates jobs;
3. Start-up of business with job creation potential;
4. Revitalization of business property;
5. Demolition for blight removal.

ANNUAL REPORT

As required by the Montana Department of Commerce, an annual report of Revolving Loan Fund activities will be submitted to the Community Development Block Grant – Economic Development Program along with a proposed budget for the following year.

AMENDMENTS TO THE ECONOMIC DEVELOPMENT REVOLVING LOAN FUND GUIDELINES

The Name of Entity may amend these guidelines by a majority vote of the Name of Entity and approved by the Department of Commerce. Amendments will be incorporated into a revised statement of the CDBG Economic Development Program Income Revolving Loan Fund Guidelines.

PROCUREMENT POLICY

ADOPTED MDOC PROCUREMENT POLICY

After announcing and holding a public hearing on April 16, 1998 and receiving written testimony on a new, proposed procurement policy, MDOC adopted a policy that grant administration services (consulting services) for CDBG, HOME (excluding Community Housing Development Organizations) and TSEP grants be procured using the following procedures:

1. Requests for Proposals (RFPs) are required for any services over \$100,000 and are recommended for procurement under \$100,000 that are complex and/or where qualifications and desired work products cannot easily be handled by telephone rate quotations. Additional guidelines on the use of RFPs for HUD funded projects can be found in HUD Notice CPD-96-05, available from MDOC.
2. HUD "small purchase" procedures can be used where the procurement will not cost more than \$100,000 in the aggregate, and where the procurement is relatively simple and a selection decision can be made based on three to five rate and work plan quotations from qualified sources. The grantee should record the rate or quote along with other identifying information (name, address, and phone) and document the questions asked. If the selection is made using small purchase procedures, the grantee should also contact the Montana Department of Transportation (MDOT) to obtain a list of Minority Business Enterprises/Disadvantaged Business Enterprises (MBE/DBE) certified firms within the region that appear in MDOT's directory in order to invite proposals from qualified MBE/DBE firms.
3. If a local government's procurement policy is more restrictive than MDOC procedures, the local government's policy will govern the procurement procedures to be followed.
4. Based upon additional guidance from HUD, these MDOC procurement requirements would not apply to the formation of long-term partnerships between a local government and a for-profit or non-profit partner when the partnership has a current legal relationship (signed contract), the partner is managing the grant funds, the local government does not have the staffing capability to manage the grant, and the relationship will continue indefinitely following project closeout.

A "long-term relationship" exists where services to be provided are an integral component of the project or activity and are essential to or necessary for the long-term operation of the facility after closeout. This long-term relationship must be clearly spelled out in the proposed management plan submitted as part of the grant application. The key principle is that the for-profit or non-profit entity must have a preestablished, long-term integral role in the continued operation or management of the facility or activity after project closeout. The

non-profit or for-profit must be accountable to the recipient of the grant for the use of funds provided.

A "partnership" is viewed by the state as a long-term, mutually beneficial relationship as determined by the local government. The partnership agreement must be in place before submission of the grant application to MDOC. A partnership would include relationships that will continue indefinitely following formal project closeout. Examples of "long-term partnerships" would include:

- Relationships where a non-profit or for-profit entity, on behalf of a local government, initially administers a CDBG or HOME project and also manages the revolving loan fund (RLF) or program income fund resulting from loan repayments generated by the project.
- For a CDBG economic development RLF capacity-building project, a local government or group of local governments have agreed through a contractual relationship to build capacity in the nonprofit entity over the long-term.
- A local housing authority administers a low income housing project for the long-term, or a non-profit entity owns and operates an affordable housing project. Termination of the relationship would depend upon the terms and conditions of the contract between the local governing body and the non-profit or for-profit entity.
- A Human Resources Development Council (HRDC) proposes to construct and operate a Head-Start center on behalf of a Montana county. In this case, MDOC would not require the recipient county to go through a procurement process for grant administration services. The county commissioners would have the discretion to have the HRDC provide CDBG or HOME grant administration services without a competitive grant procurement process. A for-profit or non-profit entity is established as the management consultant for the long-term management of an economic development revolving loan fund. This would be permitted only in those cases where there is a clear, long-term relationship and intent to manage the revolving loan fund indefinitely into the future.
- A local government applying on behalf of a non-profit entity which proposes to construct, own, and operate an affordable housing project or public facilities project. In this case, the county or city would have the option of not requiring a competitive procurement process for grant administration services if those services would be provided by the non-profit organization that would own and manage the affordable housing or public facility project into the future.

A long-term partnership arrangement would not include contractor relationships where the for-profit or non-profit entity is paid by the grantee solely for project administrative services, over the project contract period, or until formal project close-out by MDOC, and payment is made as regular compensation for services rendered during the term of the contract.

EXHIBIT L
SAMPLE SUB-RECIPIENT AGREEMENT
(For revolving loan fund projects)

THIS AGREEMENT is entered into this ____ day of ____, 20____, by (name of city, town or county), herein referred to as the (“County”, “City” or “Town”) and (name of economic development corporation), a nonprofit economic development corporation herein referred to as the “Sub-recipient.”

WITNESSETH THAT:

WHEREAS, (name of city, town or county) is the recipient of a Community Development Block Grant – Economic Development (CDBG-ED) Program by the Montana Department of Commerce, herein referred to as “the Department,” and

WHEREAS, the purpose of the grant is to (establish a revolving loan fund –and/or-- describe other activities) for the residents of (name of city, town, county or region), and

WHEREAS, the (County, City or Town), desires to subgrant the CDBG-ED funds to the Sub-recipient and engage the Sub-recipient to administer the (revolving loan fund –and/or-- describe other activities) on the (County’s, City’s or Town’s) behalf, and

WHEREAS, the Department has required the (County, City or Town) to enter into a Sub-recipient agreement with the Sub-recipient specifying the terms and conditions of the (County’s, City’s or Town’s) delegation of certain CDBG-ED responsibilities to the Sub-recipient, and

WHEREAS, (name of economic development corporation) is qualified as a (local development corporation or a nonprofit organization serving the development needs of the communities of nonentitlement areas) as defined by §105(a)(15) of Title I of the Housing and Community Development Act (the “Act”), and

WHEREAS, loan repayments made back to a qualified nonprofit entity defined by §105(a)(15) of the Act are considered miscellaneous revenue and would not be subject to federal program income requirements, except as mutually agreed to by the Sub-recipient, the (County, City or Town), and the Department, and

WHEREAS, the parties to this Agreement understand that neither of them has in any way, expressly or impliedly, abrogated any of its individual powers, and further agree that this Agreement does not create any new organization or legal entity.

NOW, THEREFORE, in consideration of the mutual covenants and conditions set out in this Agreement, the parties agree as follows:

A. SPECIAL PROVISIONS. The (County, City or Town) agrees, under the terms and conditions of this Agreement, to sub-grant CDBG-ED loan funds as a grant for gap financing and technical assistance to the Sub-recipient.

B. INDEPENDENT CONTRACTOR. It is understood by the parties hereto that the Sub-recipient is an independent contractor and that neither its principals nor its employees, if any, are employees of the (City/Town/County) for purposes of tax, retirement system, or social security (FICA) withholding. It is further understood that pursuant to section 39-71-401, MCA, the Sub-recipient has obtained, and will maintain at its expense for the duration of this Contract, coverage in a workers' compensation plan for its principals and employees for the services to be performed hereunder.

C. SCOPE OF SERVICES. The Sub-recipient will perform the following services:

(Here, or in an exhibit to the contract, explicitly and completely list the services and products the grant recipient expects of the Sub-recipient, including the timetable for completion of key tasks. Consult with your CDBG-ED liaison as to the specific services, which may be appropriate for each grant category.)

It is understood and agreed by the parties that the services of the Sub-recipient do not include any of the following: the disbursement or accounting of funds distributed by the (City's/Town's/County's) financial officer, legal advice, fiscal audits or assistance with activities not related to the CDBG-ED project.

1. The Sub-recipient will be responsible for all facets of the CDBG-ED gap financing and technical assistance program as described in the Management Plan for the CDBG-ED project. The Sub-recipient will also be responsible for all aspects of the local RLF program, including the following:

- a) Developing Policies and Procedures as they relate to the loan program and/or administering the local CDBG-ED grant program and the local RLF program.
- b) Conducting the local loan application process, including but not limited to:
 - (1) Application documentation;
 - (2) Environmental Review;
 - (3) Credit Analysis;
 - (4) Loan package development; and
 - (5) Collaboration with other funding sources as may be necessary to provide complete financing

2. During the term of this Agreement, the Sub-recipient will maintain reasonable records of its performance under this Agreement in a manner consistent with generally

accepted accounting principles. The Sub-recipient will allow the (County, City or Town) their authorized representatives access to these records at anytime during normal business hours. At the request of the (County, City or Town), the Sub-recipient will submit to the (County, City or Town), in the format prescribed by the (County, City or Town), status reports on its performance under this agreement.

3. The Sub-recipient will comply with the Revolving Loan Fund Plan as approved by the (County, City or Town) and the Montana Department of Commerce and attached to this Agreement as (Exhibit "A"). If the Sub-recipient ceases to exist or an Event of Default occurs, all program income relating to this grant, including funds on hand and accounts or notes receivable, will revert to the (County, City or Town).

D. DURATION OF THE AGREEMENT. This Agreement will become effective upon authorization by the (County, City or Town Commissioners or Council Members) and the (name of economic development corporation) Board of Directors and approval by the Department.

This Agreement will terminate if either party fails to meet the conditions of this Agreement or if an Event of Default occurs.

E. COMPENSATION. The Sub-recipient will retain all program income including principal and interest as the result of this grant award. These funds will be used to enhance a Revolving Loan Fund for the benefit of all eligible businesses located within the (County, City, Town or region). A portion of the interest income (XX%), not to exceed \$XX,XXX per year, may be used to cover the administrative costs of managing the fund. The Sub-recipient will be responsible for administration, management, and recording of fund income.

F. ADMINISTRATION

1. For the purposes of implementing this Agreement, the (County, City or Town) will appoint a local government project liaison that will work with the Sub-recipient. The parties will meet as necessary to provide for the efficient and smooth implementation of this Agreement and the activities contained herein. This Agreement will run concurrently with the Management Plan, which governs the management of the initial CDBG-ED grant, and will follow the Management Plan for issues related to the initial grant. This Sub-recipient Agreement governs the management of the resultant RLF until terminated as provided in Section G.

2. The Sub-recipient will comply with the "Certifications for Application" signed by the (County, City or Town) and submitted with the application for economic development assistance to the Department of Commerce.

3. The Sub-recipient will comply with Procurement Standards as outlined in Chapter 3 and Chapter 8 of the CDBG Administration Manual before entering into any agreements to

remodel, to purchase equipment or material, or to retain the services of a consultant or contractor.

4. The CDBG-ED project fund will be audited on a yearly basis in conjunction with Sub-recipient's agency-wide audit and the audit will be conducted according to OMB Circular A-133.

G. CONFLICT OF INTEREST. The Sub-recipient covenants that it presently has no interest and will not acquire any interest, direct or indirect, in the CDBG-ED project which would conflict in any manner or degree with the performance of its services hereunder. The Sub-recipient further covenants that, in performing this Contract, it will employ no person who has any such interest.

H. DISPOSITION OF REAL PROPERTY OR EQUIPMENT ACQUIRED. Upon the expiration of the Agreement, the Sub-recipient will transfer to the (County, City or Town) any CDBG-ED funds on hand at the time of expiration and any accounts receivable attributable from the use of CDBG-ED funds. With respect to any real property or equipment under the Sub-recipient control that was acquired or improved in whole or in part with CDBG-ED funds in excess of \$25,000, the Sub-recipient will either:

1. Use the property to meet the national objectives contained in 24 CFR section 570.901 for five (5) years after expiration of the Agreement; or

2. Dispose of the property in a manner consistent with OMB Circular A-102 Attachment "n" and as approved by the Department. Reimbursement is not required after the period of time specified in the first paragraph of this section. The proceeds from such disposition will be subject to the applicable provisions of 24 CFR 570.504 (program income).

I. DOCUMENTS INCORPORATED BY REFERENCE. THE (City's/Town's/County's) application to the Department for CDBG-ED funding, dated _____, 19__, and all applicable federal and state statutes and regulations are incorporated into this Contract by this reference and are binding upon the Sub-recipient.

J. CIVIL RIGHTS ACT OF 1964. The Sub-recipient will abide by the provisions of the Civil Rights Act of 1964 which states that under Title VI, no person may, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

K. SECTION 109 OF THE HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974. The Sub-recipient will comply with the following provision:

No person in the United States may on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with the funds made available under this title. Any prohibition against discrimination on the basis of age under the Age

Discrimination Act of 1975 or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973 will also apply to any such program or activity.

L. SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968. The Sub-recipient will ensure that to the greatest extent feasible, opportunities for training and employment arising in connection with this CDBG-ED assisted project will be extended to lower income project area residents. Further, the Sub-recipient will, to the greatest extent feasible, utilize business concerns located in or substantially owned by residents of the project area, in the award of contracts and purchase of services and supplies.

M. MINORITY BUSINESS ENTERPRISE. Consistent with the provisions of Executive Order 11246, the Sub-recipient will take affirmative steps to assure that minority businesses are used when possible as sources of supplies, equipment, construction and services. Additionally, the Sub-recipient will document all affirmative steps taken to solicit minority businesses and will forward this documentation along with the names of the minority subcontractors and suppliers to the local government CDBG-ED recipient upon request.

N. NONDISCRIMINATION. The Sub-recipient will not discriminate against any employee or applicant for employment on the basis of race, color, religion, creed, political ideas, sex, age, marital status, physical or mental handicap, or national origin.

O. OWNERSHIP AND PUBLICATION OF MATERIALS. All reports, information, data, and other materials prepared by the Sub-recipient pursuant to this Contract are the property of the (City/Town/County) and the Department which have the exclusive and unrestricted authority to release, publish or otherwise use, in whole or part, information relating thereto. Any reuse without written verification or adaptation by the Architect/Engineer for the specific purpose intended will be at the Owner's sole risk and without liability or legal exposure to the Architect/Engineer. No material produced in whole or in part under this Contract may be copyrighted or patented in the United States or in any other country without the prior written approval of the (City/Town/County) and the Department.

P. REPORTS AND INFORMATION. The Sub-recipient will maintain accounts and records, including personnel, property and financial records, adequate to identify and account for all costs pertaining to this Contract and such other records as may be deemed necessary by the (City/Town/County) to assure proper accounting for all project funds, both federal and non-federal shares. These records will be made available for audit purposes to the (City/Town/County) or its authorized representative, and will be retained for three years after receipt of final payment for the services rendered under this Contract unless permission to destroy them is granted by the (City/Town/County).

Q. ACCESS TO RECORDS. It is expressly understood that the Contractor's records relating to this Contract will be available during normal business hours for inspection by the

(City/Town/County), the Department, the U.S. Department of Housing and Urban Development, the U.S. Comptroller General, and, when required by law, the Montana Legislative Auditor and Legislative Fiscal Analyst.

R. INDEMNIFICATION. The Sub-recipient waives any and all claims and recourse against the (County, City or Town), including the right of contribution of loss or damage to person or property arising from, growing out of, or in any way connected with or incidental to the Sub-recipient's performance of this Agreement, except claims arising from the concurrent or sole negligence of the (County, City or Town) or its officers, agents or employees. The Sub-recipient will indemnify, hold harmless, and defend the (County, City or Town) against any and all claims, demands, damages, costs, expenses, or liability arising out of the Sub-recipient's performance of this Agreement except for liability arising out of the concurrent or sole negligence of the (County, City or Town) or its officers, agents, or employees.

S. TERMINATION OF AGREEMENT. If any of the following events occur, the (County, City or Town) may, in its sole discretion, declare such event a default under this Agreement:

1. Any representation or warranty made by the Sub-recipient in this Agreement or in any request or certificate or other information furnished to the (County, City or Town) under this Agreement proves to have been incorrect in any material respect; or
2. The Sub-recipient fails in any material respect to carry out its obligations under its proposal to the (County, City or Town) for the assistance provided under this Agreement.

If the Sub-recipient fails to perform any of its duties under this Agreement or if any event of default occurs, the (County, City or Town) may declare the Sub-recipient to be in default and thereafter give the Sub-recipient written notice setting forth the action or inaction which constitutes the default and giving the Sub-recipient 45 days in which to correct the default. If the Sub-recipient fails to correct the default within 45 days of receipt of this notice, the (County, City or Town) may notify the Sub-recipient in writing that any amount that is payable under this Agreement is due and payable in full within 45 days and this Agreement is terminated.

It is agreed by the parties that the provisions of this Agreement provide for reasonable and sufficient notice to be given to the Sub-recipient in case of the Sub-recipient's failure to comply with any of its covenants and that this notice is sufficient for the Sub-recipient to rectify its actions or inactions of default.

The waiver by the (County, City or Town) of any default by the Sub-recipient does not constitute a waiver of a continuing breach or a waiver of a subsequent breach. Any agreement contrary to this Agreement is not binding upon either party unless it is in writing and signed by both parties.

T. CONSTRUCTION AND VENUE

This Agreement will be construed under and governed by the laws of the State of Montana. The (County, City or Town) and the Sub-recipient agree that performance of this Agreement is in the County of _____, State of Montana and that in the event of litigation concerning it, venue is in the District Court of the _____th Judicial District in and for the County of _____, Montana. This Agreement will be construed under and governed by the laws of the State of Montana.

U. ELIGIBILITY. The Sub-recipient certifies that the Sub-recipient's firm and the firm's principals are not debarred, suspended, voluntarily excluded, or otherwise ineligible for participation in federally assisted contracts under Executive Order 12549, "Debarment and Suspension". (24 CFR 24.505)

This Sub-recipient Agreement has been approved by (name of County, City or Town) (board of commissioners or council members) and (name of nonprofit economic development corporation) Board of Directors.

IN WITNESS THEREOF, the parties hereto have caused this Agreement to be executed.

SAMPLE SUB-RECIPIENT AGREEMENT

(For non-RLF agreements)

THIS AGREEMENT is entered into this ____ day of ____, 19__, by (name of city, town or county), herein referred to as the (“County”, “City” or “Town”) and (name of economic development corporation), a nonprofit economic development corporation herein referred to as the “Sub-recipient.”

WITNESSETH THAT:

WHEREAS, (name of city, town or county) is the recipient of a Community Development Block Grant – Economic Development (CDBG-ED) Program by the Montana Department of Commerce, Business Resources Division herein referred to as “the Department,” and

WHEREAS, the purpose of the grant is to (name activities) for the residents of (name of city, town, county or region), and

WHEREAS, the (County, City or Town), desires to sub-grant the CDBG-ED funds to the Sub-recipient and engage the Sub-recipient to (name activities) on the (County’s, City’s or Town’s) behalf, and

WHEREAS, the Department has required the (County, City or Town) to enter into a Sub-recipient agreement with the Sub-recipient specifying the terms and conditions of the (County’s, City’s or Town’s) delegation of certain CDBG-ED responsibilities to the Sub-recipient, and

WHEREAS, (name of economic development corporation) is qualified as a (local development corporation or a nonprofit organization serving the development needs of the communities of nonentitlement areas) as defined by §105(a)(15) of Title I of the Housing and Community Development Act (the “Act”), and

WHEREAS, the parties to this Agreement understand that neither of them has in any way, expressly or impliedly, abrogated any of its individual powers, and further agree that this Agreement does not create any new organization or legal entity.

NOW, THEREFORE, in consideration of the mutual covenants and conditions set out in this Agreement, the parties agree as follows:

A. SPECIAL PROVISIONS. The (County, City or Town) agrees, under the terms and conditions of this Agreement, to sub-grant CDBG-ED funds for (name of activities) to the Sub-recipient.

B. INDEPENDENT SUB-RECIPIENT. It is understood by the parties hereto that the Sub-recipient is an independent Sub-recipient and that neither its principals nor its employees, if any, are employees of the (City/Town/County) for purposes of tax, retirement system, or social security (FICA) withholding. It is further understood that pursuant to section 39-71-401, MCA, the Sub-recipient has obtained, and will maintain at its expense for the duration of this Contract, coverage in a workers' compensation plan for its principals and employees for the services to be performed hereunder.

C. COMPENSATION. Neither the cost of architectural, engineering, or grant administrative services plus a percentage of that cost method nor the percentage of construction cost method will serve as the basis for compensating the sub-recipient for its services provided under this Contract.

For the satisfactory completion of the services to be provided under this Contract, the (City/Town/County) will pay the Sub-recipient a sum not to exceed \$_____ as in the manner set forth in the attached Exhibit _____, which by this reference is made a part of this contract. Each specific service the Sub-recipient will provide under this contract, and the maximum amount that the (City/Town/County) will pay the Sub-recipient for each of these services, is set forth in the attached Exhibit _____.

The amount to be paid will be calculated according to the hourly billing rates for the various personnel as described in Exhibit _____. The Sub-recipient may submit monthly requests for payment, based on actual work performed, which must be accompanied by an itemized invoice describing the services furnished, the number of hours worked to accomplish each item, the amount being billed for each item, a description of any other eligible expenses incurred during the billing period, and the total amount being billed.

D. SCOPE OF SERVICES. The Sub-recipient will perform the following services: (Here, or in an exhibit to the contract, explicitly and completely list the services and products the grant recipient expects of the Sub-recipient, including the timetable for completion of key tasks. Consult with your CDBG-ED liaison as to the specific services which may be appropriate for each grant category.)

It is understood and agreed by the parties that the services of the Sub-recipient do not include any of the following: the disbursement or accounting of funds distributed by the (City's/Town's/County's) financial officer, legal advice, fiscal audits or assistance with activities not related to the CDBG-ED project.

1. The Sub-recipient will be responsible for all facets of the CDBG-ED gap financing and technical assistance project as described in the ("County", "City" or "Town's") CDBG-ED application.

2. During the term of this Agreement, the Sub-recipient will maintain reasonable records of its performance under this Agreement in a manner consistent with generally accepted accounting principles. The Sub-recipient will allow the (County, City or Town) their authorized representatives access to these records at anytime during normal business hours. At the request of the (County, City or Town), the Sub-recipient will submit to the (County, City or Town), in the format prescribed by the (County, City or Town), status reports on its performance under this agreement.

3. If the Sub-recipient ceases to exist or an Event of Default occurs, all grant funding on hand and accounts or notes receivable related to this agreement, will revert to the (County, City or Town).

E. DURATION OF THE AGREEMENT. This Agreement will become effective upon authorization by the (County, City or Town Commissioners or Council Members) and the (name of economic development corporation) Board of Directors and approval by the Department.

This Agreement will terminate if either party fails to meet the conditions of this Agreement or if an Event of Default occurs.

F. ADMINISTRATION

5. For the purposes of implementing this Agreement, the (County, City or Town) will appoint a local government project liaison that will work with the Sub-recipient. The parties will meet as necessary to provide for the efficient and smooth implementation of this Agreement and the activities contained herein. This Agreement will run concurrently with the Management Plan, which governs the management of the initial CDBG-ED grant, and will follow the Management Plan for issues related to the initial grant

6. The Sub-recipient will comply with Procurement Standards as outlined in Chapter 3 and Chapter 8 of the CDBG-ED Administration Manual before entering into any agreements to remodel, to purchase equipment or material, or to retain the services of a consultant or Sub-recipient.

7. The CDBG-ED project fund will be audited on a yearly basis in conjunction with Sub-recipient's agency-wide audit and the audit will be conducted according to OMB Circular A-133.

G. CONFLICT OF INTEREST. The Sub-recipient covenants that it presently has no interest and will not acquire any interest, direct or indirect, in the CDBG-ED project which would conflict in any manner or degree with the performance of its services hereunder. The Sub-recipient further covenants that, in performing this Contract, it will employ no person who has any such interest.

H. DISPOSITION OF REAL PROPERTY OR EQUIPMENT ACQUIRED. Upon the expiration of the Agreement, the Sub-recipient will transfer to the (County, City or Town) any CDBG-ED funds on hand at the time of expiration and any accounts receivable attributable from the use of CDBG-ED funds. With respect to any real property or equipment under the Sub-recipient control that was acquired or improved in whole or in part with CDBG-ED funds in excess of \$25,000, the Sub-recipient will either:

1. Use the property to meet the national objectives contained in 24 CFR section 570.901 for five (5) years after expiration of the Agreement; or
2. Dispose of the property in a manner consistent with OMB Circular A-102 Attachment "n" and as approved by the Department. Reimbursement is not required after the period of time specified in the first paragraph of this section. The proceeds from such disposition will be subject to the applicable provisions of 24 CFR 570.504 (program income).

I. DOCUMENTS INCORPORATED BY REFERENCE. THE (City's/Town's/County's) application to the Department for CDBG-ED funding, dated _____, 19__, and all applicable federal and state statutes and regulations are incorporated into this Contract by this reference and are binding upon the Sub-recipient.

J. CIVIL RIGHTS ACT OF 1964. The Sub-recipient will abide by the provisions of the Civil Rights Act of 1964 which states that under Title VI, no person may, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

K. SECTION 109 OF THE HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974. The Sub-recipient will comply with the following provision: No person in the United States may on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with the funds made available under this title. Any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973 will also apply to any such program or activity.

L. SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968. The Sub-recipient will ensure that to the greatest extent feasible, opportunities for training and employment arising in connection with this CDBG-ED-assisted project will be extended to lower income project area residents. Further, the Sub-recipient will, to the greatest extent feasible, utilize business concerns located in or substantially owned by residents of the project area, in the award of contracts and purchase of services and supplies.

M. MINORITY BUSINESS ENTERPRISE. Consistent with the provisions of Executive Order 11246, the Sub-recipient will take affirmative steps to assure that minority businesses are used when possible as sources of supplies, equipment, construction and services. Additionally, the Sub-recipient will document all affirmative steps taken to solicit minority businesses and will forward this documentation along with the names of the minority Sub-recipients and suppliers to the local government CDBG-ED recipient upon request.

N. NONDISCRIMINATION. The Sub-recipient will not discriminate against any employee or applicant for employment on the basis of race, color, religion, creed, political ideas, sex, age, marital status, physical or mental handicap, or national origin.

O. OWNERSHIP AND PUBLICATION OF MATERIALS. All reports, information, data, and other materials prepared by the Sub-recipient pursuant to this Contract are the property of the (City/Town/County) and the Department which have the exclusive and unrestricted authority to release, publish or otherwise use, in whole or part, information relating thereto. Any reuse without written verification or adaptation by the Architect/Engineer for the specific purpose intended will be at the Owner's sole risk and without liability or legal exposure to the Architect/Engineer. No material produced in whole or in part under this Contract may be copyrighted or patented in the United States or in any other country without the prior written approval of the (City/Town/County) and the Department.

P. REPORTS AND INFORMATION. The Sub-recipient will maintain accounts and records, including personnel, property and financial records, adequate to identify and account for all costs pertaining to this Contract and such other records as may be deemed necessary by the (City/Town/County) to assure proper accounting for all project funds, both federal and non-federal shares. These records will be made available for audit purposes to the (City/Town/County) or its authorized representative, and will be retained for three years after receipt of final payment for the services rendered under this Contract unless permission to destroy them is granted by the (City/Town/County).

Q. ACCESS TO RECORDS. It is expressly understood that the Sub-recipient's records relating to this Contract will be available during normal business hours for inspection by the (City/Town/County), the Department, the U.S. Department of Housing and Urban Development, the U.S. Comptroller General, and, when required by law, the Montana Legislative Auditor and Legislative Fiscal Analyst.

R. INDEMNIFICATION. The Sub-recipient waives any and all claims and recourse against the (County, City or Town), including the right of contribution of loss or damage to person or property arising from, growing out of, or in any way connected with or incidental to the Sub-recipient's performance of this Agreement, except claims arising from the concurrent or sole negligence of the (County, City or Town) or its officers, agents or employees. The Sub-recipient will indemnify, hold harmless, and defend the (County, City or Town) against any and all claims, demands, damages, costs, expenses, or liability arising out of the Sub-recipient's performance of this Agreement except for liability arising out of the concurrent or sole negligence of the (County, City or Town) or its officers, agents, or employees.

S. TERMINATION OF AGREEMENT. If any of the following events occur, the (County, City or Town) may, in its sole discretion, declare such event a default under this Agreement:

3. Any representation or warranty made by the Sub-recipient in this Agreement or in any request or certificate or other information furnished to the (County, City or Town) under this Agreement proves to have been incorrect in any material respect; or

4. The Sub-recipient fails in any material respect to carry out its obligations under its proposal to the (County, City or Town) for the assistance provided under this Agreement.

If the Sub-recipient fails to perform any of its duties under this Agreement or if any event of default occurs, the (County, City or Town) may declare the Sub-recipient to be in default and thereafter give the Sub-recipient written notice setting forth the action or inaction which constitutes the default and giving the Sub-recipient 45 days in which to correct the default. If the Sub-recipient fails to correct the default within 45 days of receipt of this notice, the (County, City or Town) may notify the Sub-recipient in writing that any amount that is payable under this Agreement is due and payable in full within 45 days and this Agreement is terminated.

It is agreed by the parties that the provisions of this Agreement provide for reasonable and sufficient notice to be given to the Sub-recipient in case of the Sub-recipient's failure to comply with any of its covenants and that this notice is sufficient for the Sub-recipient to rectify its actions or inactions of default.

The waiver by the (County, City or Town) of any default by the Sub-recipient does not constitute a waiver of a continuing breach or a waiver of a subsequent breach. Any agreement contrary to this Agreement is not binding upon either party unless it is in writing and signed by both parties.

T. CONSTRUCTION AND VENUE

This Agreement will be construed under and governed by the laws of the State of Montana. The (County, City or Town) and the Sub-recipient agree that performance of this Agreement is in the County of _____, State of Montana and that in the event of litigation concerning it, venue is in the District Court of the _____th Judicial District in and for the County of _____, Montana. This Agreement will be construed under and governed by the laws of the State of Montana.

U. ELIGIBILITY. The Sub-recipient certifies that the Sub-recipient's firm and the firm's principals are not debarred, suspended, voluntarily excluded, or otherwise ineligible for participation in federally assisted contracts under Executive Order 12549, "Debarment and Suspension". (24 CFR 24.505)

This Sub-recipient Agreement has been approved by (name of County, City or Town) (board of commissioners or council members) and (name of nonprofit economic development corporation) Board of Directors.

IN WITNESS THEREOF, the parties hereto have caused this Agreement to be executed.

Funds will be transferred to the Local Development Organization (LDO) account and the Local Development Organization (LDO) will disperse funds to the borrowers
- b. Entering all project transactions into the City. Town, County existing accounting system (BARS) and preparing warrants for approved expenditures.
- c. With the assistance of the Project Administrator, preparing the Request for Payment and Status of Funds Reports to be submitted to MDOC. All drawdown requests will be signed by two of the three following persons: (i.e. Mayor, Director of the County Development Office, President of the City Council).
- d. The (i.e. Project Administrator, the County Development Director and/or City Clerk) will review all proposed expenditures of CDBG-ED funds and will prepare drawdown requests, which will be signed by the officials cited above. All disbursements will be made in accordance with the City. Town, County established claim review procedures. Before submitting the claim to the City. Town, County Clerk, the Project Administrator will attach a certification to each claim stating that the proposed expenditure is an eligible expense of the City. Town, County CDBG-ED grant and consistent with the project budget
- e. With the assistance of the Project Administrator, preparing the final financial report for project closeout
- f. Financial record keeping will conform to the recommendations of the MDOC/Local Governmental Services Bureau as described in Chapter 4 of the CDBG Administration Manual. The original financial documents (claims with all supporting documents attached) will be retained in the Name of Local Government offices.
- g. With oversight and approval from Name of Local Government, Local Development Organization (LDO) will administer the project within the framework of its financial procedures manual. These procedures are designed to ensure the efficient and effective administration of federal grants within the constraints of uniform federal compliance requirements as outlined in OMB Circular A-110 and further codified in 24 CFR 570-502 (Revised as of April 1, 1997).

- h. A separate fund for the project will be set up within the general ledger accounts at **Local Development Organization (LDO)**. All CDBG-ED activities including revenues, administrative expenditures, loans, and loan repayments will be segregated recorded, and reported in this fund and will be entitled "**Name of Local Government CDBG-ED Project Fund**". The first transaction from the fund will be a loan to **Name of Assisted Business** for **\$xxx,xxx.xx**. In conjunction with the loan closing date, the first drawdown from project activity funds will be requested from the **Name of Local Government. Local Development Organization (LDO)** will prepare the drawdown request and forward it to the **City. Town, County**. The **City. Town, County** will review the request in accordance with its normal claim review process, sign the request, and forward it to the MDOC. The loan closing date will be scheduled to coincide with receipt of funds in the **Name of Local Government** account to prevent interest earnings on cash held at either the **Name of Local Government** or **Local Development Organization (LDO)** before ultimate loan disbursement to **Name of Assisted Business**.
- i. Subsequent draw downs will consist of **administrative payments** from the **Name of Local Government** to **Local Development Organization (LDO)**. **Administrative payments will consist of reimbursement for actual time and costs incurred (Exhibit "X")**. **Local Development Organization (LDO)** will prepare the CDBG-ED drawdown and attach a copy of an interim expenditure report. The expenditure report is generated from **Local Development Organization (LDO)** automated accounting system and includes a detail for **actual monthly expenses**, project to date expenses, a budget for each line item expense, and the budget remaining for each line item. Upon review and approval, the **Name of Local Government** will forward the request to the MDOC. The **Name of Local Government** will reimburse **Local Development Organization (LDO)** upon receipt of funds from the MDOC. *(Refer to attachment for sample compensation language.)*
- j. The CDBG-ED project fund will be audited on a yearly basis in conjunction with **Name of Local Government's** audit, and the audit will be conducted according to OMB Circular A-133.

PROGRAM INCOME AND REVOLVING LOAN FUND

Repayments of principal and interest on the note to **Name of Assisted Business** will be deposited in the Revolving Loan Fund (*see RLF Plan*). It is the intent of the **Name of Local Government** and **Local Development Organization (LDO)** to maintain net equity in the fund at the original project level (**\$xxx,xxx**). Interest earnings will be used to fund administrative expenses and loan loss reserves. The fund will be managed to provide a source of ongoing funding for the **Name of Local Government** projects that impact LMI persons. Before the beginning of each year, **Local Development Organization (LDO)** will report the results of operations and

the fund's financial position to the **Name of Local Government**. At that time, an administrative budget for the following year will also be submitted for review and approval. Based upon **Local Development Organization (LDO)** success in program management, the **City. Town, County** will authorize administrative expenses for the next year's activity.

MONTANA DEPARTMENT OF COMMERCE COMMUNITY DEVELOPMENT BLOCK GRANT ECONOMIC DEVELOPMENT PROGRAM CONFIDENTIALITY AND NON-DISCLOSURE AGREEMENT

THIS CONFIDENTIALITY AND NON-DISCLOSURE AGREEMENT (“Agreement”) is made as of the (day) day of (month), (year), by and between (Name of Company) (“Company”) and its affiliates and the Montana Department of Commerce (“MDOC”) and its affiliates.

WHEREAS, the MDOC has requested and/or may request verbal and written information from the Company and its affiliates regarding the Company and certain of its affiliates and Project (including without limitation the proposed (Project Description)) to be located in (City, Town, or County), Montana incident to discussions concerning one or more possible loan transactions or grants for the benefit of the Company. The MDOC will accept a copy of the Business Plan and any supporting documentation submitted by the Company.

NOW, THEREFORE, in consideration of the premises and the disclosure of such information, each Party hereby, intending to be legally bound, agrees to the following provisions:

1. The Company understands and agrees that, pursuant to the Montana Supreme Court’s decision in *Great Falls Tribune v. Public Service Commission*, 319 Mont. 38, 82 P.3d 876 (2003), all documents filed with the MDOC by the Company are presumptively available for access by the public under the “right to know” provision of Article 2, Section 9 of the Montana Constitution. Under the decision, however, the presumption that all documents filed by the Company with the MDOC are public may be overcome by the proper showing, consistent with the court’s decision.
2. If the Company submits documents or information to the MDOC that it considers confidential and wishes the documents or information to be withheld from public disclosure, it will identify which part of the documents or information it considers confidential at the time the documents or information are submitted. The Company will identify the confidential items through an affidavit that clearly states the facts upon which it believes the documents or information should be withheld from public disclosure. The stated facts must be specific enough so that reviewing authorities can clearly understand the nature and basis of the Company’s claims to the right of confidentiality. A statement that all documents or information submitted by the Company are confidential, or other conclusory statements, will be ineffective to prevent public disclosure. The Company understands and agrees that the affidavit it submits is subject to public disclosure.
3. If individual documents or information are not specified as confidential or the affidavit is factually insufficient to support confidentiality, the MDOC will deem the documents or information submitted as subject to public disclosure.

4. The MDOC will take reasonable steps to protect documents or information designated as confidential and for which the Company submitted an affidavit clearly stating the factual basis for the claim of confidentiality. Upon receiving a written request from a third party to review any confidential documents or information, the MDOC will notify the Company of the request in writing. The written notice provided by MDOC will enclose a copy of the third party request. The written notice and third party request will be sent by U.S. mail and by fax to the following addresses and fax numbers:

To (Name of Company): (Company Address)
Attention: (Name of Company Contact)
Fax #: (Fax Number)

with a copy to: (Address)
(If required) Attention: (Name of Contact)
Fax #: (Fax Number)

5. It is the responsibility of the Company upon receipt of the written notice from MDOC to take such action as is necessary to protect the documents or information from disclosure, including obtaining a court order protecting the documents or information from disclosure if necessary. If the MDOC does not receive an order from a court of competent jurisdiction ordering the MDOC to maintain confidentiality of the requested information or the MDOC is not notified of other arrangements made between the Company and the requesting party within 10 days from the date of the written notice by the MDOC to the Company of the third party request, the information will be disclosed to the requesting party, notwithstanding the affidavit. The MDOC will not assert the right of confidentiality for the Company in any court, whether sitting at law or in equity.

6. The Company agrees that in the event MDOC discloses documents or information in accordance with the provisions of this Agreement, the Company will not assert any claim, liability, demand, or cause of action against MDOC for a violation of any confidentiality interest in any documents or information that it has submitted to MDOC.

7. The Company agrees it will defend, indemnify, and save harmless the MDOC against and from any and all claims, liabilities, demands, causes of action, judgments, damages, and losses, including costs and attorneys' fees associated with any action for release of documents or information submitted to MDOC by the Company, whether such action is brought in the name of the Company or a third party.

8. The Community Development Block Grant – Economic Development (CDBG-ED) Program is a federal program managed by the MDOC and is subject to audit and monitoring reviews by federal and state officials. The MDOC is required by federal and state regulations and laws to provide access to state and federal audit and monitoring officials in order to document compliance with applicable state and federal regulations and laws. In the event and to the extent access to information provided to the MDOC by the Company related to the CDBG-ED program

and otherwise subject to this Agreement is requested by federal or state auditors, the Company agrees that the MDOC may disclose such information to such auditors, provided that (a) such information is used only by such auditors for the purposes set forth in the previous sentence, and for no other purposes whatsoever; and (b) such information in the possession of or otherwise disclosed to such auditors shall remain subject to the provisions of this Agreement.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their respective duly authorized representatives as of the date first above written.

WHEREAS, this Contract between the County and the City will enable them to enhance cooperation in implementing the County's and City's CDBG-ED award to accomplish the above-described project; and

WHEREAS, the County and City have agreed to enter into a Sub-Recipient Agreement with (Name of Local Development Organization) to administer the grant and to sub-grant program income resulting from repayment of principal and interest on the loan to (Name of Local Development Organization) to establish and administer a revolving loan fund account for the County; and

WHEREAS, the County and City have determined that the County, in its capacity as a CDBG-ED grantee, is in the best position to supervise the implementation of the grant through (Name of Local Development Organization); and

WHEREAS, the Montana Department of Commerce has required the County to enter into a contract with the City specifying the terms and conditions of the City's delegation of certain CDBG-ED responsibilities to the County; and

WHEREAS, both parties to this Contract understand that neither local government involved herein has in any way, expressly or implied, abrogated any of its individual powers, and that this Contract does not create any new organization or legal entity.

NOW, THEREFORE, THE COUNTY AND THE CITY MUTUALLY AGREE AS FOLLOWS:

- I. Responsibilities Delegated to the City and County
 - A. The City and County will show compliance with all applicable state and federal requirements contained in the Certifications for Application submitted to the Montana Department of Commerce with the joint City-County application for CDBG-ED assistance, dated (Enter date of CDBG-ED application).

- B. The City and County will show compliance with all other applicable state and federal requirements as described in the Montana Community Development Block Grant Program Grant Administration Manual.
- C. During the term of this Contract, the County will maintain reasonable records of its performance hereunder in a manner consistent with generally accepted accounting principles. The County will allow the City and the Montana Department of Commerce and their authorized representative's access to these records at any time during normal business hours. At the request of the City, the County will submit to the City, in the format prescribed by the City, status reports on its performance under this Contract.

II. Duration of the Contract

- A. This Contract takes effect when the following conditions are satisfied:
 - 1. The Montana Department of Commerce, and County have executed the CDBG-ED Grant Agreement;
 - 2. All requirements of the environmental review process have been satisfied;
 - 3. The Montana Department of Commerce has approved the County's "Request for Release of Funds and Certification";
 - 4. The County's attorney and the attorney for the City have approved this Contract as to form and content; and
 - 5. The County Board of Commissioners and the City Council have each reviewed this Contract and agreed fully to its terms and conditions.
- B. This Contract will terminate 90 days after the CDBG-ED program grant contract has been completed and closed in a manner acceptable to the Montana Department of Commerce.

III. Administration

- A. The primary purpose of this Contract is to allow the City to delegate responsibility for any and all administration of this project to the County and the Sub-Recipient (Name of Local Development Organization).

- B. For purposes of implementing the joint undertaking established by this Contract, the County's Board of Commissioners and the City County hereby agree to enter into a Grant Management Plan and Sub-Recipient Agreement with (Name of Local Development Organization) (attached as Exhibits A and B) to provide for the efficient and effective implementation of this Contract and the activities contained herein.
- C. The County will comply with the federal administrative requirements contained in 24 Code of Federal Regulations (CFR), section 570.502, as applicable.
- D. The County will carry out each activity under this Contract in compliance with all federal laws and regulations described in 24 CFR sections 570.600 through 570.612 (Subpart K), except that:
 - 1. The County does not assume the City's environmental responsibilities described at 24 CFR section 570.604, and
 - 2. The County does not assume the City's responsibility for initiating the review process under the provisions of 24 CFR Part 58.
- E. The City and County agree that all funds received through the state for administration or to fund the activities shall be passed through to the Sub-Recipient; that all activity funds received as a result of this grant shall be made available to (Name of Assisted Business), and that all program income received as a result of payment of principal and interest to the loan fund will be sub-granted to the Sub-Recipient to establish and maintain a revolving loan fund for the County.

VI. Indemnification

The County waives any and all claims and recourse against the City, including the right of contribution for loss or damage to persons or property arising from, growing out of or in any way connected with or incident to the County's performance of this Contract except claims arising from the concurrent or sole negligence of the City or its officers, agents, or employees. The County will indemnify, hold harmless, and defend the City against any and all claims, demands, damages, costs, expenses, or liability arising out of the County's performance of this Contract except for liability arising out of the concurrent or sole negligence of the City or its officers, agents, or employees.

VII. Suspension and Termination

In accordance with 24 CFR 85.43, the County may suspend or terminate this Contract if the City materially fails to comply with any term of the City/County's CDBG-ED grant agreement with the Montana Department of Commerce. In addition the County may terminate this Contract for convenience in accordance with 24 CFR 85.44.

This Contract has been approved by the County's Board of Commissioners and the City Council.

APPENDIX S
CALCULATION OF BENEFIT
TO LOW AND MODERATE INCOME PERSONS AND
RACE AND ETHNICITY CATEGORIES

Communities with a local CDBG economic development project must use the following format for job applicants and new hires for jobs created or retained to document the family income. *****Contact the CDBG-ED staff for a copy of the latest HUD Income Limits for each county in the State. This publication changes every year.*** New income figures are available each spring from the Department of Housing and Urban Development. The new income figures will be sent to current grantees as soon as they are available. The figures for income levels for the county in which the project will be located should be placed under the appropriate spaces on the form for each family size.

The income level stated for the form can be based on either the previous 12 months before the date the form is signed or on the income reported on the most recent income tax form submitted to the Internal Revenue. The method used should be consistent. It is often difficult for an individual to determine accurately the income for the previous 12 months, which would necessitate using the reported income tax statement for the most recent tax year.

Race and ethnicity categories should be collected at the same time that income surveys are given. A sample form is part of this exhibit for collection of that data.

NOTE: The form included here is the acceptable format. Other variations of the form may not meet HUD guidelines, and the Department must review other variations before they are used. The form used must have the warning that income may be verified and penalties could be imposed for false statements. Information obtained from the applicant should be sufficient to complete **Exhibit 8-F**. Copies are available from the Department.

Income Certification for Job Creation and/or Retention

The following information is necessary for purposes of documenting that you qualify as a low and moderate income (LMI) person under our community's Community Development Block Grant – Economic Development (CDBG-ED) project. The CDBG-ED Program is a federal program intended to assist "low and moderate income families." Your response will be kept confidential and will not be available to the general public.

Included in the federal definition of "annual income" are all payments from all sources received by the family head (even if temporarily absent) and each additional member of the family who is not a minor. Income includes:

1. The gross amount, before any payroll deductions, of wages and salaries, overtime pay, commissions, fees, tips and bonuses;
2. The net income from operation of a business or profession or from rental or real or personal property (this includes gross receipts, minus operating expenses, received from the operation of an unincorporated farm or ranch);
3. Interest and dividends;
4. The full amount of periodic payments received from social security, annuities, insurance policies, retirement funds, pensions, disability or death benefits and other similar types of periodic receipts;
5. Payments in lieu of earnings, such as unemployment and disability compensation, worker's compensation and severance pay;
6. Public assistance;
7. Periodic and determinable allowances, such as alimony and child support payments, and regular contributions or gifts received from persons not residing in the dwelling; and
8. All regular pay, special pay and allowances of a member of the armed forces (whether or not living in the dwelling) who is head of the family or spouse.
9. Indicate whether or not your employment status prior to being hired for this current position was "unemployed prior to hire", or "employed elsewhere prior to hire" (**for new hires**); or "currently hired in this position" if you're not a new employee.

Federal Standards for Definition of Low and Moderate Income Status
(Income eligibility standards from the U.S. Housing Act of 1937)

Section 889.103. Determination of income for eligibility.

For purposes of determining whether a family is a lower-income family, income shall be determined in accordance with Section 889.104, except that where a family has net family assets in excess of \$5,000, income shall include the actual amount of income, if any, derived from all of the net family assets or 10 percent of the value of all such assets, whichever is greater. For purposes of this section, net family assets means value of equity in real property, savings, stocks, bonds, and other forms of capital investment. The value of necessary items such as furniture and automobiles shall be excluded.

Section 889.104. Computation of annual income.

- (a) Except as provided in paragraph (b) of this section, all payments from all sources received by the family head (even if temporarily absent) and each additional member of the family household who is not a minor shall be included in the annual income of a family. Income shall include, but not be limited to:
- (1) The gross amount, before any payroll deductions, of wages and salaries, overtime pay, commissions, fees, tips and bonuses;
 - (2) The net income from operation of a business or profession or from rental or real or personal property (for this purpose, expenditures for business expansion or amortization of capital indebtedness shall not be deducted to determine the net income from a business);
 - (3) Interest and dividends;
 - (4) The full amount of periodic payments received from social security, annuities, insurance policies, retirement funds, pensions, disability or death benefits and other similar types of periodic receipts;
 - (5) Payments in lieu of earnings, such as unemployment and disability compensation, workmen's compensation and severance pay (see paragraph (8) (b) (3) of this section).
 - (6) Public Assistance. If the public assistance payment includes an amount specifically designated for shelter and utilities which is subject to adjustment by the public assistance agency in accordance with the actual cost of shelter and utilities, the amount of public assistance income to be included as income shall consist of:
 - (i) The amount of the allowance or grant exclusive of the amount specifically designated for shelter and utilities, plus
 - (ii) The maximum amount which the public assistance agency could in fact allow for the family for shelter and utilities.
 - (7) Periodic and determinable allowances, such as alimony and child support payments, and regular contributions or gifts received from persons not residing in the dwelling:

- (8) All regular pay, special pay and allowances of a member of the armed forces (whether or not living in the dwelling) who is head of the family or spouse (see paragraph (8) (b) (5) of this section).
- (b) The following items shall not be considered as income:
 - (1) casual, sporadic or irregular gifts;
 - (2) amounts which are specifically for or in reimbursement of the cost of medical expenses;
 - (3) lump-sum additions to family assets, such as inheritances, insurance payments (including payments under health and accident insurance and workmen's compensation), capital gains and settlement for personal or property losses;
 - (4) Amounts of educational scholarships paid directly to the student or to the educational institution, and amounts paid by the government to a veteran for use in meeting the costs of tuition, fees, books and equipment. Any amounts of such scholarships, or payments to veterans, not used for the above purposes of which are available for subsistence are to be included in income;
 - (5) The special pay to a serviceman head of a family away from home and exposed to hostile fire;
 - (6) Relocation payments made pursuant to Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970;
 - (7) foster child care payments;
 - (8) the value of coupon allotments for the purchase of food pursuant to the Food Stamp Act of 1964 which is in excess of the amount actually charged the eligible household;
 - (9) payments received pursuant to participation in the following volunteer programs under the ACTION Agency;
 - (i) National Volunteer Antipoverty Programs which include VISTA, Service Learning Programs and Special Volunteer Programs.
 - (ii) National Older American Volunteer Programs for persons aged 60 and over which include Retired Senior Volunteer Programs, Foster Grandparent Program, Older American Community Services Program, and National Volunteer Program to Assist Small Business Experience, Service Corps of Retired Executive (SCORE) and Active Corps of Executives (ACE).

SAMPLE BUSINESS PLAN

INTRODUCTION

The following Business Plan Outline is adapted from a sample business plan format prepared by the staff of the Indian Community Development Block Grant (CDBG) Program, U.S. Department of Housing and Urban Development, Region VIII, Denver, Colorado.

This outline is being distributed by the Montana CDBG-ED Program as an example of a business plan format that could be followed to fulfill the requirement for submission of a business plan for applications for the Economic Development grant category. Refer to the CDBG-ED Application Guidelines for a detailed description of the CDBG-ED Business Plan Requirements.

If you have any questions regarding this or any other requirements established for economic development applications under the Montana CDBG-ED Program, contact the Montana Department of Commerce CDBG staff at 841-2733.

The following business plan outline provides the basic information necessary to evaluate an economic development proposal. Quality and accuracy do not necessarily mean long narratives. All of the data should be complete and concise to convey the required information. Where a section is not applicable to a given proposal, this should be explained.

BUSINESS PLAN

I. Executive Summary

The summary should describe concisely what the business is all about and provide enough detail so that someone can read it and have a general understanding of the business without reading the rest of the plan. The summary should contain the following elements:

A. Business Description:

1. Name: Provide the business name of the company or corporation.
2. Location and Plant Description: The address of the business should be identified and the location described. Also, a physical description of the plant should be provided such as: sawmill with specific number of saws, buildings, and holding yard acreage;
3. Product and Services: Describe the product and/or service to be provided by the business or industry.
4. Market and Competition: Describe the market in which the product or service is to be sold. The market should be defined in terms of geography, demographic sectors, existing consumption levels, and potential. Competitors should be identified in terms of who they are, what their potential is, and how well they are serving the existing market and also potential new competitors. The condition of the market should be described in terms of: Is it saturated? Is there room for expansion? Do gaps or niches exist?

B. Business Objectives:

Describe the long-range objectives for the business and provide a timeframe indicating when the objectives are to be achieved.

C. Summary of Financial Needs:

1. Proposed Uses of Funds: Describe what the requested funds will be used for and when they will be expended. General categories such as land acquisition, building construction or renovation, purchase of inventory or equipment, or working capital should be used with estimates for each identified.
2. Proposed Sources of Funds: For each source of funds proposed, identify the dollar amount, terms, conditions, and timing. Also, the type and price of security pledge required should be identified, such as, Certificates of Deposit (CD), personal property, personal guarantees, or income from sales.

II. Market Analysis

A. Descriptions of the Total Market: All of the characteristics of the market that are necessary to define it or have an impact on it should be discussed including, but not limited to, the following as applicable:

1. The geographic market area should be described;
2. Market characteristics that could affect sales should be defined, and an explanation given to their effect on the business, if applicable;
3. The volume of trade should be described in terms of sales and units or services provided;
4. Demographic characteristics, which influence the market, such as age groups, income, employment and/or other patterns should be described;
5. Interrelationships with other industries or businesses that have an effect on the business, such as suppliers of materials, transportation companies, technology services, etcetera; and
6. Other characteristics that define the market including a definition (or map) of the market area.

B. Industry Trends: A description of the industry should be provided, including such elements as:

1. Growth and contraction of the industry and causes of such changes;
2. The effects of changing technology;
3. The effects of political policy and regulatory controls;

4. Historical and cyclical trends in the industry that may continue into the future; and
5. Projected trends.

Whenever possible, the description should be supported by data and analysis taken from verifiable and dependable sources such as trade journals, government reports or independent surveys.

- C. Target Market: The target market should be identified in such a way that it is clear who or what specific segment of the market will be targeted for the subject product or service and why. Suggested aspects of the market to consider are:
 1. Does a niche exist in the market where a segment of the market is not being adequately served or is not being served at all?
 2. Is there a geographic area that is not being served?
 3. Does the business have a superior product for a particular segment of the market?
 4. Is the nature of the industry such that it is possible to capture a fair share of the market simply by providing a standard product or service at a competitive price?
- D. Competition: Describe the nature of the competition in the market, such as, who they are, which firms will be competing directly, how long they have been in business, whether they have a competitive product or service or how are they apt to react to the entry of a new business or product. Whenever possible, this analysis should be supported by data regarding the industry.

III. Product or Service

- A. Description of Product Line: Describe the product or service to be provided by the business in terms of quality, innovation, special characteristics, and how available. If the product has multiple elements, such as manufacturing and retail, these should be defined and explained.
- B. Proprietary Position: Are there patents, copyrights, and legal and technical considerations, which must be cleared or addressed before the business can begin or continue to operate? These considerations should be detailed in terms of necessary actions, timeframes and potential results. If these considerations provide an advantage (or disadvantage) for the business, they should be thoroughly explained.
- C. Comparison to Competitors' Products: In addition to knowing the competition's strengths and weaknesses, it is important to know about their product or service. The following should be addressed:

1. How long has it been on the market?
2. Is it current with the latest technology?
3. What are its strengths and weaknesses in quality, design, function, etcetera?
4. How is it marketed, i.e., advertisement, promotion, direct mail, catalog, etcetera?
5. Where is it in its product life cycle?
6. Are there unique features about the product?
7. Are there proprietary rights that give the product an advantage?

These and other factors should be evaluated for their significance, and compared to the product or service of the subject business. Then the following should be addressed:

1. Can the product compete?
2. What must be changed (if anything) to compete more effectively?
3. What advantages exist for competing in the market?
4. How is the subject product or service better or worse?

IV. Manufacturing Process (If Applicable)

- A. **Materials:** What materials are necessary to produce the product? Discuss these materials in terms of quality, special features, and alternatives.
- B. **Source of Supply:** The source of materials should be discussed in terms of availability, cost, location, amounts, how accessible, supplies, number of materials, interrelations of materials, transportation of materials, and storage, spoilage or deterioration rates.
- C. **Production Methods:** Describe how the product will be made in terms of facilities and equipment, labor, processing, scheduling, timing, production levels, capacity, movement, inventories, and quality control. In addition, discuss problems and time constraints involved in getting the production fully operational, if it is not already. Also, discuss the economics of scale that will be necessary for most efficient operation and maximum productivity.

V. Marketing Strategy

There are several steps involved in the formation of a marketing strategy. First, an initial decision has to be made to sell in a particular market sector, which is based on the objectives of the business. Market research involves the gathering of information about the market. Even though there may be an enormous amount of information about the market, there may be significant gaps in information pertaining to activities, which are important to the business. Market research helps develop a plan of action to achieve the marketing objectives. The nature of the plan will depend on the firm's type of business and the extent of its potential involvement in the market. Finally, a decision must be made about how to penetrate the market. This may involve a simple, direct introduction of the product on the market, or it could consist of a series of tests on the market or segments of the market. Whichever method is used, it should be based on reasonable assumptions and knowledge of the market. The market analysis from section II should provide most of the information necessary for developing the overall strategy.

The basics of marketing are product, price, place (or distribution), and promotion -- the so-called four P's. All are integral parts of the marketing strategy. The beginning point is the product. The product must be chosen and a decision made about whether it will be standardized or adapted to various markets. Second, there is the pricing of the product, which includes several factors. One is the cost of the product, which sets a minimum price that can be charged. Among other factors, competition and demand must be considered in the price. Place (or distribution) involves decisions concerning distribution outlets -- wholesaling, retailing, and so forth. Promotion provides communication with various consumer markets. These are discussed in more detail below.

- A. Product: One of the most important problems in the marketing of the product is standardization vs. adaptation to local markets. Some products are more sensitive to market differences than others. For instance, a firm that produces hammers need only worry about how functional the hammer are, but newspaper publishers would be very concerned about who their readers are, their interests, and then design appropriately.
- B. Price: There are many ways of establishing price, but the most common is "average-cost pricing." This method consists of a summation of a firm's average fixed and variable costs for various levels of output. Interest payments are an example of fixed cost. Variable costs are those, which change when the output changes. The average cost per unit is the total fixed cost, plus the total variable cost, divided by the total units of output. Price is then determined by dividing total profits by the total units of output and adding it to average cost.
- C. Place (or Distribution): Place involves making products available in the right quantities and in the right locations when customers want them. Many activities are needed to provide place, the most important of which is distribution. There is physical distribution, which involves the transportation and storage of goods. This provides time and the utility of having the product available when the customer wants it. Place is provided, too, by the wholesale and retail outlets through which the product passes on to the customer. Intermediaries also provide a

place activity by bringing buyers and sellers together. Customer service is another activity of place and, of course, the activities must be managed and coordinated. The cost of transportation and storage can vary with the product. For instance, these costs would be relatively low for small electronic devices, but high for timber and large industrial items.

- D. Promotion: In some ways, promotion is probably the most important of the four P's, in that it is used to influence attitudes and behaviors. There are two principal methods of promotion: advertising and personal selling. The choice of the methods used depends on several factors. The nature of the product is one. Consumer goods that are sold in mass markets are likely to be promoted through advertising. Industrial goods, on the other hand, are much more specialized and more likely to be promoted through the company's sales force. There are advantages and disadvantage to each; advertising reaches a larger number of consumers in a short time, but personal sales contact is more flexible and can more directly influence opinion. Also, personal sales contacts have the advantage of immediate feedback.
- VI. Management Plan

- A. Form of Business Organization: The business organization can take several forms, such as: a sole proprietorship, a corporation, or a general or limited partnership. Choosing a form will depend on a number of considerations. The organizational structure should be designed to facilitate the purpose and operation of the business. Businesses with several functions may require several sub-directors or line directors, while others may require only one. It is important that organizational design considers the flow of information and decision making requirements. Too much or too little can have very negative effects on the operation and function of the business.
- B. Board of Directors: The board of directors could consist of members of the general business community such as bankers, developers, professionals in the community and others knowledgeable about business practices.
- C. Officers: An organization chart should be developed which clearly shows lines of authority. In addition, the responsibilities for each position should be provided in narrative form. This should be supported by position descriptions in the personnel files.
- D. Resumes of Key Personnel: Each of the key personnel must provide a personal resume. Resumes should be checked and verified before a position becomes permanent. Resumes, which do not indicate a strong background consistent with the position should be evaluated very carefully.
- E. Staffing Plan: A complete staffing plan should be developed which describes the number of employees different skills, and the skill levels required. Also, any on-the-job training programs or formal training programs (existing or proposed) should be described with timetables and expected results.
- F. Facilities Plan: Describe the physical plant improvements (buildings and equipment) required for the operations of the business (existing and proposed). Each facility should be described in terms of activities to be performed and where it fits in the process. Where facilities are to be modified or rehabilitated, an implementation schedule should be developed graphically with narrative describing all actions and how they are to be accomplished (describe resources and how they are to be used). Also, if major equipment purchases are to be made, describe the equipment and its use, and how the business will pay for and install it.
- G. Operating Plan: Describe the projected workload for the next one or two years. Any existing contracts should be described with a project time schedule for performance. Anticipated workloads also should be described as well as any seasonal or cyclical workloads, which are typical for the industry. These workloads should be projected with labor force levels to assure maximum productivity.

As part of the operating plan, an operating financial plan should be established which identifies

timely capital needs and expenditures.

VII. Financial Data

- A. Financial Statements: Where businesses already exist, financial statements, for the past three years if possible, should be provided, including the following:
1. Balance Sheet: A balance sheet represents a period of time where an account is taken of the total assets and liabilities of the company. The balance sheet is divided into two sides: on the left are shown assets and on the right are shown liabilities and stockholders' equity. Both sides are always in balance. In the assets column, all of the business's plus the stockholder's equity are listed.

The following example is listed:

Assets	Liabilities_____
Current Assets	Current Liabilities
Cash	Notes Payable - Bank
Marketable Securities	Notes Payable - Other
Accounts Receivable	Accounts Payable
Inventories	Accrued Expenses
Prepaid Expenses	Federal Income Tax Payable
	Current Portion Long Term Debt
Fixed Assets	Long Term Liabilities
Land	Long Term Debt
Buildings	Officer's Loans
Machinery	
Office Equipment	Stockholders' Equity
Less Accumulated Depreciation	Preferred Stock
Intangibles (Goodwill, Patents, Etc)	Common Stock
	Accumulated Retained Earnings

Total Assets = Total Liabilities Plus Net Worth

2. Profit and Loss Statement: This document provides a report over a period of time (usually a year) of how well (or poorly) the business performed and provides a statement of profits (or losses) for the period;

SAMPLE PROFIT AND LOSS STATEMENT

	Sales		Sales
Less:	Cost of Goods Sold	-	COGS
Equals:	Gross Profit		GP
Less:	Selling, General & Admin.	-	SGA
Equals:	Operating Profit	=	Opr. P
Less:	Officer Salaries	-	Off. Sal
Less:	Depreciation Expenses	-	Depr
Less:	Interest Expense	-	i
Less:	Occupancy Costs	-	Occ
Less:	Discretionary	-	Discrete
Equals:	Earnings before Tax	=	EBT
Less:	Taxes	-	TX
Equals:	Profit After Tax	=	PAT
	(Net profit, Net Income, Etc.)		

3. Cash Flow Statement:

Cash Flow is defined (in words, then symbols) as:

	Net Profit		PAT
+	Depreciation expense	+	Depr
+	Other Non-Cash Charges	+	NCC
=	Gross Funds Flow	=	G.F.
-	Operating Needs		
+	Operating Sources		
=	Cash Flow From Operations	=	Opr C.F.
-	Non-Operating Uses	-	NOPR
=	Cash Flow Available For Debt		
	Service	=	CFA
-	Debt Service	-	D/S
=	Net Cash Flow	=	NCF

Note: The above formats will be used to generate estimates of cash flow. These are simple formats only; your pro forma should include a specific breakdown of general categories such as "other income," "operating expenses," projections of earnings, profits, etcetera, which are relevant to demonstrating the feasibility of your project.

- B. Three-Year Financial Projections: All businesses expect profits, or at least to match expenses with revenues (except for nonprofit organizations where motives other than profit exist). Based on its knowledge of the industry and market, financial statements, financial projections (pro forma) should be made to determine how well the business can be expected to

perform.

Capital expenditures estimates should be identified and coordinated with the facilities plan and cash flow projections. These estimates will affect both the assets and liabilities of the balance sheet and debt service in the cash flow. It is important that these be scheduled in such a way as they do not conflict with other cash flow needs for operations.

The number of years that the projections are based upon will depend on the business and the needs of the analyst.

All projections should be supported by documentation and a narrative rationale. This should be consistent with the marketing research and business strategy.

C. Explanation of Use and Effect of New Funds: If new funds are being added to an existing business, explain how they will be used, and why they are necessary. Also, explain what effect they will have on an expansion of the business, increased efficiency, allow the business to take advantage of new opportunities, etcetera.

A Sources and Uses form has been provided to list where the new funds will come from and how they will be used. The form can be used to describe the sources that will be participating financially in the project.

Training Grant Assistance Agreement
Agreement Number _____

(This agreement template should be used for training grants)

A. PARTIES: The parties to this contract (***the Contract***) are (name of local government and address) (the City, Town, or County), and (name of assisted business or non-profit, and address) (the Contractor), tax identification number _____.

B. PURPOSE: The purpose of the Contract is for the Contractor to use \$_____ in Community Development Block Grant – Economic Development (CDBG-ED) grant funds for Job Training, to train up to (number) employees over a (number) month period beginning (date) and ending (date). The funding will help train the aforementioned workers in (description of type of worker training).

NOW, THEREFORE, in consideration of the mutual promises and covenants herein, the parties hereto agree as follows:

1. SCOPE AND DUTIES: The Contractor will engage in activities as set forth in the Contractor's Montana Department of Commerce's application, and in the Contractor's Hiring and Training Plan (*Attachment A*), including any written modifications resulting from the review of the application by the Montana Department of Commerce for grant assistance, all of which, by this reference are made a part hereof.

The scope of the Contract is for the Contractor to use \$_____ in CDBG-ED Job Training funds to train up to (number) employees over a (number) month period. The (City, Town, or County) will only release funds to reimburse eligible and documented training costs for an eligible employee, if the employee is compensated at a documented rate of \$xx.xx (required minimum amount for 2008) per hour including benefits.

The Contractor will submit status reports on project performance at the request of, and in the format prescribed by, the (City, Town, or County) and the Montana Department of Commerce. These reports include, but are not limited to:

- a) Project progress reports describing the status of the project with respect to each implementation objective, including at a minimum, the percentage complete, costs incurred, funds remaining and projected completion date. The report must also describe significant problems encountered, documented uses of matching funds and/or in-kind contributions and any necessary scope or implementation schedule modifications requested; and

- b) Unless otherwise specified, by the (City, Town, or County), the Contractor will submit quarterly progress reports to the (City, Town, or County) until the goals contained in the plan have been achieved, and the Contractor receives project closeout approval from the (City, Town, or County) and the Montana Department of Commerce.

The Montana Department of Commerce and the (City, Town, or County) must pre-approve any changes to these terms and conditions.

2. COMPENSATION & CONSIDERATION: The total amount to be awarded to the Contractor under the Contract will be up to \$5,000 per eligible employee for documented training costs reimbursement not to exceed a total of \$_____ dollars for the entire Contract. The Contractor will provide at least \$_____ in matching funds (cash and in-kind) consistent with the purposes expressed in the application during the period of the Contract. The Contractor may modify this budget only after having requested and received prior approval of the adjustment from the (City, Town, or County), and the Montana Department of Commerce.

The (City, Town or County's) and the Montana Department of Commerce's approval of the Request for Payment form will constitute approval of the budget adjustment. The rationale for budget adjustment must be described in the Project Progress Report and the proposed adjustments noted in the Request for Payment and Status of Funds Report submitted with draws against the Contract funding reserve.

- a) The (City, Town, or County) will authorize the Contractor to draw up to \$_____ against the funding reserved for the Contractor by the (City, Town, or County). In drawing against the reserved amount, the Contractor will follow the instructions supplied by the (City, Town, or County).
- b) If the (City, Town, or County) determines that the Contractor has failed to satisfactorily carry out the duties and responsibilities under the Contract, the (City, Town, or County) may revoke the Contractor's authority to draw against the reserved amount described herein until such time as the (City, Town, or County) and the Contractor agree on a plan to remedy the deficiency.
- c) The (City, Town, or County) reserves the right to withdraw a commitment for any CDBG-ED funds which remain un-disbursed at the end of the Contract period.
- d) Eligible training costs that may be reimbursable include the following:

1. Salaries of eligible employees during training activities;
 2. Salaries of in-house trainers during training activities involving eligible employees;
 3. Direct costs of training such as manuals, materials, supplies, tuition, prorated shares of consultant or training fees for related training; and,
 4. Domestic travel for training.
- e) Ineligible expenses include but are not necessarily limited to the following:
1. Foreign travel;
 2. Development of training curriculum and materials;
 3. Equipment, buildings or other fixed assets;
 4. Sectarian activities;
 5. Unionization;
 6. Displacement of current employees; and
 7. Relocation of any business or part of the business from another location involving loss of any employees at the original location will be considered a violation of the Contract and may, at the Department's discretion, prevent any further requests for funds.

The Contractor shall contact the (City, Town, or County) if the Contractor has any questions regarding costs eligible for reimbursement.

3. PERIOD OF CONTRACT: The Contract will be in effect for the period commencing (date) and ending (date) unless otherwise terminated by law or in compliance with the terms of the Contract.

4. LIAISON: The contact person for the (City, Town, or County) is (name, title, location), and (name, title, location), for the Contractor.

5. COMPLIANCE WITH WORKERS' COMPENSATION ACT: The Contractor is required to supply the (City, Town, or County) with proof of compliance with the Montana Workers' Compensation Act while performing work for the State of Montana. (Mont. Code Ann. §§ 39-71-120, 39-71-401, and 39-71-405.) Neither the Contractor nor its employees are employees of the State. The proof of insurance/exemption must be valid for the entire Contract period and must be received by the (City, Town, or County) within 5 working days of the Contractor's execution of the Contract.

CONTRACTS WILL NOT BE ISSUED TO CONTRACTORS WHO FAIL TO PROVIDE THE REQUIRED DOCUMENTATION WITHIN THE ALLOTTED TIME FRAME.

Coverage may be provided through a private carrier or through the State Compensation Insurance Fund (406) 444-6500. An exemption can be requested

through the Department of Labor and Industry, Employment Relations Division (406) 444-1446. Corporate officers must provide documentation of their exempt status.

6. DEBARMENT: The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in the Contract by any governmental department or agency. If the Contractor cannot certify this statement, attach a written explanation for review by the (City, Town, or County).

7. FAILURE TO HONOR CONTRACT: If the Contractor refuses or fails to deliver in accordance with the Contract terms and conditions, the State Procurement Bureau may, in its discretion, suspend the Contractor for a period of time from entering into any contracts with the State of Montana.

8. ACCESS AND RETENTION OF RECORDS: The Contractor agrees to provide the (City, Town, or County), the Montana Department of Commerce, Legislative Auditor, or their authorized agents, access to any records necessary to determine contract compliance (Mont. Code Ann. § 18-1-118). The Contractor agrees to create and retain records supporting the services rendered or supplies delivered for a period of three years after either the completion date of the Contract or the conclusion of any claim, litigation, or exception relating to the Contract taken by the State of Montana or third party.

9. TERMINATION OF CONTRACT: Unless otherwise stated, the (City, Town, or County) may, by written notice to the Contractor, terminate the contract in whole or in part at any time the Contractor fails to perform the Contract.

10. UNAVAILABILITY OF FUNDING: The (City, Town, or County) may, at its sole discretion, terminate or reduce the scope of the Contract if available funding is eliminated or reduced for any reason.

11. U.S. FUNDS: All prices and payments must be in U.S. dollars.

12. SECURITY: As security for the performance of this Agreement, Contractor will guarantee to the County/City/Town that in the event that Contractor does not make jobs available to low and moderate-income persons and cooperate in the documentation of job creation and income verification that the full amount of assistance provided under this agreement will be paid back to the County/City/Town.

13. DEFAULT: Failure on the part of either party to perform the provisions of the Contract constitutes default. Default may result in the pursuit of remedies for breach of contract, including but not limited to damages and specific performance.

14. CONFORMANCE WITH CONTRACT: No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the Contract shall be granted without prior written consent of the (City, Town, or County) and the Montana Department of Commerce. Supplies delivered which do not conform to the Contract terms, conditions, and specifications may be rejected and returned at the Contractor's expense.

15. VENUE: The Contract is governed by the laws of Montana. The parties agree that any litigation concerning the Contract must be brought in the (First, Second, etc.) Judicial District in and for the (appropriate County), State of Montana, and each party shall pay its own costs and attorney fees. (Mont. Code Ann. § 18-1-401.)

16. COMPLIANCE WITH LAWS: The Contractor must, in performance of work under the Contract, fully comply with all applicable federal, state, or local laws, rules and regulations, including the Montana Human Rights Act, the Civil Rights Act of 1964, the Age Discrimination Act of 1975, the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Any subletting or subcontracting by the Contractor subjects subcontractors to the same provision. In accordance with Mont. Code Ann. § 49-3-207, the Contractor agrees that the hiring of persons to perform the Contract will be made on the basis of merit and qualifications and there will be no discrimination based upon race, color, religion, creed, political ideas, sex, age, marital status, physical or mental disability, or national origin by the persons performing the Contract.

17. DISABILITY ACCOMMODATIONS: The (City, Town, or County) does not discriminate on the basis of disability in admission to, access to, or operations of its programs, services, or activities. Individuals, who need aids, alternative document formats, or services for effective communications or other disability-related accommodations in the programs and services offered, are invited to make their needs and preferences known to this office. Interested parties should provide as much advance notice as possible.

18. ASSIGNMENT, TRANSFER AND SUBCONTRACTING: The Contractor shall not assign, transfer or subcontract any portion of the Contract without the express written consent of the (City, Town, or County) and the Montana Department of Commerce. (Mont. Code Ann. § 18-4-141.)

19. MODIFICATION: The Contract may not be enlarged, modified, amended or altered except upon written agreement signed by all parties to the Contract.

20. NOTICE: All notices required under the provisions of the Contract must be in writing and delivered to the parties' liaisons either by regular mail or personal service.

21. SEPARABILITY: A declaration by any court, or any other binding legal source, that any provision of the Contract is illegal and void shall not affect the

legality and enforceability of any other provision of the Contract, unless the provisions are mutually dependent.

22. **HOLD HARMLESS AND INDEMNIFICATION:** The Contractor agrees to protect, defend, and save the Montana Department of Commerce, and the (City, Town, or County) elected and appointed officials, agents, and employees, while acting within the scope of their duties as such, harmless from and against all claims, demands, causes of action of any kind or character, including the cost of defense thereof, arising in favor of the Contractor's employees or third parties on account of bodily or personal injuries, death, or damage to property arising out of services performed or omissions of services or in any way resulting from the acts or omissions of the Contractor and/or its agents, employees, representatives, assigns, subcontractors, except the sole negligence of the State, under the Contract.

23. **REGISTRATION WITH SECRETARY OF STATE:** Any business intending to transact business in Montana must register with the Secretary of State. Businesses that are incorporated in another state or country, but which are conducting activity in Montana, must determine whether they are transacting business in Montana in accordance with Mont. Code Ann. §§ 35-1-1026 and 35-8-1001. Such businesses may want to obtain the guidance of their attorney or accountant to determine whether their activity is considered transacting business.

If businesses determine that they are transacting business in Montana, they must register with the Secretary of State and obtain a certificate of authority to demonstrate that they are in good standing in Montana. To obtain registration materials, call the Office of the Secretary of State at (406) 444-3665, or visit their website at <http://www.sos.state.mt.us>.

24. **TECHNOLOGY ACCESS FOR BLIND OR VISUALLY IMPAIRED:** Contractor acknowledges that no state funds may be expended for the purchase of information technology equipment and software for use by employees, program participants, or members of the public unless it provides blind or visually impaired individuals with access, including interactive use of the equipment and services, that is equivalent to that provided to individuals who are not blind or visually impaired. (Mont. Code Ann. § 18-5-603.) Contact the State Procurement Bureau at (406) 444-2575 for more information concerning non-visual access standards.

25. **REFERENCE TO CONTRACT:** The Contract number **MUST** appear on all invoices, packing lists, packages and correspondence pertaining to the Contract.

26. **INTEGRATION:** The Contract contains the entire agreement between the parties, and no statements, promises, or inducements of any kind made by either party, or the agents of either party, not contained herein are valid or binding.

Grant Assistance Agreement
Agreement Number _____

(This agreement template should be used for infrastructure grants, or non-profit grants)

A. PARTIES: The parties to this contract (**the Contract**) are (name of local government and address) (the City, Town, or County), and (name of assisted business or non-profit, and address) (the Contractor), tax identification number _____.

B. PURPOSE: The purpose of the Contract is for the Contractor to

(use \$ in Community Development Block Grant – Economic Development (CDBG-ED) grant funds for [name activity to be completed under agreement by the non-profit], or

(receive extension of water/sewer service [or other improvement] as a result of the CDBG-ED award to the City, Town or County).

NOW, THEREFORE, in consideration of the mutual promises and covenants herein, the parties hereto agree as follows:

1. SCOPE AND DUTIES: The Contractor will engage in activities as set forth in the Contractor's Montana Department of Commerce's application, and in the Contractor's Hiring and Training Plan (*Attachment A*), including any written modifications resulting from the review of the application by the Montana Department of Commerce for grant assistance, all of which, by this reference are made a part hereof.

The scope of the Contract is for the Contractor to (describe activity).

The Contractor will submit status reports on project performance at the request of, and in the format prescribed by, the (City, Town, or County) and the Montana Department of Commerce. These reports include, but are not limited to:

- a) Project progress reports describing the status of the project with respect to each implementation objective, including at a minimum, the percentage complete, costs incurred, funds remaining and projected completion date. Outline for a Preliminary Engineering Report for Community Development Block Grant - Economic Development Infrastructure Projects

I. The Preliminary Engineering Report (PER)

The Preliminary Engineering Report (PER) outline describes the minimum information that should be included the PER. The PER is submitted as part of an application to the Community Development Block Grant – Economic Development (CDBG-ED) program for an infrastructure project related to an economic development proposal. **The PER must be prepared by a professional engineer licensed to practice in Montana.**

The outline addresses planning requirements for water or wastewater infrastructure projects in support of an economic development project. Reports prepared in this format should meet the Montana Department of Environmental Quality (DEQ) planning requirements under the applicable Circular DEQ-1, DEQ-2 or DEQ-3.

The PER should provide the necessary explanation needed to understand the existing situation, analyze any alternatives, and propose a specific plan based upon the most reasonable solution. Sufficient information must be provided to adequately assess the need for the proposal, feasibility of doing the project, and what the projected costs would be.

The engineer should provide adequate documentation where noted, using technical supporting information (reports, studies, lab analyses, etc. as necessary). Engineers are encouraged to cite supporting technical information and summarize the data if appropriate, rather than attaching lengthy supporting technical information. If the information required by the PER outline is not provided, the application may be rejected or the CDBG-ED program may need to contact the applicant for additional information before the application review can continue.

Environmental resources that may be impacted by the proposed project must be identified and evaluated. This is accomplished by completing the *Full Environmental Checklist for CDBG Economic Development Projects*, analyzing the potential impacts of the project on the identified environmental resources in the PER, and requesting that several State and Federal agencies comment on the selected alternative in order to identify any specific concerns that they may

have about the proposed project. This process is explained in more detail in Chapter 2 of the CDBG Administration Manual.

II. PER OUTLINE

The following is a suggested outline that provides guidance regarding the type and level of detail under each of the required headings. It should be noted that the outline is by no means all-inclusive. The engineer should use judgment in presenting sufficient information in the preparation of the PER, taking into account that different systems require varying levels of detail. The level of effort required to prepare the report and the depth of analysis within the report should be proportional to the size and complexity of the proposed project.

Section II.B, is for an evaluation of existing facilities associated with the entire system. The intent of this requirement is not to force the unnecessary expenditure of time or money conducting a detailed engineering study and evaluation of system components not being replaced or improved as part of this project. However, in order for the CDBG-ED program to properly evaluate an application and make meaningful funding decisions, it is necessary for it to know the condition of the system, the improvements that have been made in the past, and how the proposal will affect the system. Drawings, schematics, and the level of detail required to convey this information is left to the professional judgment of the engineer preparing the PER.

The following basic outline represents the minimum information required to produce an acceptable PER:

A. Executive Summary

Provide a summary of why the engineering study was undertaken, a brief description of the basic needs or deficiencies of the system, a brief description of the alternatives considered, a brief description of the preferred alternative, the estimated total cost to construct the preferred alternative

B. Project Area Definition

1. Identify planning area and existing/potential service area

Using narrative and drawings, describe the area under consideration. The project planning area may be larger than the service area ultimately determined to be economically feasible. The description should include the following information:

a. Location – Indicate legal and natural boundaries, latitude and longitude, major obstacles, elevations, etc, using maps, photographs, and sketches of the planning area.

b. Physical Characteristics of the Area – Describe the physical character of the project area including geology, topography, soil types, groundwater, surface water, vegetation, etc. that may have an impact on the project costs, performance, simplicity, etc. or allow for a more complete understanding of the problem. Provide a copy of the USGS topographic quadrangle, FEMA floodplain map, wetlands inventory map, and USGS soil identification map in instances where maps have been published.

c. Environmental Resources Present – Provide information on the location and significance of important land resources, historic sites, endangered species/critical habitats, etc., using maps, photographs, studies and narrative. Generally discuss any potential environmental impacts that the project may have on the broad geographical area where the project is to be constructed. Attach any other exhibits, maps, or correspondence that may be applicable to help identify environmental resources present.

The information collected through the *Full Environmental Checklist for CDBG Economic Development Projects* is the basis for identifying the environmental resources in the area that may be affected. The checklist must be signed by a professional engineer and included as an attachment to the PER. If there has been a previous environmental assessment completed for the project area, please include a copy of the assessment in addition to the completed checklist.

At a minimum, state whether any of the following issues will or will not be potentially affected:

- Land use/formally classified lands – (farmland, range land, forestland)
- Biological resources
- Water resource Issues – (quality and quantity)
- Surface
- Groundwater
- 100/500 year floodplains
- Wetlands, including stream crossings
- Cultural resources
- Socio-economic/Environmental justice issues – If the proposed project will be located in a minority or low-income community, analyze if the location of the proposed project will have, or will be perceived to have, disproportionately high adverse human health or environmental effects to the community. If the project will have no disproportionate effects, this should be stated. If the project will have, or may be perceived to have disproportionately, high, or adverse human health, or environmental effects to the community, the analysis must include a description of the efforts made to include minority and low-income populations into the NEPA process.

d. Growth Areas and Population Trends – Identify specific areas of concentrated growth. Provide population projections for the project planning area and concentrated growth areas for the project design period. Base population projections on historical records or economic projections, citing recognized sources.

2. Evaluate condition of existing facilities

Describe the condition of the existing facilities. Note: Provide sufficient detail as necessary for the reviewer to understand the condition of all components of the system. The engineer should use judgment in presenting sufficient information in the preparation of the PER, taking into account that different systems require varying levels of detail. The level of effort required to prepare the report and the depth of analysis within the report should be proportional to the size and complexity of the proposed project.

a. Layout – Provide a layout for the existing system. The map should provide basic information on the location and size of the components in the system, especially in the case of distribution and collection mains.

b. History – Provide a brief history of the facilities, including when the system was constructed, major improvements and any past problems.

c. Analysis of Existing Facilities – Analyze the system to determine its present condition and ability to meet current and future standards. Are the existing central facilities suitable for continued use? Analyze the capacity for future growth. Justify statements regarding the condition of existing facilities by providing documentation as necessary, and citing the source of information.

C. Describe and document the need for the project and identify any problems to be solved

The engineer should use judgment in presenting sufficient information in the preparation of the PER, taking into account that different systems require varying levels of detail. The level of effort required to prepare the report and the depth of analysis within the report should be proportional to the size and complexity of the proposed project.

1. Health and Safety – Describe concerns, compliance issues, and relevant regulations. Attach correspondence to/from federal, and state regulatory agencies and documentation such as violation of discharge permits, notice of violations, administrative orders, or boil orders.

2. System O&M – Discuss operational, administrative and management capacity.
3. Growth – Describe the system capacity that is necessary to meet needs during the planning period. Discuss any consideration given to designing for phased construction. Provide number of new users to be served by this project.
4. Unresolved Problems – Describe any of the problems identified above that are not to be addressed and the reasons for not addressing them. Discuss phasing if applicable.

D. General Design Requirements for Improvements

Describe the general design requirements that will need to be met such as Design Standards for Water Works, regulatory requirements and permits, source(s) of water supply, water protection, water use/demand data, treatment, pumping, transmission/distribution, storage, water meters/conservation, design flows, etc

III. ALTERNATIVE SOLUTIONS

Describe all available alternatives to the proposed project if any, including a no action alternative.

A. Cost Summary for the Preferred Alternative.

Provide an itemized estimate of the project administration and construction costs based on the anticipated period of construction. Include administrative line items such as personnel, office costs, training, legal services, interim interest, bond services, audit costs and other costs associated with the proposed project. Include construction line items for preliminary engineering, engineering design services, construction management, construction costs, land purchase costs, and contingency.

VI. RECOMMENDATIONS AND IMPLEMENTATION

A. Funding Strategy. Describe the proposed funding strategy and resultant user costs.

B. Implementation. Describe how the project will be implemented and any special concerns regarding implementation. Provide a project schedule. Include as part of the schedule the time line for obtaining all project funding. Identify any items that have the potential to delay or prevent the project from going forward.

C. Public Participation. Describe any public participation, meetings, hearings, or comments received from the public about the PER, environmental concerns, or the proposed project in general. Include minutes of meetings, copies of sign-in sheets, and proof of advertisement.

APPENDIX W

PRELIMINARY ARCHITECTURAL REPORT FOR NEW CONSTRUCTION OR REHABILITATION OF EXISTING BUILDINGS

The Preliminary Architectural Report (PAR) is submitted as part of your CDBG-ED application for new construction or rehabilitation of an existing building. The outline presented on the following pages describes the common items necessary to produce the PAR. **The PAR must be prepared by a professional architect licensed to practice in the State of Montana.**

The PAR should adequately describe the existing situation and problem, analyze alternatives and propose a specific course of action. Sufficient information must be provided to adequately assess the need for, feasibility, and cost of the project.

The outline is by no means all-inclusive. The architect should use his or her professional judgment to present sufficient information during preparation of the PAR, taking into account that different projects require varying levels of detail.

The level of effort required to prepare the report and the depth of analysis within the report should be proportional to the size and complexity of the proposed project. The architect should provide appropriate documentation wherever possible to support the analysis and the proposal.

If the PAR does not provide required information, or enough information in order for the Loan Review Committee to make a reasonable decision, the application process may be delayed.

Environmental Considerations

All state and federally funded projects are subject to either the Montana Environmental Policy Act (MEPA) or National Environmental Policy Act of 1969 (NEPA), or both. MEPA seeks to avoid or mitigate adverse impacts on the natural and human environment by mandating careful consideration of the potential impacts of any development assisted with state funds or approved by a state agency. NEPA establishes national policy, goals, and procedures for protecting, restoring, and enhancing environmental quality.

Both laws seek to avoid adverse impacts on the environment by mandating careful consideration of the potential impacts of any development assisted with federal funds or approved by state agency. In order to avoid delays, adding significantly to project costs, or even preventing a project from being carried out, all applicants to state or federal infrastructure funding programs must consider potential environmental impacts during the project planning. As a result, local officials will be able to make better decisions by carefully considering the potential environmental consequences of projects and the actions that will be required to mitigate any adverse consequences.

The CDBG-ED program has requirements related to the environmental review process, the selection of the preferred alternative, and adoption of the preliminary architectural report. Applicants should contact CDBG-ED staff to ensure that program requirements will be met.

Preliminary Architectural Report Outline

I. Problem Definition

A. *Identify the planning area and existing or potential location of the facility.* *Using narrative and drawings, describe the area(s) under consideration. The description should include the following information:*

1. **Location** - Indicate legal and natural boundaries, major obstacles, etc. using maps, photographs, and sketches of the planning area or alternative sites, as applicable.
2. **Environmental Resources Present** - Provide information on the location and significance of important land resources (farmland, range land, forestland, wetlands, and 100 year floodplains, including stream crossings), historic sites, endangered species or critical habitats, etc., using maps, photographs, studies and narrative, as applicable.
3. **Growth Areas and Projected Population Trends** - Identify specific areas of concentrated growth. Provide population projections for the project planning area and concentrated growth areas for the project design period. Base population projections on historical records, or economic projections, citing recognized sources.

B. *Evaluate the condition of existing facilities.* Describe the existing facilities including at least the following information:

1. **Layout of The Existing Facility** - Provide a floor plan for the existing structure(s). Illustrate current space occupied and proposed space requirements.
2. **History** - Provide a brief history of the facilities, including when the system was constructed, major improvements and any past problems.
3. **Condition of Facilities** - *Describe present condition, capacity, and if there are existing facilities suitable for continued use.*

4. Evaluate Presence of Lead-based Paint and Asbestos -

If the project is related to housing, provide a full evaluation of the presence of lead-based paint and asbestos when existing facilities are being considered.

5. Financial Status of Facilities - Provide information regarding annual operation and maintenance (O&M) costs, tabulation of users, and revenue received for the last three fiscal years. Give status of existing debts associated with the facility.

C. Describe and document the need for the project and the problems to be solved. Describe the need for the project according to the following criteria:

1. **Health and Safety** - Describe concerns, compliance issues, and relevant regulations such as the Uniform Building Code, zoning ordinances, asbestos, lead-based paint, and other federal, state, local, or tribal requirements. Attach pertinent correspondence to/from appropriate federal and state regulatory agencies.

2. **Facility O&M** - Describe O&M concerns with an emphasis on those with the greatest financial and operational impact. Discuss operational, administrative and management capacity.

3. **Growth** - Describe the facility capacity necessary to meet projected needs during the planning period. Discuss any potential for future expansion, if applicable, or any consideration given to designing for phased construction. Provide number of current and projected new users to be served by this project.

II. Alternative Analysis

A. Description. Describe each alternative site, i.e. existing buildings with potential for rehabilitation or alteration, or alternative building sites.

1. **Existing Buildings** - Describe existing buildings within the community that could be modified to accommodate the proposed facility, deficiencies with each, code compliance issues, floor space, handicapped accessibility, potential for expansion, as applicable.

2. **Building Sites** - If proposing new construction, describe alternative building sites available for new construction, any existing structures on the site(s), potential for expansion, proximity to other services, etc.

- B. *Regulatory Compliance and Permits.*** Describe compliance with appropriate regulations such as Uniform Building Code, zoning issues, [asbestos, lead-based paint](#), permits, handicapped accessibility, and other federal state, local or tribal requirements.
- C. *Land Acquisition.*** Identify sites and easements required, if applicable. Specify whether these properties are currently owned, to be acquired or leased, and whether options have been obtained, contingent upon receipt of funding.
- D. *Environmental Considerations.*** For the alternative selected for the project, discuss the following:
1. ***Affected Environmental Consequences*** - Describe and document the environmental resources of the area to be affected (see the *Full Environmental Checklist*). The checklist must be attached as part of this report. If there has been a previous environmental assessment completed for the project area, please include a copy of the assessment in addition to the completed checklist. Identify each environmental resource that will be affected, as applicable.
 2. ***Mitigation*** - Evaluate appropriate short and long-term measures to mitigate each potentially adverse impact. Describe the mitigation measure(s) necessary to minimize adverse impacts upon identified environmental resources. [Projects contemplating the renovation of existing structures should thoroughly discuss mitigation measures to address asbestos and lead-based paint, where identified, in accordance with federal and state requirements.](#)
 3. ***Correspondence*** - Include any environmentally related correspondence and agency comments as required by the Environmental Checklist, e.g., the State Historic Preservation Office (SHPO).
 4. ***Exhibits/Maps*** - Include any exhibits, maps, or drawings as applicable to describe potential environmental impacts.
- E. *Construction Problems.*** Discuss unique concerns such as geological constraints, limited access, underground storage tanks, high water table, [asbestos, lead-based paint](#), contaminated soil, noise, odors, or other conditions that may affect cost of construction or operation of the facility.
- F. *Cost Estimates.*** Include both:
1. ***Project Costs*** (i.e., administrative, financial, engineering, architecture, and construction costs.)

Deleted: <#>¶

2. **Projected Annual Operation and Maintenance (O&M) Costs**

III. **Selection of Preferred Alternative**

- A. ***Basis of the selection of the preferred alternative.*** Provide an analysis of why the preferred alternative was selected over other alternatives.
- B. ***Site location and characteristics.*** Discuss the site location of any current or proposed facilities, and describe the characteristics of the site(s).
- C. ***Preliminary Architectural Plans.*** Provide preliminary architectural plans (including a proposed floor plan) for the proposed facility.
- D. ***Operational requirements.*** Discuss the expertise required to operate the facility and any unique operational requirements of the facility.
- E. ***Impact on existing facilities.***
- F. ***Design.*** Describe design issues for this project, such as the location of the facility, cost effectiveness, technical feasibility, local resources and suppliers, etc.
- G. ***Cost summary***
 - 1. **Project Cost Estimate** - Provide an itemized estimate of the project cost based on the anticipated period of construction. Include administrative, development and construction, land and rights, legal, engineering, interest, equipment, contingencies, refinancing, and other costs associated with the proposed project.
 - 2. **Annual Operating Budget** -
 - a. **Income** - Project income realistically. Base projections on likely revenues, membership dues, subsidies, etc.
 - b. **O&M Costs** - Project costs realistically. In the absence of other reliable data, base projections on actual costs of other existing facilities of similar size and complexity. Include facts to substantiate O&M costs estimates. Include salaries, wages, taxes, accounting, auditing fees, legal fees, interest, utilities, insurance, fuel, repairs and maintenance, supplies, chemicals, office supplies, printing, medical supplies and/or equipment, and miscellaneous expenses.

- c. **Capital Improvements** - Describe annual costs of purchasing or replacing equipment necessary to the function of the facility.
 - d. **Debt Repayments** - Describe existing and proposed project financing from all sources, and any effect on facility user fees, including any debt coverage requirements.
- H. ***Public Participation.*** Describe any public participation, meetings, hearings, or comments received from the public about the PAR or proposed project.
- IV. ***Conclusions and Recommendations.***
Provide any additional findings and recommendations that should be considered in the evaluation of this project.
